WISDOM TEACHINGS FROM ARCHANGEL MICHAEL ** JANUARY 2021

RONNA VEZANE * SACRED SCRIBE

LAW OF THE CIRCLE * LAW OF THE TRIANGLE

THE CIRCLE REPRESENTS UNITY * COMPLETION

THE TRIANGLE REPRESENTS CREATION * BUILDING * BECOMING

THE INFINITY SIGN REPRESENTS THE NEVER-ENDING FLOW OF DIVINE LIGHT.

Beloved masters, you have been living in an unreal world: a world of illusion whereby the truth

has been distorted, altered and even deleted in order to take away your God-given powers and keep

you captive in a “reality” of fear, struggle and deprivation.

The Creator’s master plan for this Universe is stored away within your Sacred Mind, and the key to the wisdom of the Ages and the ability to once again become a master cocreator on the Earth

plane is stored within your Sacred Heart. That is why we have emphasized so often the importance of

removing the protective shield you placed over your Solar Heart Center eons ago so that you would

not feel so much emotional distress.

What you were not aware of is that by doing so your radiance was greatly diminished, for the

inflow and outflow of Divine Creator Light from your Sacred Heart Center was also greatly decreased.

As a result, you could no longer activate the Adamantine Particles of Creator Light with pure loving

intent from within your Sacred Heart. Thereafter, you had only the half-spectrum Primal Life Force

Substance to work with. Your Three-fold Flame could no longer blaze forth; therefore, your cocreative

abilities to manifest were also diminished, and thus began the struggle to tap into and use your

Divinely bestowed attributes and talents.

You are in an era of great reversal, rectification and expansion, whereby you are being

given an opportunity to harmonize all the negativity you have personally created along with the

inequities that were forced upon you. We have explained that when you, the StarSeed, began your

journey out into the great void and the unmanifested Universe, elaborate plans for the pathway back

into the refined realms of Light were made and put-on hold until the appropriate time and certain

conditions were met.

That time has arrived, and the plan was activated in the early 1980's of Earth time. As you are aware, every phase of life for humanity and the Earth has radically changed in the last thirty years. Beloveds, be aware that what has occurred in the recent past is only the beginning of even greater changes, and we are endeavoring to give you techniques, advanced information and teachings, along with every opportunity to traverse the waves of change with ease and grace.

We have explained briefly, in several ways, how you refracted into smaller Facets your Divine

White Fire Seed Atom of God Consciousness to prepare you for your journey into the denser, reduced-

frequency, lower-Dimensional realms of existence. When you answered the Clarion Call and agreed

to be a part of the experiment in duality and polarity within the Sub-Universal experience, we have

also discussed how each Fragment of your Divinity then separated into two Sparks of Light, one with

feminine attributes and the other with masculine characteristics.

Each one of those profound separations was accomplished within a small Pyramid of Light created expressly for that purpose. The master plan was fail-proof; for each time you divided your

Essence, you left an etheric replica waiting for the time of reunification within one of the small

pyramids of Light. These Personal Pyramids are scattered throughout the Universe in every

Dimension and many of the Sub-Dimensions.

Our Father/Mother God, the Elohim / Builders of Form, and the Archangels have created living

Pyramids of Light within every level of Creation so that you could gain access to the building blocks of

life. These life-giving forms give access to the frequencies of Light which are necessary components

of transformation so that you, as human Beings, can return to a state of higher consciousness—your

Divine state.

You are now in the process of reclaiming all the multiple Facets of your Soul Self within the

Third and Fourth Dimensions so that you may move forward to a greater, more dynamic and

expansive version of your Higher Self within a Fifth-Dimensional environment. To assist you in

accomplishing this, your Diamond Core God Cell and your personal Flower of Life Creator Wheel

contain a full measure of the Twelve Rays of God Consciousness for this Sub-universal experience.

They were designed so that when you were ready to begin the return journey into the higher levels of

consciousness, you would have access to your own FULL SPECTRUM DIVINITY. Your task is to

activate these Rays, to incorporate the God qualities and attributes they contain, and then to use

these qualities and attributes for the greatest good. There is still much confusion as to what the Soul

is, how it functions, and where it resides. It is vital that you understand the intricate process of

reconnecting with the many Facets of your Higher Self. It is also important that you gain clarity about

the more in-depth teachings we have given you regarding the multiple Higher Self Fragments (you

have many, not just one) and the process for incorporating these multiple Facets of Self.

The Law of the Circle has been initiated throughout this Universe, and the energetic impact of

this grand Supreme Creator Seed Thought is now operating in full force. The time of expansion for

this phase of Creation has come to a close, and the current phase of the cycle entails the Creator

sending forth ITS Essence to incorporate ALL that has been created during this particular cycle of

expansion. It is a merge of all the balanced, manifested Essence of Creation so that the Supreme

Creator, the Cocreator Gods and Goddesses throughout this Sub-Universe, and all the Great Beings

of Light can KNOW and EXPERIENCE all that they have created. You have heard the saying many

times, "As above, so below," and this is an important truth to remember. Just as you are reclaiming

all the Facets of your Divinity, the same reunification process is occurring from the Supreme Creator

Source.

The information we have given to assist you in reclaiming your cocreative abilities is a microcosmic duplication of the creative process throughout the Omniverse. First, you must gain the

ability to draw forth the Full Spectrum Metatronic Light / Life Force of this Universe called Adamantine

Particles, which is radiated forth into the River of Life from the Heart Core of our Father/Mother God.

It becomes accessible when your Energetic Signature is attuned to the mid-Fourth-Dimensional level

and higher.

In order to take advantage of this Divine gift, you must understand and apply the Universal Laws of Manifestation, and you must activate the Adamantine Particles of Light with your pure

intention before this Essence of Light can be activated and flow forth out into the world. To speed up

the process, it is important that you have created your own personal Creator Wheel / Flower of Life

circle around you, and you have filled it with your carefully planned grand design for the future.

Thereafter, via the Infinity Breath, your focused intention and deliberate actions, the process of

manifestation in the material world is greatly accelerated.

The ebb and flow of Creation is never-ending. There is a Still Point pause while the Seed

Thoughts are being formed and coalesced, and the Essence of Life is activated within the mind and

heart of the Creator and at every level of Creation, down to you, a human cocreator on planet Earth.

This is accomplished by infusing and activating the Seed Thoughts with unconditional love. The Seed

Thoughts are then breathed out into the void to be manifested in the world of form. This process

continues through each great cycle until it is time for the return and reunion process to begin. All

Creation is in the process of being incorporated into the grand Creator Circle of Divine Light in

anticipation of the next great Still Point pause, and the next momentous cycle of expansion. This

process is repeated over and over again at every level of Creation within this Universe.

You are in the midst of a cosmic reunion process, my brave friends, and you will evolve in due

time, in one way or another. You must be aware that this transformation process is a long and

complex cycle; however, it can be a grand journey if you will take advantage of the wisdom teachings

and the tools we are offering to you. The LAW OF THE CIRCLE states that every new creative

endeavor must begin from within the Still Point of Will and Power, the Core Essence of the Creator

and each cocreator.

The LAW OF THE TRIANGLE is another important component of Creation. You are familiar with

the Trinity concept from your Bible: Father, Son and Holy Spirit, which in actuality is the Masculine

Facet of God, the First Ray of Divine Will and Power. The Holy Spirit is the Mother Aspect of God

whose Cosmic Womb has been infused with the Seed Thoughts – Adamantine Particles – from the

mind of the Father God. The Seed Thoughts are activated with the Second Ray of Love/ Wisdom from

within the Heart Core of the Mother God, and then radiated forth out into the Universe via the River of

Life, to be used by the Suns (Paradise Sons and Daughters) through the qualities, attributes and

aspects of the Third Ray to create worlds and wondrous things without end.

The pyramidal form, either three or four-sided, is the method whereby you access and gain entrance into the higher Dimensions of Light. The higher realms function within a three-fold balance, a

Trinity of power, the Sacred Fire of Creation. The four-sided pyramid is representative of duality

within the Third- and Fourth-Dimensional realms of existence.

The Power of the Trinity has been a driving force throughout this Universe. AA Metatron,

Lord Melchizedek and I, Archangel Michael, have been given the privilege to form a Trinity of

Consciousness within this Universal level. We bear and RAY-DIATE the Divine Light * Divine Wisdom

* Divine Will aspects and qualities of our Father/Mother God out into this Universe. The Trinity of

Consciousness is an important component of the creative process, for you must use the attributes,

qualities and aspects of all three powerful God Rays if you wish to become a successful, proficient

cocreator of form at any level of Creation.

You, the StarSeed, have joined with many groups, large and small, throughout the Universe, and you have accepted special assignments which were to be carried out as a group in various

locations and at specific times. We have mentioned before that you have been encoded with time or

event triggers – Memory Seed Atoms – within your Diamond Core God Cell, which have been or will

be activated at the designated time, or when a specific part of the Grand Plan is to be initiated. You

have been a part of many Trinity Cell Seed Atoms, which consisted of special assignments of the

highest order. These Triads are usually composed of close Soul companions, or Souls who have had

many special assignments together in the past and will also come together in the future. Groups of

three, nine and twelve are joining together more and more often during these times of reunion, and

this will occur even more often in the future.

Are you ready to expand your vision beyond your private little world or microcosmic reality?

Are you ready and willing to accept the truth that you affect everyone and everything within this

Universe, to one degree or another, and that everyone on Earth and in every other realm also affect

you? We ask each of you, “Are you ready to use the wondrous gifts that are your Divine Birthright? What will be your legacy to humanity and the world?”

Reach for the stars, beloveds, for there is no limit to what you can manifest when your visions

are in harmony with the Divine Plan for the greatest good of all. Call on us and we will assist you in

bolstering your resolve. Know that we are ever near to inspire, guide and protect you, and to radiate

**to you the love of our Father/Mother God. I AM Archangel Michael.

RADIATING ADAMANTINE PARTICLES INTO

THE MANY PYRAMIDS OF LIGHT YOU HAVE CREATED

RONNA / SACRED SCRIBE

WE NOW OFFER YOU A PRECIOUS GIFT. AS A WORLD SERVER,

WE ASK YOU TO SHARE THIS BLESSING WITH THE WORLD.

If you are willing, before you fall asleep, go into your personal pyramid of Light. Lie on your crystal table, where there is an Etheric Replica of your Soul/Higher Self. Envision a stream of Light

flowing from your Personal Pyramid upward into the World Pyramid. Follow that stream of Light and

envision another Etheric Replica of your Soul Self in your personal crystal chair within the World

Pyramid. These Etheric Replicas of yourself will, henceforth, remain in place so that the flow of Creator

Light can flow freely back and forth between the different Pyramids you have created. There will also be

a smaller stream of Light that will radiate a small fraction of the Sixth-Dimensional frequencies into your

Personal Pyramid, if you have connected with the higher-Dimensional City of Light in your area, via the

meditations Archangel Michael has given us. There is also a stream of Light, which flows from your

Personal Pyramid of Light down into your physical vessel, so that you are constantly receiving a flow of

Creator Light / Adamantine Particles. You will also be sharing the Light you have activated with your

loving intention, your sacred breathing techniques and your affirmations. This is true tithing, dear

friends. What greater gift could we give than to share our God Light with others?

AFFIRMATION: I AM MADE OF PURE GOD SUBSTANCE. I EMBODY AND RADIATE THE ESSENCE OF

OUR FATHER / MOTHER GOD. SO BE IT! SO IT IS! Angel blessings, Ronna

***FIFTH-DIMENSIONAL LIGHT QUARTZ CRYSTALS AND THE NEW DIVINE BLUEPRINT VOGEL-

CUT CRYSTALS ARE AWAITING THE OWNER TO IGNITE THE SACRED PROPERTIES WITHIN THE

CRYSTAL THEY ARE DRAWN TO CLAIM AS THEIR OWN.

“Beloveds, use these precious, solidified fragments of Light to enhance your latent extra-sensory abilities and to strengthen your connection with your Higher Self, and eventually your magnificent God Seed Atom. They are your companions on this journey of ascension into the

realms of Light.

“In the past, we have explained how, as the Earth was formed and made ready for human inhabitation, there were gigantic crystalline spires of Living Light implanted deep within the Earth

that also extended high into the skies above ground. These sentient spires, which surrounded the

world, were the receivers and senders of the sacred geometric codes of Light from the Great Central Sun, and the energetic codes/frequencies of the Earth were then radiated back into the

higher realms so that the great Beings of Light could monitor the progress of Earth and humanity.

These magnificent pillars of Light were also used to modify and refine the Divine Blueprint and the frequencies of Light which were being sent forth onto the Earth and throughout the grid

system. When the Earth fell into the density of the Third/Fourth Dimensions, there was a dramatic increase of cataclysmic events whereby most of these great spires were broken, shattered and buried deep within the earth. Only a few of these magnificent sentinels remain;

however, they are disguised by a cover of plant material or layers of soil and rock.

These wondrous crystal friends that are returning to you during this miraculous Age of transformation are fragments of those great spires. Is it any wonder that they are becoming so

precious to you as they help you retrieve some of the wondrous memories of your ancient past

and create visions of your home among the stars?”

THE NEW DIVINE BLUEPRINT VOGEL-CUT CRYSTALS ARE MASTER MAGNIFIERS. Your VOGEL

CRYSTAL will enhance and magnify your positive thoughts and the vibrational patterns you project, and it

will also unify and enhance the power of your other crystals, for it will create a harmonious interaction

between all your crystals. Attune to your Vogel-cut crystal when you receive it via the Infinity Breath and

your intention, and then place all your other crystals closely around it so they are all touching. After saying

some appropriate affirmations, do a series of Infinity Breaths and blow on the crystals on each out-breath.

You and your crystals will then be connected by RAY-diating streams of God-Light containing your New

Divine Blueprint for the Aquarian Age. \$35.00 plus S & H ** STAR*QUEST **

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL ** FEBRUARY 2021

RONNA / SACRED SCRIBE

****TAKING CONTROL OF YOUR DESTINY****

Beloved masters, you are currently in the process of integrating the next appropriate level of Creator

Light with the assistance of your OverSoul intelligence. Connecting with and integrating the many Facets

of your Fifth-Dimensional Self will ultimately result in a new biological Blueprint of Creation.

Your Divine Birthright includes all the gifts, talents, attributes and virtues of Creation. They are free,

yours for the taking. However, you must perfect them through your own efforts, and then share your

integrated wisdom with those on the Path behind you. The wise ones, the masters of the Earth, and the

initiates on the Path have spent countless time and effort to bring forth their talents, and to gain the

wisdom they share with everyone who is a seeker of wisdom. Their mission is to make the journey or

the task of gaining Self-mastery easier for humanity, and they deserve remuneration for their efforts.

There must always be an abundance exchange of some kind for services rendered. You are to

put forth the time and effort to share your wisdom with others, or in some way compensate those who

pave the way for you by supplying you with the advanced wisdom teachings of the higher realms. You

must strive to lift your ideas and goals to the highest frequencies possible, thereby making them refined

ideals which will benefit all humanity.

The awakening process entails moving through the many levels of the emotional Astral Plane. Your

goal is to center yourself within the higher Mental Plane of consciousness. As his or her consciousness,

wisdom and Light increase, a disciple's perspective gradually expands to include his or her personal

world environment, along with the physical family obligations and responsibilities. Gradually, the

aspirant's influence increases, as does his or her potential to become a World Server.

It takes constant and deliberate effort to tame the ego, and to gain the knowledge and expertise required

to become a World Server. You must be an outstanding example, and also have the ability to excite

and stimulate desire for spiritual wisdom, in order to serve humanity as a guiding Light. An en-Lighten-

ed teacher offers the truth as it has been revealed, and also the opportunity for their students to accept

or reject the teachings.

So many of you are having difficulty in discovering your mission or your passion, and so you drift

through your days in inertia. You continue to do nothing, making no attempt whatsoever to initiate

positive changes in your life. Not everyone is meant to teach the masses or become a world figure. It is

those of you who are quietly going about your daily duties, as you make small steady improvements

within yourselves while radiating the Love/Light of Creation down into the Earth and out into the world,

who are making the most dramatic impact on the earthly negative environment. We are seeking World

Servers at a grass-roots level. Each and every one of you is needed to help lift and refine the collective consciousness of the masses.

As you go through the trials, tests and challenges of transformation, we wish to offer encouragement to

those of you who are feeling helpless, and fear there is no way out of the dilemma in which you find

yourselves. Won't you open your minds to the possibility that there is help available from the realms of

Godly existence, that there is a new way of thinking, and a more refined way of living available to you?

-2-

You pray and often beg in desperation for assistance; however, if it does not come in a form you are

comfortable with, you deny and reject it. Prayers are always answered; however, the answer is

sometimes “NO,” if you are asking for something that isn’t in alignment with your spiritual destiny.

Prayers asking for the greatest good manifest as miracles large and small, and open the path for a life

of ease and grace.

Prayers of the ego desire-body are answered by allowing you to seek your own solutions, which are

manifested from your misconceptions and inappropriate actions. The lessons of life are learned by

experiencing what you have created. The ego attracts disharmony and dissatisfaction, and it causes

the seeker to look outside of Self for solutions and gratification. You must learn to pray with the purity

of your heart and with intentions of the highest order. As you raise your Light quotient, you will increase

the magnetic attraction of the heart. You must learn to receive the abundance bestowed upon you with

thanksgiving and a grateful heart.

Why not start your Mission Statement by listing the negative things in your life you would like to

change? Begin with several small changes in your life, and remember, you must begin with yourself.

We assure you that if you make a concerted effort and use the tools we have given you, you will begin

to see dramatic changes in your life. We ask you to put us to the test. With an open mind, study some

of the basic concepts we have given, and slowly but faithfully, implement into your daily life those that

you resonate with most strongly. Give us permission to guide and inspire you, and by doing so, you will

have the forces of Heaven behind you. You can only fail if you give up, beloveds.

Time is of the essence, for it is very apparent that the fear and anger of the masses, the power of the

forces of nature, and the Earth changes and cleansing are accelerating and increasing in intensity every

day. There is an intense polarization building between the various factions, not just in isolated places

around the world, but in every country, involving every race, culture, religion and political affiliation.

We have told you that the chasm between the Light and the shadowlands is widening, and it is very

apparent from both a lofty and Earthly viewpoint. We clearly see the areas that are being bathed in the

Living Light, thanks to you, the faithful Sentinels of Light. We also see the swirling whirlwinds of

negativity and chaos building in a multitude of countries, provinces, cities, towns, neighborhoods and

even among families around the world.

If you are caught up in the rhetoric of the worldwide news media, you cannot help but be aware that

there is a feeding frenzy of negativity being spewed out into the airways and consciousness of those

who are receptive to the distorted messages of sensationalism and separation. Fear of deprivation,

anger at rulers, leaders and the government, and an indignant sense of entitlement to goods and

services, without personal responsibility, are symptomatic of the intense fear of change that is taking

place within every area of the world and within the human consciousness.

It is time for the next step in the Ascension process to begin, and many of the advanced aspirants on

the Path are already becoming proficient and engrossed in the procedures. At this time, there is no

question that those who are in any way advanced in spiritual consciousness are having their

-3-

awakening and evolution process hastened as never before in the history of the world. This is so they

may act as transmitters and interpreters of Universal Law and Cosmic Truth.

You, the aspirants on the Path, are becoming proficient at building and using multiple Pyramids of Light

/ Power in the Fifth Dimension, as you slowly but surely become acclimated to a lower Fifth-Dimensional

environment. You have opened the pathways to the Cities of Light so that you may gradually incorporate

higher and more refined frequencies of Light. You are also preparing yourselves to interact on a regular

basis with the many Facets of your Higher Self and the great Beings of Light.

The call of reunification is beginning for many of you, whereby your higher frequency Soul Song is

reaching various Facets of your OverSoul/Higher Self. As you refine your vibrational patterns and your

Energetic Signature reaches a certain level of harmony, your Soul Song will begin to reverberate

throughout the higher Fourth and into the lower Fifth Dimensions.

As you study and delve into the mysteries of Cosmic Truth, you will build a reservoir of knowledge that

you can draw upon when needed. Also, as you gain more access to your Sacred Mind, it will seem as

if you have tapped into a Cosmic source of information. However, in the beginning, it will be your own

ancient, extensive past that has been made available to you. You will become increasingly sensitive to

ideas, concepts and complex information, and you will gain the ability to tap into this rich storehouse of

information at will.

It is also time for an amazing transfer of wisdom and historical experiences for those of you who are in

the final stages of returning to balance and harmony within the higher frequency levels of the Fourth

Dimension. At the appropriate time, you are programmed to exchange Memory Seed Atoms of

Consciousness with some of your Higher Self Soul Fragments. Each of you will be gifted with some of

the unique higher frequency experiences your Soul Sparks have experienced, and you will gift them with

yours. This is all a part of the Ascension process that is now in progress.

For some of you this information will be confusing; however, many of you are experiencing this process

in varying degrees during your nightly sojourns or in meditation. Therefore, we wish to give you a basic

understanding of what is taking place at the various levels of Ascension.

As you evolve and become skillful at sharing your wisdom with others, you will become increasingly

sensitive to the subtle messages, concepts and ideas from your guides, teachers, angelic helpers, and

the en-Lighten-ed masters from the higher realms. When you have turned the information you have

garnered into wisdom, and have become a living example of each new, advanced level of

consciousness, you will then be qualified to teach the concepts to others. You must experience that

which you teach and become a shining example, which is the most effective way to get the attention of

others.

Remember, my brave ones, in every era and major cycle, Cosmic Wisdom and Divine Truth are

made available to those with open minds and loving hearts. Submission to the Will of our Father/Mother

God means adherence to the Universal Laws as they are revealed to you. A Self-master always strives

to make the highest choices, has a burning desire to serve others, and is always responsible for their

own actions.

A true channel of Power and Light in the material world is a conscious embodiment of divinity—

a custodian of Divine Principle.

Call on us and allow us to Light the way as you journey forth into the future. You are loved most

profoundly. I AM Archangel Michael. TRANSMITTED THROUGH RONNA VEZANE

****ADVANCED INFORMATION ABOUT OUR UNIVERSE AND ITS MANY SUB-UNIVERSES****

Ronna / Sacred Scribe ** OverLighted by Archangel Michael

***** MEMBRANES OR HOLOGRAMS OF LIGHT:** This Universe is enclosed in a crystalline membrane

of Light that separates it from other Universes. Our Universe is being pulled into an upward SPIRAL OF LIVING

LIGHT. Our Universe and its many Sub-Universes are undergoing a vast leap into a new LIGHT CREATION. The

planet Earth is gradually moving into a new electromagnetic orbit. There are thousands of subterranean chambers

within the Earth where crystalline fields of Adamantine Particles are stored to be used to assist the Earth in its

Ascension process. Each Sub-Universe has its own unique electromagnetic spectrum of Light. You may wonder,

what does a universe look like? There are a multitude of sizes and shapes with a never-ending variety of

components.

This Sub-Universal Divine Blueprint was primarily designed to experience the Father God /Creator Son (SUN) aspect of Creation, with our Mother God / Creator Daughter in support positions. Other

Sub-Universes reverse the order of prominence, and still others have a variety of OverLighting components and

combinations. As the Divine experiment in duality and polarity comes to a close, the masculine and feminine

Aspects of the Creator will once again become unified and equal.

There are massive Creator Rays that make up the vibrational patterns of the Sub-Universes.

Each Sub-Universe has a specific number of God Rays (some more and some less than the Twelve Rays of our

Sub-Universe). These God Rays Ray-diate the qualities, virtues and talents that are to be incorporated into the

creative process for each Sub-Universe. Each Sub-Universe has its own Divine Blueprint for the creative process

which is to be manifested within the boundaries of that Sub-Universe.

There are Pyramids of Light within each region of Space or Dimension, where the Adamantine

Particles of Creator Light are stored in Great Pyramids of Living Light. There are also Consciousness Time

Cells, as well as ancient White Fire Memory Seed Atoms, stored there to be used by the Beings of Light whose

destiny it is to manifest wondrous new creations and then radiate them out into the great Void.

*** CONSCIOUSNESS TIME CELL: A sub-unit within a Divine Blueprint that contains a schematic

for a specialized program or experiment within a Sub-Universe. Time Cells of higher Creation are now

opening and will be accessible to those whose frequency patterns are attuned to the higher Mental Planes

of consciousness.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * MARCH 2021

RONNA ** SACRED SCRIBE

A COSMIC MOMENT OF OPPORTUNITY

Beloved masters, humanity is in the midst of a cosmic moment of opportunity. The Seventh Ray of

Divine Light, the Violet Flame of transformation and purification, through the radiance of beloved

Archangel Zadkiel and Lady Amethyst, is being showered down upon the Earth and humanity to

assist in these unprecedented times of evolution and Ascension. The purifying vibrational patterns

of the Violet Flame will greatly increase in strength over the coming years as more and more

advanced Souls learn how to harness and project its magical, transformative properties.

The incoming Souls of the new Sub-Root Races – species of humanity – are highly evolved and

spiritually attuned, and they are strongly influenced by the SEVENTH RAY of transformation, freedom,

redemption, purification, ritual and Unity Consciousness. Everyone and everything on Earth are being

affected by the radiance of the Seventh Ray, the Violet Transmuting Flame. As a result, many of the

old, outmoded teachings are being discarded as humanity evolves in wisdom and raises their

frequency patterns. Much of the inspired, true religious beliefs will be retained, and the religions that

survive will be those that expand their philosophy to incorporate the higher Creator truths which are

now being revealed.

The Violet Flame of the Seventh Ray will accelerate the transformation process by returning discordant vibrational patterns to neutral Light substance. This transformation is facilitated through

your loving, conscious intention and actions, so that you may return to balance and harmony within

your physical, emotional, mental and etheric bodies. Once this is accomplished, you will more easily

become true cocreators of beauty, abundance, joy and peaceful coexistence on Earth. You are to

seek personal Ascension; however, you must also assist your brothers and sisters, and also the

Earth to evolve and return to a harmonious state of consciousness.

Never before have you had such an opportunity to serve humanity and the Creator. You are at a

crossroads in your evolutionary process, for the world as you have known it is slowly fading away.

As Divine Sparks of the Creator, you were given a great gift, a treasure chest of Creator Essence to

use in any way you desired. You began this lifetime with a portion of Adamantine Particles of Light

stored within your Sacred Heart. Another reserve White Fire Sacred Fire Seed Atom was tucked

away in your Root Chakra. In ancient teachings it was called the Kundalini, and it was portrayed as

a coiled serpent. You have always had access to the Sacred Fire stored within your heart; however,

you have to remember how to use your Keys to the Kingdom in order to ignite and effectively use

this power source of Divine Light. The Kundalini or Serpent Fire is a different matter, for you must

clear 51% of the distorted energy you have created in the past in order to tap into this reservoir of

Metatronic Full Spectrum Light.

There is great concern that the devastation around the world is accelerating. We acknowledge that

this is true, and it will continue for some time as the Earth releases the negative patterns and

constrictive energies – for your Earth Mother must endeavor to repair the damage that has been

done to the planet over the eons of time through humanity's negative thoughts and actions. Humanity

is responsible for the present state of the Earth, and it is up to all of you – the StarSeed Souls, along

with the assistance of the Beings of the Higher Realms – to strive to correct as much of the damage

as possible. You are being supplied with the tools, along with the Sacred Fire energy necessary to

-2-

accomplish this task. However, you must incorporate and direct this powerful energy appropriately.

Your Ascension and the Earth's Ascension are inexorably tied together and we are committed to

assist you in every way possible.

This Universe, and especially the Sub-Universe in which you currently exist, is in the midst of a

monumental transformational process. Planets are shifting places and moving closer to the sun of

the solar system of which they are a part. Galaxies and Sub-Universes are expanding and moving

upward, outward or downward depending on the viewpoint of the observer. New galaxies are in the

formation stages as the impetus for expansion is ignited by a great infusion of Creator Particles of

Light and Life, and the Seed Thoughts for new Creation are permeating the consciousness of all

sentient Beings.

During this shifting of the Ages cycle, you are experiencing a great variety of transformative changes.

You are reclaiming all the personal Fragments of energy and thought forms that you created during

your long journey into the physical expression. You are reuniting with the many Sparks of consciousness that make up your Divine Soul Self and your Soul family. You are also striving to

become a Spiritual/human adult while existing in an ever-expanding, multidimensional realm of

physicality. The different colored luminescent Rays will assist in integrating and balancing the higher

frequency patterns of galactic consciousness. The more you balance, harmonize and strengthen

your chakra system, the more Divine Light you can absorb. The spinal column will eventually become

a “Rod of Light” through which the streams of Creator Light can flow freely and unimpeded, whereby

the process of Ascension will be greatly accelerated.

The Holy Spirit or your Higher Mental Self is your discerning higher intelligence that monitors and

regulates the Light infusions and the gifts of Spirit, which are allotted to you according to your level

of spiritual awareness and your current needs. Special dispensations are also monitored and

dispersed by your Holy Mental Self, which is the intermediary between you and your Fifth - Dimensional Sacred Triad. However, any special dispensations that are bestowed upon you require

that you diligently endeavor to do your part. You must make the maximum effort to use the special

gifts of Divine Creator Light for the greatest good. Remember, you are a designated cocreative

partner with our Father/Mother God.

As you become more proficient as cocreators on the Earthly Plane, you should endeavor to constantly monitor your energy patterns and seek to upgrade them, as you strive for sustained

harmony and refined godly expression. You must liberate the power of the Sacred Fire which has

lain dormant for many thousands of years, and diligently strive to direct and focus your energy into

the areas of your life you wish to change. By establishing and constantly upgrading your Creator

Wheel of Life, you are planting the Seeds of focused change, and you are supplying the Sacred Fire

of Creation needed to manifest what you have envisioned. When you can do this proficiently, your

personal world will become a wonderland. You will become a Beacon of Light for all to see.

We cannot emphasize enough how important the breath is in reclaiming your Divine nature. Not the

shallow breathing the majority of people on Earth have accepted as the proper way to breathe. This

type of ineffective breathing has resulted in many debilitating symptoms and dis-eases. It has also

limited your intake of Divine Essence, which is critical to your well-being and the reclamation of your

vessel of Light.

-3-

We have explained and emphasized the Infinity Breath, the Accordion Breath and how important is the

practice of breathing with intention. The Infinity Breath could be called the Ascension Breath, for it

aligns your galactic chakras with your physical vessel, and it opens the return passageways to the

higher Dimensions via the Binary Sequencing Technique. It speeds up the process of building your

ascending vehicle of Light, and it also facilitates the opening of the portal to your Sacred Mind and

the front and back portals to your Sacred Heart. The Accordion Breath facilitates a double benefit: it

draws forth the Adamantine Particles stored within the root chakra and also the Adamantine Particles

stored within your Etheric Replica, which is located within your Fifth-Dimensional personal Pyramid

of Light.

Your SOUL SONG is composed of mid-Fourth- and higher-Dimensional vibrational patterns of

unconditional love, wisdom, balance and harmony. As a Self-master, your Energetic Signature and

your Soul Song will merge into a Celestial Mandala of Light, sound and color, by which you will be

identified in the higher realms. You are recognized by the brilliance of your inner Light. The more

Light Essence you incorporate into your physical vessel, the more brilliantly your aura will glow.

There is a Sacred path open for each of you to follow, no matter at what station or in what circumstances you may find yourselves – a golden opportunity waiting to enable you to assume your

power, tap into your creativity, bring to the fore those many latent abilities you have stored deep

within your memory banks. Now, as never before, we are close by, observing, waiting to assist,

encourage, create the miracles, and smooth the way as you strive to evolve onward and upward. If

you can view all that is presently in your life as transitory, except the Love/Light and Spiritual Fire

within your Sacred Heart and Soul, then you will know what we are trying to convey to you. Release

your fear of the past and future, eliminate the emotional and mental controls others have over you

so that you may become the free Spirit you were meant to be.

When the Infinity Loop and the timeline of your past have been harmonized and the major portion of

your discordant energies have been transmuted, you will step into the Infinity Loop of your future.

You are in the process of accessing the Light of your future, while leaving the shadows of the past

behind. You are in the midst of a cosmic reunion process, my brave friends, and you will evolve in due

time, in one way or another.

You should be aware that this transformation process is a long and complex cycle; however, it can

be a grand journey if you will take advantage of the wisdom teachings and the tools we are offering

you. The Law of the Circle states that every new creative endeavor must begin from within the Still

Point of Will Power of the Core Essence of the Creator and also the cocreator. Remember, one

person who is centered within their Sacred Heart and Sacred Mind can convey Cosmic truths and

inspired thoughts to millions of people, while the loving vibrations of their auric field blesses everyone

with whom they come in contact.

It is time for each of you to step to the fore, to take a stand and be heard. Begin where you are, at

your highest level of understanding, seeing through eyes filtered by love, feeling with a heart filled

with compassion, and functioning with a mind that is not clouded by guilt, fear or judgment. That is

the way you will validate your truth and gain your wisdom, beloved ones. That is the way that your

world and reality will be filled to overflowing with love, joy and abundance. That is the way of the

master, the way of Living truth, the way back home.

-4-

You are always your own judge, and with the assistance of your Guardian Council, you decide what

the major details of your next life experience will be. When in the environment of the higher

Dimensions, a Soul is always eager to rectify past mistakes so the auric field may be cleared of any

inharmonious vibrational patterns, and the journey toward en-Lighten-ment may continue.

It matters not if people deny the truth in what we are conveying to you. Nevertheless, it is the Living

truth and Universal Law, and every Soul is affected and ruled by the tenets of the Divine Plane,

whether they believe or not. Here again, the inner veil that allows you access to your greater wisdom

applies, and you must break through the limitations of the negative Third- / Fourth-Dimensional

environment in order to gain access to an expanded, wondrous reconnection to Cosmic Consciousness. You always have been and always will be connected to the ALL THAT IS. The sense of disconnection is all within your mind, and the way to “unlock the door” to the River of Life is

within the SACRED HEART.

As you refine your resonance, you are gradually becoming multi-Dimensional, which means that you

are tapping into the frequency patterns of several Dimensions at once. In order to make room for the

refined frequencies of the multiple levels of the Fourth, Fifth and higher Dimensions, there must be

a clearing and cleansing process. Via the lessons and instructions we have given you over the years,

we are endeavoring to give you the knowledge and the tools needed to traverse the Path of Ascension with ease and grace.

In order to become a living tributary for the River of Life, you must prepare yourselves to allow the

Essence of Life to flow into and through you. You are to use what you need and then allow the

remainder to flow forth, ready and available to be molded into wondrous new creations. In this way,

you will become bearers and servers of the Light. This is the ultimate message of all the teachings

we have given you over these past years. This is the goal of Self-mastery. This is the way of Ascension.

You are at a grand crossroads, beloved ones. As you move through the process of clearing and

cleansing the multiple Facets of yourself, you are leaving behind the energies that created all the

pain, suffering and distress. Step back for a moment, and view these past months as an observer —

are you beginning to get the picture of what the grand plan and Ascension are all about? Being aware

and in control are important Facets of mastery. If you have diligently worked with the lessons we

have given you, you should be well on your way to reclaiming the many gifts you brought to Earth so

many Ages ago.

Each of you live within a personal Holographic Sphere of Light and Shadow which you alone created.

You, as a cocreator, send out Seed thoughts, energy and intention, which create patterns of a certain

Frequency. Those Frequency vibrations go forth from you as Rays of energy in an Infinity Sign,

creating powerful wave forms, which are a reflection of your conscious thoughts, intent and actions.

As you learn to stay heart-centered and Soul-focused, thereby always radiating unconditional love

and balanced, harmonious vibrational patterns, your world and reality will gradually change for the

better. For you are slowly learning to function as an empowered master of cocreation – a true Divine

Emissary of our Father/Mother God and the Supreme Creator. During these times of uncertainty and

great change, remember, my beloved Champions of Light, you have nothing to fear, and there is so

very much to be gained. Feel the warmth of our Sacred Breath as it brushes your cheek, sense the

-5-

aura of love in which we surround you. We are near, reach out and touch us. We will respond. You

are loved most profoundly. I AM Archangel Michael.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * APRIL 2021

TRANSMITTED THROUGH RONNA/SACRED SCRIBE

YOU ARE A "WHITE FIRE SEED ATOM" OF ALL THAT IS

Beloved masters, in the very beginning, each of you were one of the Holy Innocent Ones, a brilliant Spark of the Supreme Creator. When it came your turn to externalize and awaken, you suddenly

were aware of your godliness as a White Fire Seed Atom of the ALL THAT IS. Then came a startling

awareness of your own conscious "I AM Presence" as an individualized Facet of the Creator. This

awakening of Souls has continued at every level, in every Dimension of Creation, throughout this

Universe – it continues today as Great Beings of Light are brought forth to create new galaxies, solar

systems, planets and worlds without end.

In these extraordinary times, to one degree or another, there is a major internal, transformational

process occurring within every Soul on Earth. Individually, you are experiencing a clearing and

cleansing process, as well as modification and expansion in various areas of your physical, mental,

emotional and etheric bodies. Changes that are necessary if you are to hold up under and integrate the

ever-increasing vibrational frequencies which are bombarding your Earth at this time.

As an awakening StarSeed, there are an ever-increasing number of energy fields of

consciousness available to you. Just as the Creator Light pours forth from the Cosmic Treasury of Light

to be used by the Elohim and Builders of Form, this rarified Light is available to those of you who are

now attuned to at least the higher Fourth- and lower Fifth-Dimensional frequency patterns. Each star

in the galaxy is a node of vibrational energy frequencies. Each person functions as a living star capable

of receiving and conveying harmonious frequency patterns according to his or her level of consciousness. These frequencies are called your Soul Song. The Universe is composed of one gigantic

Celestial Soul Song.

Your seven major chakra centers could be likened to seven electrical batteries or seven dynamic

force centers within the physical vessel. You draw forth into these seven power centers the specific

qualities, attributes and virtues of the seven Rays of God-consciousness via the RAY-diance of the

Seven great archangels who OverLight humanity. The manner in which you qualify and use these

energies determines your Energetic Signature and your Soul Song. Your supersensitive, awakened

fellow human Beings feel your resonance and can discern whether it is benevolent or discordant.

The Devic Kingdom Angels are bearers of Cosmic Sacred Fire and could be called Sacred Fire

Beings. They function within the Etheric Planes of existence, and they, along with other great Fire

Beings you have named “Dragons,” are the transmitters of the Metatronic Light Substance of this

Universe. This rarified Life Essence is constantly radiated forth from the heart core of our Father /

Mother God into great storage units – Pyramids of Light – which are strategically placed throughout the

vast Dimensional and Sub-Dimensional realms of Creation.

Under the direction of the Elohim, the great Devic Angelic Kingdom OverLight the mountains,

oceans, great forests and lakes, to the tiniest Elementals, as they radiate Life-giving sustenance of God

Essence to the waters, earth, trees, flowers and every blade of grass. These wondrous Beings also

supply the cosmic streams of Life Force energy for every Facet of Creation that is not blessed with an

individual God Seed Atom (a Soul) and the I AM consciousness of Being. A Spark of the Supreme

Creator's Essence is in All things, from the greatest to the smallest.

Each and every one of you had to undergo what could be called an apprenticeship under those

Master Builders so that you could become proficient at molding and creating a great variety of things of

a corporeal nature. While in the higher levels of Universal Light, it seemed to be a fairly simple process

to mold and create that which you wished to manifest. That was because you were functioning in the

realm of pure thought where there were no distortions or negativity to contaminate the Seed Thoughts

sent forth from within your Sacred Mind, and because you were drawing forth the maximum amount of

Creator Light available to you at that time within this Universal experience. It becomes increasingly

more difficult to hold the pure Seed Thoughts of manifestation in each stepped-down level or Dimension

as you refract yourself into more and more Sparks or Fragments of God Consciousness. Therefore, is

it any wonder that humanity has had to struggle for so long to manifest that which is needed and desired

while existing in the restrictive, distorted Third- / Fourth-Dimensional world of reality?

You must release old restrictive, out-moded, fear-based frequencies, and replace them with the

appropriate level of God Consciousness and Universal Laws, which will assist you on your current path

of illumination. It is a step-by-step process and it cannot be rushed. It is the ego that constantly desires

more information, especially dramatic and sensational news or revelations, even though, most often,

there is no desire to integrate or make use of the information. However, during these critical times of

accelerated change and evolution, a Divine dispensation has been given to somewhat relax the

requirements, and to speed up the process of divulging the more-advanced Universal Laws and Cosmic

wisdom in order to assist humanity on the Path of Ascension.

It has always been a slow process of learning the rules, guidelines and requirements for each

step on the Path. Qualities, abilities and knowledge must be integrated and perfected so that the higher

truths become a part of who you are. When you are living your new truths as a natural part of your

Beingness, the wisdom garnered from the information is stored for future use within a Facet of your

Higher Self that resides on the Causal Plane of existence. This wisdom becomes a permanent part of

your I AM consciousness. You must understand that your I AM Presence is a vast source of Light and

Creator Wisdom.

However, you and the multiple Fragments of your Higher Self within this Universe contain all the

wisdom and experience you have gathered during your many sojourns and vast experiences throughout

time and space. All of the positive experiences, successes and wisdom gained during all your lifetimes

within this Universal experience are stored in White Fire Memory Seed Atoms within your Sacred Mind.

When your Energetic Signature reaches a certain frequency level, you automatically begin to tap into

the gifts, information and wisdom that are stored within your Sacred Mind, and also within the mind of

your Higher Self residing on the Mental-Causal Plane. Remember, it is vitally important that you filter

all new information and knowledge through your own Sacred Heart and Sacred Mind centers before

you accept it as your truth.

It has taken many Ages for you to incorporate the distorted energy you now carry. However, this

is a time of miracles, and there was another special, Divine dispensation given by our Father/ Mother

God, whereby every effort you make to return to Self-mastery will be magnified and accelerated during

these wondrous evolutionary times of Ascension. Self-mastery is always gained through the process of

upgrading your consciousness and increasing your capacity to integrate and radiate more Divine Light

substance. In the process, you will become a Pathfinder, a Wayshower and a World Server filled with

goodwill for all Beings as you radiate unconditional Love/Light out into the world.

Your awareness will gradually expand to include all humanity and the Earth, as well as the solar

system, galaxy and Universe. No longer can your primary focus be on the little self alone. Your ultimate

goal is to become a galactic citizen and eventually a Universal Being of Light.

Expansion of consciousness results in the wherewithal to tap into higher, more complex information. This will result in the ability to integrate more and more of the virtues, qualities and talents

of our Father / Mother God. In the Third- / Fourth-Dimensional environment, the human emotions rule.

In the higher levels of the Fourth- and lower-levels of the Fifth Dimensions, the mental nature and more

refined abilities are predominant because they are OverLighted by the purity and illumination of the

Sacred Mind, Sacred Heart and Higher Self.

Dear hearts, do not just read the profound statements we give you, such as the ones below.

Rather, study them and commit them to memory, for within these words of wisdom are critical factors

you will wish to draw upon when you are perfecting your mastery of Self, and also when you are called

upon to share your hard-earned wisdom with others.

** A master seeks his or her highest truth and then live it to the best of his or her ability. You must allow

all others the same right.

** A master learns to view the world and its great drama from a loftier vantage point.

** A master is adept at manipulating energy, always for the greatest good. He or she exists in a vortex

of harmonious Spiritual forces.

** Ascension is mind and Soul-expanding, forever passing from one state of heightened consciousness

to another. Time becomes malleable as you move out of the linear time-line into the spiraling, undulating

vibrational waves of the higher Dimensions.

** You have entered into an Age of conscious awareness. A conscious awareness of and awakening to

the nudgings of your Soul Self are steps in attaining Self-mastery.

** A master knows when to speak and when to be silent. A master is deliberate in his or her speech.

Constant mind chatter and senseless gossip disturb the tranquility of your Auric Field. You are to seek

the harmonious, higher wave frequencies of Light in all things.

** KNOWLEDGE ALONE DIVIDES. WISDOM AND SOUL AWARENESS UNITE.

** As an initiate on the Path, you are constantly increasing your capacity for integrating Creator Light.

When you deny any Facet of your Divinity, you are denying your Divine wholeness.

** The Universe is constantly remaking and redefining Itself via the impulses and desires of the Supreme

Creator and our Mother/Father God. The Supreme Creator's desire is to experience individuality by

refracting Itself into an unimaginable number of various-sized Sparks of Creator Consciousness.

** The Omniverse is filled with dancing, flowing, merging and separating White Fire Memory Seed Atoms

of Divine Light. The Creator is alive and conscious in each and every one of these Fragments, no matter

how large or how small.

-4-

** Space is an Entity within itself, waiting to be programmed or molded into infinite possibilities.

QUESTION: How do we know if we have any etheric tears? If so, how do we know where they are located,

and how do we heal them?

ARCHANGEL MICHAEL:

Healing etheric tears in the Auric Field is a process that is initiated as soon as you begin the

Integration of more of your Higher Soul Self. As you begin to integrate more high frequency energy into

your physical vessel, which initiates the process of balancing and harmonizing your chakra system, one

of the major benefits is that any etheric tears you may have will gradually begin to heal.

Often, you will

have physical discomfort in areas where there are tears or etheric scar tissue in your Auric Field. The

most prevalent etheric tears are in the areas of the three lower chakras, across the heart area / solar

plexus or in the back of the body, between the shoulder blades.

You can speed up the process by going into your personal Pyramid. Lie on the crystal table and

ask your angelic helpers to scan your body and to let you know where – or if – there are any etheric

tears in your Auric Field.

If you get an indication that there are some tears, State to me: “I ask that you seal those tears

with your blazing Sword of Light,” and it will be done. This procedure may take a while; however, the

healing process will begin. It will accelerate as you access the higher vibrational patterns of Light.

Bringing in more Adamantine Particles of Light via the Infinity Breath and toning the vowel sounds are

also a great benefit, for it will assist in the healing and harmonizing of your Auric Field, as well as your

four lower bodily systems.

My brave ones, no matter where you live or the conditions you are presently living in, there is a

grand opportunity for you to begin the process of attaining Self-mastery. You are urgently needed as a

Bearer of Light and a World Server. This applies to every one of you reading this message. I surround

and enfold you in an Auric Field of protection. I am forever your guardian and faithful companion. I AM

Beloved masters, shall we gaze into the future—your future—and see what is in store for
you over these

coming months and years? These are the most important times you will ever spend on planet Earth. The decisions

you make now or the energies you radiate out from you to create the force field within which you live, will determine

your reality, and how quickly you will move deeper and more fully into the energies of the New Age. It is time to

decide whether you will move forward on the spiral of Ascension, through the gift of the life process, or through the

old energies of the death process.

We offer you ways to monitor your thoughts and still the mind, in order to reprogram your sub-conscious

and conscious minds with higher wisdom from your Divine Self. We will help you to bring the multiple-minds of your

chakra system into balance so that, once again, they are working in harmony, one with another. As you begin to

experience peace of mind, you will begin to experience joy and bliss within the heart, for they are inexorably

connected. It is time for you to release all those concepts that do not support your highest, most-empowering vision

for the future. Whether or not you believe it, each and every day you are becoming more powerful cocreators. Are

you creating peace, love, joy and abundance in your life, or more chaos, pain and discord?

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * MAY 2021

TRANSMITTED THROUGH RONNA / SACRED SCRIBE

BECOMING A SOUL-INFUSED PERSONALITY

Beloved masters, your WHITE FIRE GOD-SEED ATOM / I AM Presence is your original Core

Intelligence, your first individualized identity within a Universal or Sub-Universal experience. In this

Sub-Universal experience, your first twelve God-Sparks / Soul Fragments contained all the virtues,

aspects, talents and knowledge you would need to traverse the multiple levels (Dimensions) within this

Sub-Universe. Since that time, your God-Seed Atom Essence has refracted and separated

innumerable times. You are now in the process of reclaiming all the multiple Facets of your Soul Self

within the Third and Fourth Dimensions so that you may move forward to a greater, more dynamic and

expansive version of your Higher Self within a Fifth-Dimensional environment.

To assist you in accomplishing this, your Diamond Core God Cell and your personal Flower of

Life Creator Wheel contain a full measure of the Twelve Rays of God Consciousness for this Sub-

Universal experience. They were designed so that when you were ready to begin the return journey into

the higher levels of consciousness, you would have access to your own FULL SPECTRUM DIVINITY.

Your task is to activate these Rays, to incorporate the God qualities and attributes they contain, and

then to use these talents and attributes for the greatest good.

There is still much confusion as to what the Soul is, how it functions, and where it resides. It is

vital that you understand the intricate process of reconnecting with the many Facets of your Higher Self.

It is also important that you gain clarity about the more in-depth teachings we have given you regarding

the multiple Higher Self Fragments. You have many of these, not just one. Incorporating these multiple

Facets of Self is a process which will take much time and contemplation. Therefore, we feel it is time for

an advanced explanation of this most important process – the EVOLUTION OF THE SOUL.

In order to evolve, you must expand your capacity for Love/Light so that it includes all Facets of

Creation upon the Earth: love of nature, love of the animal kingdom, love for humanity, love for your

perceived enemies, and most important, love of Self. For in essence, all of Creation is a part of you,

and you are a precious White Fire Seed Atom of the Supreme Creator. The expansion of God

Consciousness results in an expansion of your auric field – your Light Essence. Over time, more of you

will develop a radiance so powerful and expansive that it will begin to have a positive effect on those

around you, and eventually, on the Earth and all humanity. Quite a large number of the more advanced

Souls have already gained that ability. However, you must remember, you cannot convey that which

you have not claimed as your own. Also, remember this, an important part of your mission on Earth is

to intensify the Light of the lower Dimensions. Expansion of Soul consciousness results in an expansion

of the auric field, both in intensity and scope of influence.

An aspirant on the Path must focus on both outer and inner world training. You must strive to

become a conscious observer of what is taking place around you. Training yourself to become fully

engaged with focused awareness of the physical events in everyday life is vitally important, as well as

learning to process the harmonious and the discordant frequency patterns to which you are subjected.

You must then take the appropriate action. Practicing emotional and mental discipline is also very

important as you seek to become a master of Self. You must not turn your back on the world and life's

experiences but face them head-on. However, it is vital that you learn to view life from a higher

vantage point. Endeavor to see the bigger picture and not get entangled in the small story dramas.

Logic is a function of the physical mental body and your conscious mind. Remember, the knowledge or theories you accept as your own truth must be experienced in order to gain the wisdom

from the disclosed information. Inspiration is supplied by the Higher Self and your Sacred Mind. You

must learn to pay attention to the impulses of your Sacred Mind and Sacred Heart, or to the input of the

prevailing Facet of your Higher Self, for that is how you will gradually learn to communicate with the

Beings of the higher realms and gain cosmic wisdom.

In the beginning, there was communication with and amongst specialized, group spiritual guides and guardians; however, over time this gift or ability was lost. As humanity sank deeper into

material world consciousness, they became submerged in the sensations of the five senses. Also, they

gradually stopped turning inward for the sense of connection with the higher realms of consciousness.

The lower Third and Fourth Dimensions are not bright and clear. There is a misty or foggy overlay.

Those Souls existing in this environment do not realize this, for it is the state of awareness they are

accustomed to. The reality of the lower Third/Fourth Dimensions could be likened to existing within a

murky labyrinth where you are forever seeking the path that will lead you back into the pure Light of

awareness. This fog gradually begins to dissipate as you move into the mid-sub-levels of the Fourth

Dimension, and your world becomes Lighter and brighter as you traverse each higher sub-level. In

order to receive the lessons of Light, you must lift your consciousness to attune to, at least, the Fifth

sub-level of the Fourth Dimension. In this Sub-Universal experience, there are seven sub-levels to each

Dimension, with the first sub-level being the lowest and densest, while the seventh sub-level is the

highest and most refined. The masters and your guides are willing to meet you halfway; however, only

on very rare occasions will they lower their frequencies into the density of extreme duality, for it is too

uncomfortable for them.

The ego is a Facet of the physical ego-personality self. It was designed to assist you in

developing a sense of identity and individuality over time. An outward-focused mind is guided by the

ego. The misdirected ego-self was instrumental in creating the illusional belief system of the material

plane, a reality based on separation, fear, selfishness and scarcity. As you expand your mental

horizons, you begin to break down the barriers of self-limiting perception. Mind expansion includes

activating dormant cells of the upper Dimensional levels of the brain and tapping into the wisdom of

your Sacred Mind. Blind obedience is not a requisite for en-Lighten-ment, for you are striving to become

a master of Self and to live your personal truths as they have been revealed to you and validated by

your heart monitor.

Humanity is in the midst of a Soul and cellular awakening. As you move into the vibrational patterns of the higher Fourth and lower Fifth Dimensions, your cells, etheric body and auric field will

begin an accelerated purification process. This process will facilitate and ultimately result in the

downloading of the many Facets of your Higher Self, and also the gradual reclamation of your etheric

Body of Light. Be mindful and aware every moment so that your focus becomes one-pointed and clear.

You will gradually develop a sense of self-assurance and security, a knowing that all is well and that it

will remain so.

The Soul is a many-times refracted extension of your GOD-SEED ATOM / I AM Presence.

3

The Soul uses the right brain consciousness of intuition, which is connected to the higher Sacred Mind

and Spiritual Will. An inner-focused mind is guided by the Soul Self. Humanity is in the process of

developing the subtle, refined senses which have become dulled from misuse. You must move past the

basic, often distorted physical senses, while diligently endeavoring to develop the higher mental senses

of intuition and Divine wisdom. It is of vital importance that you learn to control your emotional nature

and to hold your thoughts steadily on the refined frequencies of Light.

You carry within your Diamond Core God Cell a crystalline, Memory Seed Atom of full Self-realization from your point of origin. It contains a very brief overview of the highlights of every life you

have ever lived — the major lessons you have learned, and the talents you have perfected as you

journeyed throughout this Universe.

The Soul is neither Spirit nor matter. It is a crystalline, SACRED FIRE, MEMORY SEED ATOM, a

Fragment of pure Light Essence that is programmed to record your journey throughout this Sub-

Universal experience. It is the link between you and our Father/Mother God, and ultimately, to the

Supreme Creator. Your personal Soul Self for this lifetime resides within your Sacred Heart as a Facet

of your Diamond Core God Cell. Each higher-frequency Facet of your Soul has its own Memory Seed

Atom. When a given Facet takes up residency within your Soul Star as your OverSoul/Higher Self, it

will periodically relay its personal vibrational pattern memories to the Memory Seed Atom within your

Diamond Core God Cell and also to your embodied Soul Self.

First, it will activate the appropriate Memory Seed Crystals within your Sacred Mind. If your frequencies and consciousness expand to accommodate them, the Memory Seed Crystals held in

reserve within your Diamond Core God Cell will be activated. In this way, as you incorporate all of your

Soul fragments, you will eventually gain the ability to access all of the wisdom, talents, positive

memories and experiences of the next phase of evolution – the journey of the Soul Self through the

multi-levels of the Fifth Dimension. This process repeats itself over and over again as you traverse the

multi-Dimensional levels of God Consciousness and incorporate more and more Facets of your Divine

Self. THIS IS A SIMPLIFIED EXPLANATION OF THE PROCESS OF ASCENSION.

You were programmed to forever seek the Sacred Heart of your Essence, your Diamond Core

God Cell, and your White Fire Seed Atom of Creator Essence. At specifically timed intervals, there

have always been small groups of advanced, unique Beings who incarnated into the different races and

sub-races, in order to bring forth fresh ideas and instill new qualities and attributes. These advanced

Beings interjected their wisdom, higher consciousness, and special talents by example, and they also

merged physically with select members of the human species in order to advance the DNA encodings

of humanity. YOU ARE LIVING IN ONE OF THOSE SPECIAL TIMES.

The Fourth Dimension could be called a “transitional reality,” for this is where you begin to let go

of all the preconditioning of the past. The Fourth-Dimensional realm is more emotional in nature, and

therefore, the heart and feeling nature are the major focus. The ancients called the Fourth Dimension

the realm of Maya or illusion, or the astral planes of consciousness. The collective mass

consciousness of humanity fills the lower three levels of the Fourth Dimension. This is where most of

humanity exists mentally until they gradually begin to turn inward and listen to the nudging of their Soul

Self. The personality/ego desire-body is the master manipulator of this realm, and it constantly urges

4

you to seek more satisfaction and happiness via sensation and external means of gratification.

You begin to tap into your inner power potential as you move into the higher sub-levels of the Fourth Dimension. Matter becomes more fluid, and therefore, it becomes easier to manifest what

you desire. That is why you must learn to be decisive and to focus your thoughts with clear intention. A

disciplined mind links the chains of thought together in proper order. It is vitally important for you to

understand that scattered thoughts are detrimental to your progress. Living in the present moment – in

the “Still-Point Power of the NOW moment” – is a critical component in attaining Self-mastery.

Mental effort is required in order to successfully traverse the path of illumination. Gradually, a good

portion of your memory of past events will begin to fade as you move out of the realm of the instinctual

brain / mind into the realm of the higher mind. Important traits of a Self-master are focused observational abilities and harmlessness in thought, word, and deed. As an aspirant on the Path,

greater and greater cosmic truths will be revealed to you. However, you should be aware that the lesser

principles of ageless wisdom will constantly be expanded to incorporate the unique rules, laws and

truths of the next level of existence in the never-ending cycle of Ascension in consciousness.

You must keep the channel of communication open between the Soul and the brain via the mind. This initiates the slow reactivation process of the Pineal Gland, and the opening of the portal to

the Sacred Mind, which is located at the upper, back portion of the brain, close to the crown of the

head. The Sacred Mind resonates to the highest Fourth-Dimensional sub-levels as well as all of the

Fifth- and Sixth-Dimensional levels – with a small portion of Seventh-Dimensional frequencies and

data, which is reserved for future use when you have gained the ability to traverse the highest levels

possible for humanity in this Sub-Universal experience. However, you must gradually increase your

own vibrational patterns in order to tap into this storehouse of cosmic wisdom.

The Sacred Mind and the Sacred Heart are not made of material world matter; they consist of

gossamer, ethereal Light substance that cannot be detected via scientific means. However, they are

more real than any part of your physical body. For once you reestablish the connection between your

Sacred Mind, your Sacred Heart, and your Diamond Core God Cell, there will be a constant flow of

Adamantine Particles, as well as pertinent, advanced information coming from within your Memory

Seed Atom and also from your OverSoul/Higher Self. That is why it is so critical that you reconnect the

Spiritual Triad of God Consciousness: the Sacred Mind, the Sacred Heart, and the many Facets of your

Diamond Core God Cell.

As you move into the vibrational patterns of the Fifth Dimension, your cells, etheric body and

auric field will begin an accelerated purification process. Tranquility begins in the lowest level of the

Fifth Dimension and strengthens exponentially. Gaining godly power and wisdom requires that you

move beyond the massive belief patterns of the collective consciousness of humanity into attunement

with your cosmic consciousness via the many Facets of your Higher Self. Emotional stability and

mental effort are required in order to successfully traverse the Path of illumination. There is a law of

EQUILIBRIUM that applies to the Fifth Dimension and above.

Briefly, the Sixth Dimension is the Dimension of immortality and a greatly expanded Soul consciousness as you reconnect with the highest levels of your Soul potential within this Sub-Universe.

The Seventh Dimension is the final evolutionary boundary for humanity within this round of

5

Sub-Universal experience. The first sub-level (the lowest in frequency) of the Eighth Dimension is

the INFINITY GATEWAY, which you will be able to tap into as you gain the ability to integrate more and

more of the higher frequencies of Divine Light. A trickle-down effect is initiated as you gain the ability to

access each higher frequency level, whereby minuscule amounts of more refined God Light begin to

flow into your personal column of Light, thus adding Light to your auric field and to the vibrancy of your

Soul Song.

REMEMBER, MY BRAVE ONES, YOU ARE LIVING IN THE MIDST OF ETERNITY. The wisdom messages we

bring you are not to set more rules or create new dogma. Our intention is to set your hearts afire with love

and to give you a glimpse of the glorious future before you. I will guide, direct, inspire and protect you,

and I radiate the eternal love of our Father/Mother God to each of you. I AM Archangel Michael.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL ** JULY 2021

RONNA VEZANE / SACRED SCRIBE

SEEKING PEACE AND SERENITY FROM WITHIN

Beloved masters, it is time to take an inventory of what you are habitually thinking and the emotional energy you are projecting during these critical days of conflict, turmoil, and stress on your planet. Are you diluting or distorting the aura of harmony you have created around you by allowing yourself to be caught up in the chaos of miscreation and destruction that is taking place on Earth at this time? Are you engrossed in the scenarios that are being presented over and over again via the television, radio and newspaper media? Have you once more allowed yourself to be drawn back into the density of the negative environment of misinformation and illusion?

If your answer is yes to any of these questions, you are adding fuel to the chaotic vibrations of the negative mass consciousness belief system with your energy instead of adding your Love, Light, and Power to that of other emissaries of harmony and serenity throughout the world. Will you stand on the side of those whose greatest desire is to bring about a peaceful

solution for the greatest benefit of all – or are you unintentionally aligning with those who wish

to perpetuate separation, suffering and domination?

We do not mean that you should not stay informed as to what is taking place around the world; however, we are saying that now, as never before, you must rise above what is occurring

and join us as observers from a higher vantage point: a vantage point where there is no right or

wrong way, only different shades of truth and different motives; a vantage point where no race,

country or religion is totally righteous or blameless, nor totally in the wrong.

Remember, each and every Soul on Earth carries a Spark of the Divine within. You must stay heart-centered and Soul-focused as you attune to your Higher Self with a Spirit-inspired

consciousness so that your actions and decisions are always in alignment with the Divine Plan.

Then, beloveds, you will stand among the ranks of the righteous ones whose greatest desire is to

return the Earth and humanity to a true state of peaceful co-existence in an environment where

our Father/Mother God reign supreme.

Granted, there are those who have agreed to play the devil's advocate, those who are presenting your shadow-side to you in its most destructive way. There are others who self-righteously claim to have only the highest, most altruistic motives; however, we see and know

the ulterior motives behind the decisions that are being made, as well as the actions that are being initiated in the name of peace and justice. The game of duality is being played out on Earth

in its most dramatic form right at this moment, and it is up to you whether or not you will be drawn

into the swirling, downward spiral of mass karmic action that is currently taking place.

We have spoken many times before about the laws of cause and effect or “for every action there is a reaction,” which results in what is known as negative or positive karma. For

2

many Ages, you, as the en-Light-ened ones, have been working diligently to bring into balance

your personal karma, ancestral karma and race karmic influences. That was a major part of the

game of duality and polarity – returning to balance and harmony in all Facets of your Beingness.

There is much conjecture about what will happen now as the winds of war, conflict and destruction swirl like a dark and heavy cloud around the Earth, touching and affecting everything

and “everyone.” Dear ones, it depends on what you are feeling and thinking. What is on your mind and in your heart? Are you standing firmly in the Light or are you adding to the negative

karmic thought forms that are being created each and every moment? Many of you have succeeded admirably in balancing your karmic ledger of life. Symbolically, imagine that you

have a plus and a minus column, and your goal is to turn the minuses into pluses or positive energy patterns.

We are not asking you to passively sit by the wayside and do nothing. You are being asked to stand up and be counted, for your dynamic Life Force energy is needed now as never before. You are much more powerful than you can imagine, my brave friends. Make no mistake, you ARE playing an important role in attaining a peaceful solution to a very unsettling world situation. The collective energy you and other Light Workers are radiating forth from your heart centers has just as much an influence on the outcome of this great conflict as those who are on the “front lines.” You, too, are on the front lines, so to speak, for you have the ability to tap into the pure, unmanifested Adamantine Particles of Creator Light, so that you may mold them into powerful positive thought forms and actions that can overcome any adversity.

It has disturbed many of you that we use the terms “Warriors of Peace” and “Warriors of Light” or what might be construed as militant terminology. Here again, there are many different interpretations and different Facets of truth. Ever since the Earth’s and humanity’s fall into the density of separation and pain, we have fought diligently for you and with you. We have fought the shadows of illusion and the negativity, which were created by your collective consciousness beliefs of fear, guilt and unworthiness. We have endeavored to assist you to reconnect with your

Divinity and to help you remember how magnificent you truly are.

We have also diligently carried out the orders and directives handed down from our Father/Mother God and the Creator, “Assist our children to return to the Light and to reclaim their Divine Heritage.” Yes, we have been involved for eons of time in a war between the Light of the Creator and the shadows of humanity; however, our weapons have been love, compassion, understanding and support as you traverse the valleys of despair and seek to soar to the mountain tops of hope and illumination.

If you will join us in our efforts to bring Light unto the shadow world and hearts of humanity; if you will stand firmly in your convictions that ultimately right will prevail (knowing that only our Father/Mother God are aware of the total picture and what is truly the best outcome); if you can maintain a sense of peace and joy within and radiate the expansive love of the Creator to ALL humanity, then you are truly a warrior in our Legions of Light.

Those who protest, shout and march for peace are adding their energy to the melting pot of chaos. They are not offering solutions or taking positive action, but laying blame and

protesting the actions of others, declaring that non-action is the only way to achieve peace and

harmony. It is another form of fence-sitting or not taking a stand. We have told you many times

before, it is time to get off the fence of inertia and indecision, it is time to declare which side you

will serve — the Light or the shadow side. It is time to declare that you are an Emissary of the

Light, a blazing Spark of the Divine, and a cocreator of love, joy, abundance and harmony. Or a

human being who is willing to take the easy way by following the dictates of others, thereby, for

the time being, putting aside your Divine Birthright.

Peace and serenity are not the same. Peace refers to the Third- and lower Fourth-

Dimensional fields of consciousness, which are primarily dominated by the emotional nature of

humanity. Every step forward on the Path of Light is marked by conditions or challenge and chaos, interspersed with periods of integration and a sense of peace.

Serenity of mind and emotions creates a deep calmness within, which is free of any

emotional disturbance, and therefore, the emotional nature is focused within a very slim

spectrum of duality. The highest choices are the rule, and a detached view of all circumstances

is maintained. Peace is a lower density state of consciousness, whereas serenity is a Fifth-Dimensional, emotional quality.

“Peace” is an often-used word in these unsettling times and can be interpreted in a multitude of ways. You use the term “peace of mind,” which means having a calm, tranquil state of mind, which is free of discord, inharmonious thoughts, or mental conflict. Peace can mean a mutual agreement between two people, a family, a group, neighborhood, city or nation which benefits all who are involved, and brings about a calm, serene and secure atmosphere, as well as lawful order. It can also mean a treaty or agreement to prevent or stop a conflict between two dissenting factions. You may be called a peaceable person or a pacifist because you are inclined toward or you seek to promote a peaceful environment. You may “seek peace” or endeavor to “keep the peace” through conciliatory actions or by settling disagreements through compromise.

Peace is the end result of achieving harmony and balance in any situation. Peace is never attained via the emotional nature or mind of the ego, but through the higher vibrational energies of Spirit, which always seeks the greatest and best outcome for ALL concerned. In your world of duality and polarity, the optimum goal is to seek harmony and balance in all things; however, this harmony must begin from within. It must blossom within the heart as you allow

Spirit to descend and once more take dominion within your physical vessel. Then you will begin

to see through eyes filtered with love, and you will listen with ears tempered by compassion.

You will know that all you ever require is yours for the asking, and you no longer seek to

4

take that which belongs to another. You will always strive for a win/win solution, and you know

that when one loses, everyone loses as well. You become champions of Light, and you walk softly but courageously as you carry the blazing etheric sword of Divine will, honor, truth and

justice. You affirm what is your truth, and you live your truth steadfastly with integrity and humility, teaching by example, and allowing all others the same right.

You must first seek peace from within, beloveds, and when you find what you are seeking, you will radiate an aura of serenity out into the world where it will be joined and magnified by that of others with a peaceful and harmonious nature. Together and in force, you

can overcome any adversity, and you can create and enhance the cells or areas of Light that you are building on Earth, as well as within your new Fifth-Dimensional environment. And when

those thought forms of Light reach a certain level of magnification, they will miraculously begin

to manifest on the earthly plane. Many of your visions are nearing that point, and they will

manifest seemingly without effort. The final touches are being made, and the preparations are

almost complete, beloveds. Now watch for the wondrous results of all your steadfast efforts.

Humankind's inhumanity toward one another has been an ongoing, never-ceasing process since the fall into density. Peaceful co-existence has hardly ever been the ultimate outcome of a conflict. The underlying intent has most often been to conquer, seize, and force others into submission, without any consideration for the welfare of those caught in the middle or forced to fight.

We explained some time ago how the chasm between the Light and the shadows has been increasing for some time. However, gradually, the vibrational patterns of Light are being

superimposed over the Third- / lower Fourth-Dimensional world of illusion and shadows. This

condition is becoming more dramatically defined every day. It is imperative that you stay vigilant, heart-centered and Spirit-inspired each and every moment. You must learn to set assertive boundaries, and constantly reinforce your shield or column of protective Creator Light.

You must listen to the whisperings of your heart, for that is where your angelic guides and teachers will leave gems of wisdom for you to access and use.

Go within, my faithful companions, and remember how, so many eons ago, we soared the Universe together as we created new galaxies, worlds and civilizations beyond your wildest

dreams. Remember how you had available to you all the Divine substance of Creation, and all

you had to do was envision something and it miraculously appeared before you. Try to recall the

many forms you have taken – some human – however, also many different forms in a variety of

compositions, textures and features, but all beautiful and perfect in the eyes of our

Father/Mother God. It is important that you remember that you have experienced every Root

Race that has ever populated the Earth, meaning that you have been every color, and you have

borne the characteristics of every Race now embodied on the Earth Plane. We are telling you

that you, the StarSeed Souls, are multi-faceted Beings who have experienced all the richness and diversity that this Earth, this solar system, galaxy and Universe have to offer. And so how

5

can you judge your brothers and sisters who are following on the Path behind you, because in

this lifetime they have different colored skin than you, and they have different customs, beliefs

and worship differently or call their God by a different name? It has been said, but it bears saying over and over again, “YOU ARE ONLY JUDGING YOURSELVES!”

Remember, brave hearts, during these times of great change, you can make a difference. Shine your Love/Light for all to see. Allow us to assist you to fulfill your earthly mission and nurture you with our love. Together, we shall prevail. I AM Archangel Michael.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * AUGUST 2021

RONNA VEZANE / SACRED SCRIBE

****FINE-TUNING YOUR SPIRITUAL AWARENESS****

Beloved masters, let us pause for a moment before we begin our discourse. Close your eyes and allow the sense of time and space to fall away. Envision streams of Love/Light radiating from within

the wellspring of your heart center, and then flowing out in concentric circles to encompass everyone

and everything on Earth. Now see them continue upward and outward toward all the planets and star

systems within your solar system. Via your inner vision, watch as billions of minuscule streams of Light

radiate back to you from every sentient Being on Earth.

It is important that you set aside the hate, fear, judgment and your different beliefs so you may

connect with the core Love Essence of your brothers and sisters around the world. You are unique and

yet you are the same, for within every Soul there is a White Fire Memory Seed Atom of pure Divine

Light. Allow yourself to be lifted to a rarified place where you are a soaring, radiant Being of Light

connecting to every other Being of Light within this Sub-Universe.

There is no separation. There can be no separation, no matter how far you journey forth from

the heart center of the Creator. It does not matter what assignment you have accepted down through

the ages or the appearance of the cloaks of flesh you have assumed. It does not matter how many

times you have divided your White Fire Seed Atom into smaller and smaller fragments; you have always

been connected to the Supreme Creator, our Father/Mother God, and to one another as well. THE

CONNECTION HAS NEVER BEEN BROKEN AND IT NEVER WILL BE!

Breathe deeply and slowly as you sense multicolored, luminescent, billowing waves of Light

filled with the Love/Light and the virtues of our Father/Mother God surround you. Within these rarified

waves of Light are all the energy and programmed Memory Seed Atoms you will ever need to build

your field of dreams, to lay the foundation for the New Age, and to reclaim your masterhood.

Know that the barriers of the astral planes between us no longer exist. Even though we were

never truly parted, know that we now have permission to strengthen our connection with you, moment

by moment, day by day. No longer are you children stumbling through the dark on a path to nowhere.

No longer will you feel as though you are pawns of fate. You are awakening and you are remembering

that it has all been a grand experiment; however, the experiment is swiftly coming to a close.

As you realize your God-given rights as a cocreator, no longer will you create that which brings

pain and suffering. Why would you, when just as easily you can create joy, peace and abundance? All

you have to do is to strive to stay heart-centered and Soul-focused. Will you give us permission to be

an integral part of your life, and open your mind to the possibility that we are real? When you do so,

you will move into the magic realm of harmlessness, whereby you no longer feed the negative energy

mass consciousness force field of the astral planes. Instead, you will add your vibrant, loving energy to

2

the etheric field of Love/Light that surrounds the Earth – the Golden Cosmic Grid of Illumination.

Can you not sense your old world and reality gradually slipping away? The negative thought forms of the mass consciousness belief structure that were captured in the lower astral (emotional)

planes are being swiftly dissolved. The frequencies of extreme duality and polarity consciousness are

gradually losing their hold on you. Multitudes of you are slowly returning to balance and harmony,

thereby loosening the grip of your shadow-self as you project more and more Light into the darkness.

The rules of the game are also changing as you move upward on the Path of en-LIGHTEN-ment. It is

often called the narrow path, and this is true. Each of you is held accountable – not judged – according

to your level of awareness. Your guardian angels and Higher Self are constantly presenting you with

opportunities or challenges to assist you in your awakening process.

A great percent of the masses are still swayed by various primitive, religious, dogmatic teachings. It is most difficult to release and move beyond the established ideas and belief which most

people have been subjected to from a very early age. Racial, cultural and religious beliefs create strong

emotional boundaries. As you become an observer and begin to operate within the Universal Laws of

Creation and the rules of cause and effect, you begin to see the wisdom and justice of all that occurs

within your life. If you are to gain mastery of yourself and your world, you must begin to fine-tune your

Spiritual awareness.

Remember, you must agree to and submit to a particular authority before it has any power over

you. It is also important that you understand, whatever realm of consciousness you are currently

attuned to and functioning within, whether dense or refined, that it is your reality for the present time.

If you do not like what is happening in your personal world, change your beliefs and your actions, and

your personal reality will quickly follow suit. Only the brave and courageous ones have the strength, will

and determination to break the restrictive bonds of the lower dimensions, and to step forward to join

the ranks of the seekers of wisdom. It is vitally important that you clear your mind of superstition and

dogma and seek your own higher wisdom and truth.

Only when you attune to the realms of the highest Fourth and the entry levels of the Fifth

Dimension will you attain a greater sense of “Self” so that you may begin to merge with greater and

more expansive Facets of your Higher Self. You are in the process of developing your Sixth Sense –

the intuitive mind, whereby you will have direct communication with your Soul Self and certain Facets

of your OverSoul–Higher Self. It is the beginning phase of creating a direct line to the Cosmic storehouse of Divine Wisdom.

Through trial and error, you are learning to become proficient in the use of the Universal Laws

of Manifestation. The results of your choices are quickly brought into your awareness so that you will

know that the Laws of Cause and Effect are immutable and you really are the creator of your reality

and the world around you. Greater awareness begets greater opportunities but also more responsibility.

The spiral journey homeward can be a gradual climb or a swift one. However, it entails making the right

3

choices within your level of en-LIGHTEN-ment, and also striving to use your abilities to their highest

potential.

My brave ones, do not seek God in the heavens or some far away, unattainable place, for the Essence of the Creator, a Spark of Divinity, resides within your Sacred Heart. Many of you are

becoming aware of your Divine origins; however, you have only a slight inkling of your vast potential as

a bearer of Cosmic Love/Light. It is vitally important that you become attuned to the ever-increasing

frequencies of the New Divine Blueprint for the Aquarian Age, for they will assist you in attaining the

status of a Self-master, which is necessary if you wish to move forward gracefully on the Ascension

Path into the radiant new world of the future.

Beloved ones, when you allow the shackles of time, space and the density of the lower dimensions to fall away, your visions will become sharp and clear. Your resolve will strengthen, and

you will confidently move forward with ease and grace, for your constant mantra will be: "For the greatest

and best good of all." Remember, you should place no expectations or restrictions on how or when

your visions will manifest.

As more and more of your cosmic origins become available, many of you have become uncomfortable and fearful when you read some of the stories of your ancient history and the messages

which describe the great diversity of Creation. It is up to you to accept or discard what you will claim

as your truth. We have told you that there is much truth woven within the myths and stories of your

past – probably more than you would like to believe. Since the question has been asked of our

messenger, allow us to give you an example. Down through the Ages, humans have always had a great

fascination with dragons, both good and evil, and they are one of your most enduring myths.

Dragons are depicted as great Beings with wings and long sweeping tails, often with colored scales for skin, and always breathing fire from their mouths and nostrils. Some people have a great

affinity for these creatures; however, mostly they are feared and depicted as dangerous or evil. Some

years ago, when this question was posed to our messenger, we took her on an inner journey out into

the galaxy so that she could experience the true origins of the “dragon myth.”

Many, many eons ago, as this Sub-Universe was being “Seeded” with its Divine Blueprint, envision yourselves as God-Conscious Beings of great radiance. You were magnificent, expansive and

flowing Beings who contained within all of the Rays, colors, virtues and attributes of the Creator. Some

of you chose to display the rippling, iridescent colors of what might appear to be scales, while others

experimented with many other forms. As a cocreator SUN, you soared and experimented, leaving great

trails of Light that could be described as wings and a sweeping tail. And as you used your powers of

Creation, you breathed forth great beams of God’s First Ray of Divine Will and Power, or the Fire of

Creation. Oh, what wondrous Beings you were, and what wondrous deeds you wrought as you soared

throughout the great Void of this new, unmanifested Sub-Universe. All of this was in preparation for

your eventual descent down through the multi-dimensions and into the physical worlds. However, many

brave Souls agreed to remain in the Dragon Brigade in service under the Great Builders of Form and

Archangels. The Dragon Brigade is active throughout this Sub-Universe at every level in which the

programmed Divine Blueprint is to be made available for manifestation within the material realms of

existence.

Only those of you who have been able to move out of the confines of your physical vessel and

soar in Spirit to the higher realms have an inkling of what those wondrous realms are really like. We

have told you that the visions and explanations we give you are of the most simplistic nature and are

only a minuscule portion of how it truly is where we reside. So you see, in order to bring forth these

wondrous visions of how it was in the beginning and the multitude of forms you have assumed, you

have had to filter them through your physical mental faculties. The dragons and many of your monsters

are only your version or vision of some of God's greatest Creations, and your concepts could not be

further from the truth.

Each and every one of you is responsible for the energy you draw forth from the cosmic bank

of Primal Life Substance. How are you spending your spiritual inheritance? As we embark on this

important phase of evolution together, please take time to define your commitment to yourselves and

to your Universal spiritual family.

Know that we, the angelic forces, under the direction of our Father/Mother God stand steadfastly

beside you. When you sense we are near, trust your feelings, for in truth we are beaming our Love/Light

into your auric field. Listen to the whisperings of your Soul, for it will, unerringly, assist you in following

the best course of action and help you to make the wisest choices. You are loved most profoundly. I

AM Archangel Michael.

BELOW IS AN ARTICLE FROM ARCHANGEL MICHAEL GIVING A COMPREHENSIVE EXPLANATION OF THE

IMPORTANT ROLES OF THE DRAGON, DEVIC AND ELEMENTAL KINGDOMS IN THE PROCESS OF CREATION

WITHIN THE MATERIAL REALMS OF CONSCIOUSNESS.

THE SCHEMATIC FOR RADIATING THE DIVINE BLUEPRINT FOR

OUR SUB-UNIVERSE FROM OUR FATHER/MOTHER GOD, DOWN

THROUGH THE MULTI-DIMENSIONS TO HUMANITY, THE EARTH

THE DRAGON, DEVIC AND ELEMENTAL KINGDOMS©

ARCHANGEL MICHAEL ** RONNA / SACRED SCRIBE **

Our Father God receives the White Fire Seed Atoms (Adamantine Particles of Creator Light) directly from the Supreme Creator. He then infuses the Particles of Divine Light with his Divine Blueprint Seed Atoms for a new Creation. This new Creation could be anything from a star system, a Sub-Universe, a galaxy, a solar system, a planet, or a new en-Souled Race of Human Beings. However, the particular new Blueprint we will focus on at this time has been created for our Earth, and the transition

5

process that we are now experiencing: balancing and harmonizing the final sub-levels of our Fourth-Dimensional world and preparing for the entry level of our new Fifth-Dimensional environment. This process includes the integration of the Five Higher Rays of Galactic Consciousness.

After our Father God has completed Seeding the great White Fire Seed Atoms with a new Divine Plan for the Earth, they are then implanted within our Mother God's cosmic womb. At which time she activates the Seed Atoms of the new creation with her Holy Spirit frequencies of Life/Love/Wisdom. She then radiates them into another SUN of Light where the Paradise Suns (the individualized Paradise Creator Son and Daughter) will reside. They will become the bearers of the primary duality/polarity

Divine Blueprint for our Sub-Universe. The Paradise Suns are already encoded with the Divine Blueprint

for the entire cycle of humanity's sojourn on planet Earth. However, the new components for the first

phase of the Aquarian Age, the upgraded Divine Blueprint, must be modified and activated before they

are sent forth to the Archangelic Kingdom for further distribution.

The enhanced Divine Blueprint is then radiated forth into the twelve Great Rays embodied by

the twelve Archangels of our Sub-Universe. These wondrous Beings integrate and expand to accommodate the new frequencies of Creator Light. This Divine Blueprint is a specific one for our Earth,

humanity and the Devic and Elemental kingdoms. The Archangels radiate all of the attributes, qualities

and virtues of the twelve Rays, within the Divine Schematic, into three great Pyramids of Lights. The

one on the left contains the new mandate for humanity's final passage through the seven sub-levels of

the Fourth Dimension. The center Pyramid is the largest and contains the data for the transition of

Gaia/planet Earth into a higher Fourth and lower Fifth-Dimensional environment. The Pyramid on the

right contains the higher vibrational frequencies of Light that the Devic / Elemental Kingdom will now

radiate forth to the Elements and to all of "non-enSouled" Creation on the Earth Plane.

At this stage, the great Lords of Light / the Elohim / the Builders of Form take over the process.

Within those three Pyramids of Light, the new activated Blueprint is encoded, along with the great White

Fire Memory Seed Atoms containing the Frequency Patterns for each of the expanded twelve Ray

attributes, qualities and virtues for the Aquarian Age. The Elohim then refine, step-down, and add all

the details to the Blueprint for the new creative project. The Lords of Light, within each Light Pyramid,

then call forth the great Dragon Brigade. (Archangel Michael is the Commander-in-Chief of the Dragon

Brigade.)

The Dragon Kingdom come in multiple sizes, colors and configurations, depending on which

Sub-Dimension they serve: the lower the electromagnetic energy patterns of the Dimensional

environment, the smaller the dragons. Also, their size depends on what is their particular creative

specialty (of which there is an endless variety).

Each dragon has been assigned to a particular Archangel, and embodies the attributes, qualities

and virtues of the Ray which each Archangel “Ray-diates”. The colors of the Rays change periodically,

depending on many things (which we will not address at this time). Suffice it to say, a Dragon will

assume the Ray colors of his "Guiding Archangel," which applies to the particular Dimensional-

frequency levels, and the time frame within which they are performing their duty. (In the higher

dimensions there are many more than twelve Archangels who perform their Lords of Light directed

duties.)

Members of the Dragon Brigade then go forth to the level in which the programmed Divine Blueprint is to be made available for manifestation, within the material realms of existence. In this case,

within the Fifth Dimension, for access by the StarSeed Souls on Earth in the higher Fourth-Dimensional

planes. The number of Dragons required depends on the size and scope of the project to be Seeded or

how many megawatts of God Seed Atom Light Power are needed.

Another duty the Dragon Brigade performs is to supply the Love/Life energy from our Father/Mother God to the great Devic and Elemental Kingdom and all of Creation that is not enSouled

with an I AM consciousness. Their Life/Line to the God Source is supplied by the great Dragon Brigade.

The Dragon Brigade, for each Sub-Dimension, radiates forth the vibrational patterns for that level. The

Seed Atoms are then gathered into Pyramids of Light, which have been placed all around the world,

where the Devic Angels go to replenish their supply of God Light. They then radiate the Seed Atoms

into innumerable formulas, which are sent forth to the vast Elemental Kingdom. Those faithful servants

of our Father/Mother God then supply the Life Force energy for all godly creations which are not

enSouled.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL

RONNA VEZANE ** SACRED SCRIBE

LISTENING TO THE WHISPERINGS OF YOUR OVERSOUL / HIGHER SELF

Your major goal at this time is to return the frequency patterns of your personal Third- / Fourth-Dimensional reality to

the originally designed, harmonious spectrum of Light and shadows. In doing so, your pendulum of consciousness will

not swing so radically from positive to negative energy and your mental and emotional natures will become stabilized

and centered once more. This is an important step in learning to live centered within your Sacred Heart and Sacred Mind.

As you elevate your vibrational patterns, the higher frequencies of Light will gradually dissolve the many membranes of

Light that restrict you from accessing your higher consciousness. Once this occurs, you are well on your way to becoming

a conscious, Soul-inspired Self-master.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * SEPTEMBER 2021

RONNA VEZANE / SACRED SCRIBE

YOUR SPARK OF DIVINITY IS IMMORTAL AND ETERNAL

Beloved masters, never forget, your reason for Being is to become a conscious cocreator and that our Father/Mother God is the Life-Giving Force of your existence. You must let go of the straight

line, linear time concept whereby your choices are limited and influenced by the past. A Self-master

functions within the Law of the Circle, the concept of the Infinity Loop (a horizontal figure 8). The

Infinity Loop that continually flows forth from you is filled with Divine potential; however, the Infinity

Loops around you in your personal Creator Wheel must contain the thought forms of harmonious

frequencies to support your vision. You are assured that your desires and visions will manifest in the

perfect way and perfect time, if you stay centered in your Sacred Heart, and maintain clarity of

thought and action. Remember, the human Spirit cannot be defeated, for it is composed of God-stuff

and is therefore indestructible. The Spark of Divinity that has been allotted to each of you is immortal and eternal.

The world you now live in is not a reflection of the world that was planned for you. Stored

within your DNA are etheric time atoms which hold the memory Essence of all your past lives. You

have separated and refracted yourself thousands of times; however, you have memory cells of your

Divinity waiting to be accessed and incorporated into your Being. These memory cells are the building

blocks of your Light Body. It is a time of attuning to the consciousness of your body elemental, and

you must make time for introspection in order to develop spiritual sensitivity. You must make a habit

of continually monitoring and controlling your STATE OF MIND as you move deeper and deeper into the

process of ascension and the expansion of your conscious awareness. Gradually, a good portion of

your memory of past events will begin to fade as you move out of the realm of the instinctual brain

and conscious mind into the realm of the higher mind.

Over time, humankind became sense-conscious instead of remaining God-conscious, thereby

gradually losing the opportunity for Self-expression. The inspiration and guidance of the Higher Self

and the Soul were gradually replaced by the nudgings of the ego desire body. Original thought

became a thing of the past as humanity became stuck in the illusional, collective consciousness realm

of thought. Your beliefs and concepts of truth became rigid, structured and often distorted. As you

gradually lost the connection to your internal guidance, you began to focus on the outer world, and

you became mostly a reactor rather than an initiator.

Those who are functioning within the frequency environment of the discordant Third and Fourth Dimensions rely on their subconscious and conscious minds to store information and knowledge. Some are better at retaining and retrieving information than others; however, it is ineffectual or distorted in many instances. Remember, knowledge must be integrated and used in an appropriate, efficient way in order to be retained as wisdom. The chakras are subconscious mind centers. In the beginning, these centers worked in perfect harmony; however, gradually over time the spectrum of duality became stronger and more prevalent, and your vibrational patterns became more discordant. As the chakra system is balanced and harmonized, the power centers of the chakras begin to work in unison for the greatest good of the host instead of warring with each other for

2

supremacy.

When you exist in the first four inner-dimensional levels of the brain, you are in an Earth-bound state of consciousness. Your focus is on “self,” your personal interests and the bodily sensations of the five outer senses: sight, sound, smell, taste and feeling. This is the realm of the ego desire body and the personal self since the greater portion of your Soul Consciousness has

withdrawn into your Soul Star within the Eighth Chakra, approximately six to ten inches above the

crown of your head. There is a strong, narrow-minded focus on others and the world, with rigid, self-

serving opinions.

In order to effect change, you must consciously choose a positive alternative to negative, habitual responses. You must diligently strive to release and clear old, impacted thought forms that

are keeping you stuck in limitation. Many of you have made great progress in the process of balancing or clearing the imperfections within your auric field. It is imperative that you clear the

destructive or distorted thought patterns of the past so that you can create the new, empowering

blueprint of the future. During your nightly review of your day, envision a positive alternative to

negative situations in your life, and then focus on that vision unerringly. You must keep the channel

of communication open between the Soul and the brain via the mind. This initiates the slow reactivation process of the Pineal Gland and the opening of the portal to the Sacred Mind, which is

located at the back portion of the brain, close to the crown of the head.

Gradually, as you progress into the higher, semi-balanced Third Dimension and lower, sub-levels of the Fourth Dimension, awareness begins to expand to include select others – those who fit

into your accepted realm of thinking and being. Your acceptance and love for others have conditions,

for your personal needs and desires are still foremost. However, your love and compassion quotient

begins to expand to include those who fit comfortably into your picture of reality.

You begin to listen to the small voice of your consciousness or your Soul Self; however, you do

not always follow its guidance. Some of your deep-seated habits become burdens, and you begin the

process of attempting to change or release them. Thus, the battle between the ego and the Higher

Self begins. Gradually, the ego takes a secondary position as the servant of the Soul. Your personality

slowly begins to change, for the ego no longer controls your emotions and your desire impulses. Your

viewpoint of others gradually changes also, and you begin to see situations from a higher, broader

point of view. Ascension is mind-expanding, a process of passing from one state of consciousness into

another. Your awareness gradually expands to include all humanity, the Earth, the solar system and

the higher universal laws. No longer is your focus on the little self. The ultimate goal is to become a

Galactic Being and to eventually attain a Universal consciousness.

When you attain and maintain some of the frequency patterns of the higher Fourth

Dimension and the entry level vibrational patterns of the Fifth Dimension, a Soul merge download of

the Facet of your Higher Self that resides within your Soul Star begins. The Higher Soul Self gradually

sends down the Essence (Memory Seed Atoms) of your Higher Self into your Sacred Heart Center. In

turn, this action will ignite more of the Three-Fold Flame (Divine Love, Divine Wisdom, Divine

Will/Power) within your Solar Power Center, which encompasses the heart, thymus and throat area.

3

When this process is completed, you will have integrated the attributes, qualities and virtues of that

portion of your Soul Self. Thereafter, the next higher level of your etheric Higher Self will descend and

take up residency with your Soul Star, awaiting ITS turn to merge with you. This process will repeat

itself over and over again, as you merge with greater and greater Facets of your Divine Self.

The earlier in life you begin to listen to the nudgings of your Soul and Higher Self, the easier it is

to bring the ego and the personality self under control. Your Soul Self, which has an inborn sense of

right and wrong, will grow stronger and stronger if you take heed. Or it will gradually become silent if

you do not. As the power of the Soul expands, sensitivity increases, and your thoughts, desires and

actions become more refined and loving. The Light of the intellect and the Light of reason bring

wisdom and understanding, for it supplies the mental nature with the fuel that enables you to

comprehend and master the world of form.

Be aware that forgiveness means to release or resolve imbalanced frequency patterns you have created between yourself and others as you strive to return to center. Forgiveness means

freeing yourself from negative emotions so that you may continue to receive the Adamantine

Particles of Divine Light. Remember, the pure Essence of the Creator that you draw forth into your

Sacred Heart must be ignited and activated via the frequencies of unconditional love.

The 2,000-year Piscean Age was ruled by the emotional nature and the Astral planes of the Fourth Dimension. The next 2,000 years, the Age of Aquarius, will now focus on the science of

spirituality and the mental nature as humanity gradually moves into and becomes acclimated to the

highest levels of the Fourth Dimension, and the lower entry level frequencies of the Fifth Dimension.

With you, the Star Seed, leading the way, humanity will gradually adjust to a new, expanded Self-awareness, which will gradually become the accepted norm. An aspirant on the Path must

traverse the sub-planes of the Astral Plane and gain control of the emotional / astral body – the lower

nature – thereby balancing the three lower chakra centers and initiating the activation of the Sacred

Fire of the Kundalini stored within the Root Chakra.

In the future, it will also be normal to live within the aura of a Master, a distinguished Being of

Light or, on rare occasions, an archangel. You, the aspirants on the Path, are building a bridge

between the material world and the world of Spirit. You must be diligent in your search for the truth,

and you must have an intense desire and willingness to serve if you are to join the ranks of the

Masters.

You are now in the process of adjusting to the higher frequencies of electromagnetic Light currents. The Soul Self encourages you to become consciously aware of the Universal Laws so that

you may take full advantage of your God-given creative abilities. All Facets of manifestation begin

internally, and ANY concept or abstract idea to be birthed must go through an incubation stage

before it can become a reality in the world of form.

You must reclaim the personal power you have given to others. Also, consciously releasing the

energy everyone else has placed in your auric field or attached to your Solar Plexus is a primary phase

4

of returning to balance and harmony within, which is required in order to once more become a

master of Self. The path to higher consciousness will eventually result in directly experiencing your

God Self / I AM Presence and the splendor and majesty of the Creator in some of ITS many forms.

ALLOW US TO GIVE YOU A FEW MORE THOUGHTS TO CONTEMPLATE UNTIL WE COME TOGETHER AGAIN.

THE LIGHT FREQUENCIES OF KNOWLEDGE BECOME THE LIGHT OF WISDOM:

KNOWLEDGE = PERSONALITY LIGHT ** WISDOM = SOUL LIGHT ** INTUITION = HEART LIGHT

1. You may deny the SOURCE of all but our Father/Mother God will never deny you.
2. Remember, just because you believe something to be true does not make it so.
3. Loneliness is an illusion. Turn inward and you will find the loving companionship you seek. It is vital that

you remain in the protective custody of a golden-white sphere of God Light, where you are assured security,

inspiration and guidance. You qualify your breath with the energy of your intentions. Your Sacred Breath and

intentions add fuel to your visions. The human Spirit cannot be defeated, for it is composed of "God Light,"

and, therefore, it is indestructible. You must build your own Light center in order to claim your Sun-Ship.

<<THE TRIAD OF SUN-SHIP: THE BRILLIANCE OF YOUR DIAMOND CORE GOD CELL,
PLUS THE LIGHT OF YOUR SOUL, AND THE GLOW OF YOUR SACRED HEART
CREATE THE RADIANCE OF YOUR AURIC FIELD OF LIGHT>>>

We emphasize again, there is an urgent need for trained, dedicated WORLD SERVERS. Initiation

is now a group event – not simply an individual attainment. As you strive for Self-mastery, you must

be willing to assist those on the Path behind you in some way so that as you are lifted up, so is all

humanity. The Soul has a natural inclination toward group-consciousness. It is your Soul which is

seeking reunification, not the personality.

My brave ones, be very sure that your primary focus at your present stage of life is on that which you desire to experience in the future years of dramatic expansion of consciousness and the

monumental world changes which are now in progress. Be mindful and aware of every moment so

that your focus becomes one-pointed and clear, for you are creating your new world of tomorrow,

one thought at a time. We are ever near to guide and direct you. You are loved most profoundly. I

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * OCTOBER 2021

RONNA VEZANE / SACRED SCRIBE

HOLD STEADY, BELOVEDS

Beloved masters, we will review some of the fundamental lessons of the past for those who have

recently begun to claim their full Soul Consciousness and Self-mastery for this lifetime. What we term as

Sacred Breath consists of the normal Third- / Fourth-Dimensional air that consists of oxygen as well as

Prana – the Hindu word for Universal Life Force energy – which flows in currents into and throughout the

physical vessel. However, it also contains the Adamantine Particles of Creator Light. The magnitude and

power of these Divine Particles increase with each higher level of consciousness you attain. The

empowering Breath of Infinity opens the pathways that lead to the multi-Dimensional levels of Creator

Consciousness. Your inner perspective will automatically broaden as you gradually change your way or

mode of thinking and perceiving.

Once you have opened the back portal of the heart, the Inbreath loop of the Infinity Breath passes

through the Medulla Oblongata and out the Ascension Chakra (the back portal of the head) at the base of

the skull, as it sweeps upward into your Soul Star. The Adamantine Particles of Creator Light that you have

inhaled are programmed to integrate a specific number of Life-Code Memory Seed Atoms from your

OverSoul-Higher Self as the Sacred Breath passes through your Soul Star. The Outbreath or exhale passes

through the Root Chakra and enters the Kundalini Seed Atom contained therein. Monitored by your

OverSoul-Higher Self, measured portions of the Adamantine Particles stored within the Root Chakra are

added to the Sacred Breath. **Note: Illustrations and the full explanation of the Infinity Breath One and Infinity Breath

Two can be found in REFERENCE & REVELATIONS – a study manual – on my website: www.StarQuestMastery.com * Ronna)

The Adamantine Particles of Light, which are stored in the Root Chakra, are unique for they contain the programmed Memory Seed Atoms of your current Divine Blueprint – your special talents,

attributes and qualities from past life experiences – as well as the distorted Memory Seed Atoms that

you brought forth to heal and harmonize.

The Sacred Breath then moves back up in front of the physical vessel and automatically enters the

body where your crystalline Still Point Seed Atom is located. This Seed Atom was designed to magnetize,

integrate and hold these higher frequency Particles of Light. It could be called a Staging Center, for it is

directly connected to your Sacred Heart. The Adamantine Particles of Light are then drawn into your

Sacred Heart to be activated through your Seed thoughts and intention. These programmed Adamantine

Particles are then ready to be breathed out into your Twelve Ray Creator Wheel, as well as out into the

world-at-large. A dedicated portion will also stream outward into the Fifth-Dimensional World Pyramid

and other Pyramids of Light of your choice.

2

The Pineal Gland could be called a Light filter for the brain. The chakra system is designed to

magnetize and filter into the body the appropriate vibrational frequencies, RAY-diated by the Archangels

bearing the attributes, qualities and virtues of each particular Ray. There is a complex formula composed

of a broad variety of frequency patterns that constantly penetrate the human auric field, which are then

conveyed to the glands and memory centers within the physical body. Your level of comprehension and

awareness will increase with each download of higher frequency energy.

Once you have gained access to your Sacred Heart and you have activated your Solar Power

Center, the Zero Point or the Still Point Seed Atom within your Solar Power Center begins to store a

reserve of Cosmic energy. As you become a Self-master and a conscious cocreator, you will have access

to an infinite amount of Adamantine Particles to use in your creative endeavors and to share with others.

The SACRED WHITE COSMIC FIRE Adamantine Particles that you magnetize to you as an awakened Self-master

must continually circulate. Only a certain amount, that which is appropriate for each Soul to integrate at

their current level of en-Lighten-ment, can be stored within the physical vessel. The balance must be RAY-

diated out into the world-of-form.

Mature spirituality is not an unconscious experience. You must endeavor to develop a Self-sustaining Divinity, whereby you are constantly breathing the rich Breath of Life — Adamantine Particles

of Creator Essence. By doing so, you will begin to receive spiritual sustenance from the River of Life via

the Eighth Chakra, your Soul Star, and through the back portal of your Sacred Heart.

Each Self-aware person functions as a living star capable of receiving and conveying harmonic

frequency vibrations according to his or her level of consciousness. As you are now aware, these

frequencies are called your Soul Song. You are a POINT OF LIGHT, a vibrant Spark of the Divine. This Sub-

Universe is composed of one gigantic Celestial Soul Song.

As you develop the ability to deeply and effortlessly breathe the Sacred breath, your awareness

will gradually descend into your Sacred Heart Center, and then even deeper into the Vesica Piscis

Mandala, which contains the White Fire Memory Seed Atom – your own personal Divine Facet of our

Father/Mother God. This is when you may draw forth all the Sacred Love you can contain. This is where

you begin to realize that you are the dreamer as well as the dream. It is in this Sacred Space that you will

begin your journey back into the wholeness (holiness) as you strive to recreate yourself as a SUN CHILD of

our Father/Mother God. This has been preordained; it is your Divine Heritage.

Please remember that only a minuscule Facet of your Archetypal Being is incarnated in the density

of the Third/Fourth Dimensions. The Fourth Dimension contains the astral plane, which is a bridge to the

Fifth Dimension. The three lower sub-levels are filled with a great array of emotional energy debris and a

3

broad spectrum of discordant frequency, mental thought forms. The Fourth Dimension is the storehouse

for the mass consciousness beliefs of humanity from all past ages on Earth. The Fourth Dimension also

contains the mental body auric field of the Earth.

You are called StarSeed for a reason, for as you return to Self-mastery, you will initiate the process

of integrating highly-developed crystalline Life-Code Memory Seed Atoms – a new, advanced evolutionary

process to be used in the next forthcoming Golden Age. Humanity is ready to take a giant leap in

consciousness. At some point in every person's Soul journey throughout time and space, there is a

yearning to return to the higher realms – a Divine discontent sets in that cannot be denied.

First you must become aware of the subtle voice of your conscience. The whispers of your Soul

will grow louder and more distinctive as you begin to pay attention to the call of Spirit. A sensitivity grows

within your feeling nature as you become attuned to higher vibrational patterns of people, places,

thoughts and actions. Eventually you will learn to distinguish the Soul Song vibrations of your Soul family

and of the different masters and angelic Beings.

Yes, humanity is in the midst of dramatic changes, an evolutionary process of profound proportions. However, remember, it is just a part of the never-ending spiral. All of you who are awakening

to your God Consciousness have experienced a great variety of momentous transitional processes

throughout this Universe.

Please take heed, no longer will you be allowed to stagnate or even stay at a certain level very

long—time and the process of transformation are moving too rapidly. Your language is changing, and

your thought forms are different. The old areas of your brain, which contain your past, are gradually being

refined or dissolved, so it is beginning to seem as though everything that happened before, even last year,

is a vague dream. New areas of your brain are being activated, and you must learn to think in a whole new

way.

Light packets of information, holographic pictures of great significance, and Sacred geometric

patterns will begin to filter into your consciousness, and you must learn how to decipher them. It may

seem as if those whom you are moving beyond no longer understand you or you cannot find words to

carry on the old mundane patterns of conversation. You will also find that you do not need to verbalize

every thought as you begin to telepathically pick up the energies and thoughts of those around you. Your

intuitive abilities will increase, and you will not be easily deceived. You will speak your truth with Spiritual

integrity, and you will not be willing to engage in the negative games of the past. We implore you: do not

become attached to any way of Being, any one modality or any philosophy that is too narrow or

structured. Also, do not buy into any agreement that gives power to someone outside yourself.

Discernment, discernment, discernment! We cannot emphasize this enough, for as quickly as an

apparent truth comes forth and you incorporate it into your belief system, it may be superseded by a

higher truth or a new concept. In looking back, can you not see that much of the knowledge you now

accept as your absolute truth was beyond your wildest imagining ten years ago, or even six months ago?

Be aware that many of the things you are so certain about today will undoubtedly change tomorrow or in

the near future.

Mentally, new ideas and concepts are bombarding your consciousness. Nebulous at first, but gradually solidifying as you use your enhanced reasoning abilities to unfold and decode the formulas and

inventions of the future. As you tap into the higher planes of the Fifth Dimension, you will begin to

remember Facets of the blueprint of Creation for this Sub-Universe – including, how to hold a pure thought

until it is brought to fruition, and how you assisted in the creation of a great variety of wondrous things.

Many of you will begin to see geometric shapes, sparkling crystals and brilliant new colors as you move

through and beyond time and space into the realms of Light.

We have told you that many special dispensations are to be given to those who bravely step to the

fore and claim their heritage. That time is NOW! As the masses awaken and cry out for assistance, solutions,

information and encouragement, you will be needed more than ever, my brave ones. We are waiting to

empower you, to gift you with wisdom, abilities and knowledge beyond your wildest imagining.

You see, your brain has always functioned at 100% capacity, which may come as a surprise to you,

for you have heard that the average person only uses approximately 10% of their brain power. Before the

mid-1900's, the masses have only had access to that limited portion of the brain which resonated to the

frequencies of the Third and lower-Fourth Dimensions.

It is the mind that is or was restricted – not the brain. As you balance and integrate the higher

frequencies, you gain access to your Sacred Mind, which contains much more of your brain power

(Memory Seed Atoms). This is how you gain access to the higher Fourth- and Fifth-Dimensional levels of

Cosmic Wisdom.

Some advanced Souls are even tapping into the entry levels of the Sixth Dimension. It is not possible to access those advanced portions of your brain until you attune to those refined frequencies.

The major goal at the present time is to raise your vibrational frequencies to the level necessary to clear

the membranes of Light which guard the portals to your Sacred Mind and Sacred Heart, and the Fifth-

Dimensional levels of the brain structure. That is when you will truly begin to make progress in your

Spiritual quest.

5

Be aware that there is an ebb and flow to the process of Ascension. There are, periodically, great

pulsations of new higher Cosmic Ray vibrational patterns – the Divine Blueprint for the Aquarian Age --

bombarding the Earth, with quiet times in-between so as not to create an overload situation. Ascension

is not a steady, forward-motion process. It is an insurgence of energy and new information, and then a

time of assimilation, integration and manifestation. Many of the sensations seem more pronounced to

you at this time. You may feel as though you have taken a great leap into the unknown at times or you

have taken a step backward into uncertainty. At other times you may feel an intensified sense of

vulnerability. By now, you should be somewhat accustomed to the ebb and flow of magnified, accelerated

frequencies; however, when you are pushed to the next level of awareness, it often sets off an alarm of

varying degrees within your physical, mental and emotional bodies.

It is decision time, for this is an era of the Harvesting of Souls. Everyone must decide whether

they wish to move forward with the Earth as she spirals into the higher Dimensional frequencies – or move

on to another Third- / Fourth-Dimensional Planet which has returned to the originally designed Spectrum

of Light – to finish their lessons in the realms of duality and polarity. Many Souls will choose to leave the

Earth plane as a part of their contract and Divine Mission, and many other beautiful Souls are being placed

or readied to assume positions of authority and positions of power. They will remain low key, possibly in

the background, until it is time to step forward and make themselves known. They will be dynamic,

forceful and carry a new vision for humanity—one that will serve all people and create the foundation for

the New Age to come.

And so we say to you, “HOLD STEADY, BELOVEDS!” This is the time to seek your personal truth, to

once again take control and dominion over your world, to remember you are a representative of the

Creator on an important mission called “THE EVOLUTION OF HUMANITY AND THE PLANET EARTH.” Accept

your power as a master of cocreation. Integrate and activate the gifts you were endowed with that lie

dormant within.

Do not despair, beloveds, if you have been led to our current teachings and they prove to be too

difficult to understand. Our many messengers of Light have labored tirelessly to bring forth our wisdom

teachings that address the basic tenets of spirituality through the many intermediate levels, and now to

the current advanced cosmic teachings. If you will seek out these past messages, you will find your own

level of understanding, and you may comfortably proceed from that level forward.

The evolutionary process for humanity is in full-swing and moving forward at an astounding pace.

Open your minds and your hearts, beloveds, and embrace the infusion of Divine Love/Light that awaits

you. Bask in the glory of reunion with us as we move forward together on this incredible journey into a

6

new reality. We are with you always. You are loved most profoundly. I AM Archangel Michael.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * NOVEMBER 2021

RONNA / SACRED SCRIBE

RECREATING PARADISE ON EARTH

Beloved masters, as humanity and the Earth make ready for the next great leap in evolution and expanded consciousness, all is being shaken to the deepest core of existence. The higher you reach

toward enlightenment, the deeper you must go into the Core Essence of your past. As you tap into the

memory cells of your cosmic past and become aware of your royal heritage, you are also remembering

how it was time after time in your ancient past when your reality and the world seemed to be turned

upside down, and everything that was familiar swiftly changed in some manner or was swept away,

often through wars between races and nations or by ecological disasters via the elements of nature:

fire, water, air/wind and earth movement.

Every human on Earth is in the midst of an evolutionary crisis at some level. Multitudes are striving to shake off the residual thought patterns, habits and density of their animal/human nature.

There are also many of you who have functioned as refined “Beings” of humanity for many lifetimes

and are moving into the realms of Spiritual/Human Beings, whereby your Immortal Soul is burning

brightly within and your auric field is OverLighted by the Eternal Spirit Essence of our Father/Mother

God.

As we have stated many times before, GOD/GODDESS DOES NOT PUNISH. However, as the Universal pattern of change becomes more forceful and the Shift of the Ages accelerates, all that is not

based on truth, balance and harmony will be shaken to its core. As you are becoming aware, many

governments and civilizations that have been constructed and permeated with negative Third-

Dimensional vibrational frequencies of power, greed, control and dishonesty now must face up to their

misdeeds, and the betrayal of the trust bestowed upon them is being revealed. Those who insist on

building or living in the low-lying coastal areas should by now be aware that the radical Earth changes

that are taking place will continue and will increase for some time unless they stop building on the

quicksand of negativity and irresponsibility.

Your coastlines have changed many times before and will change again, for it is all part of the

cycles of nature and the cleansing of the Earth's surface. In the past, land masses have sunk, only to

rise again, refreshed, renewed and soon teeming with new life. Drought comes to those areas that

have been overused and destroyed by pesticides and chemicals, and deserts have blossomed after

being fallow for hundreds of years.

You have only to research the history of humanity and the Earth to know this is true, and so why are you so surprised when you, once again, move from a time of the status quo into a time of change. There have always been cycles of death and rebirth as part of the evolutionary process, and these cycles affect every facet of creation.

We do not wish to instill fear or doubt within. In fact that is exactly what we wish to dispel as we endeavor to assure you that you and you alone will decide whether you move into the New Age with ease and grace or through cataclysms and chaos. We wish to help you understand what is in store for you over these coming months and years. Most of you reading these messages are aware that these are the most important times you will ever spend on Planet Earth. The decisions you make now, and the energies you radiate out from you that create the forcefield within which you live will determine your reality, and how you will experience these momentous years of transition. It is time to decide whether you will move forward on the spiral of Ascension through the gift of the life process or the old energies of the death process. Make no mistake, every human Being on the planet is in the midst of this transformative process -- at some level and in some form -- whether they are aware of it or not.

I ask you to project your consciousness outward, away from yourself and your little picture of

reality. Assume an expanded awareness: Imagine, if it helps, that you are viewing your life and the lives

of those around you from our vantage point, giving you the ability to see the panoramic view of what

is occurring from moment to moment. Look back over your year, over several years. Have you not made

great strides? Are you not a much wiser, more compassionate and a more enlightened person? Can

you not see the perfection or at least the justice in what has occurred in your past? Are you not

stronger and wiser for your trials and tests along the way?

Observe those closest to you. Have they moved forward and expanded their awareness, or are

they still stuck on the treadmill of inertia -- fearful in their tunnel-visioned view of life? Are you

becoming more proficient in letting go of old, outmoded habits and thought patterns? Is it not easier

to filter through the plethora of information that is coming to you to determine what is your truth, and

also that which no longer serves your greatest good?

You are in the process of re-establishing a Sacred Heart and Sacred Mind connection with Spirit.

It takes a unified heart and mind to bring together the cohesive power of our Father/Mother God.

Unconditional love is the magic key that ignites the Fires of Creation. Love with conditions became the

norm as humanity sank into the density, and from these negative thought patterns all other self-limiting

3

concepts sprang forth and became your truth. Now is the time to reverse, release and restructure your

present reality, a new reality that encompasses all the lessons in mastery we have given you over

these past years.

We have given you ways to monitor your thoughts and to still the mind in order to reprogram

your subconscious and conscious minds with higher wisdom from your Divine Self. We have helped you

to bring the multiple-minds of your chakra system into balance so that, once again, they are working

in harmony, one with another. Any wonder you have been at war with those around you, for you have

been fighting a losing battle with your own shadow side for such a very long time.

You are the ones who must allow the Divine Force of Creation to filter through you, down into

the Earth and out from your Solar Heart Center so this wondrous elixir may gradually encompass the

Earth and help to awaken humanity. There will come a time when the radical forces of nature will no

longer be necessary in order to cleanse and bring harmony to the Earth.

Can you not see how vastly important each of you is in this process of cleansing and

transformation? Your goal is not just to ascend but to allow your Spirit-Self to descend so that there

can be an integration and fusion of the many complex Facets of yourself that were created on your

diverse and wondrous journey throughout this Universe, galaxy and during all your earthly experiences.

As StarSeed Souls, before descending through the multi-dimensional Universe, you had a multitude of experiences where you exemplified all the virtues and qualities of the Creator in perfect

harmony and in total alignment with Divine Will. In many other experiences you used your vast mental

abilities almost exclusively by focusing on a specific thought form or creation. Through your conscious

intent you brought forth the necessary pure Creator Light Substance, and like a laser beam you

projected forth that perfect vision until it was miraculously manifested on the physical plane.

You have also had many wondrous adventures focusing almost exclusively on the emotional Facets of your multi-dimensional Self. Using the virtues and attributes of your goddess nature while in

the higher realms of existence, you joyously merged your consciousness with the angelic realm, thereby

experiencing the exquisiteness of the love of Creation in its purest form as you went forth to assist in

the creation of worlds and realities beyond description. All the while you were experiencing these

diverse Facets of the Creator, your individualized Spirit-Self was registering and recording each

experience in your vast memory bank, for you knew there would come a time when you would need

to draw forth into your consciousness all the wisdom you had gained in the past.

4

Since your descent into the world of physicality, your Spirit-Self has been struggling to function

within its physical overlay as you have played the game of duality and separation. In numerous lifetimes

you focused primarily on your spiritual nature while excluding the other facets of your Beingness. It is

time to bring all these diverse Facets of your nature back into harmony so that you may function in a

state of unified consciousness once more.

When functioning within the illusional environment of the Third/Fourth Dimensions, the most

neglected facet of your Being was your intuitive mind or Soul mind. It is one of the greatest resources

you have within you, for that is your connection to your Higher Self and ultimately to the Creator

Source. Your Soul and Sacred Mind have a never-ending supply of fresh ideas and creative thought

forms just waiting for you to tap into them. Your intuitive mind, or that small inner voice, will always

point you in the right direction and help you make the right decision if you will only listen.

Since the fall into density, the wisdom of the Soul has been almost totally shut down within

most of the general populace. After that inner voice was ignored for so many thousands of years, with

great sadness, the Soul retreated into almost total stillness and dormancy as an observer, waiting for

the time when it would be called back into action as your partner in the journey of life. It is shining

brighter and brighter in those of you who have diligently striven to reconnect with your Soul, Higher

Self and God Ray (I AM Presence), and it is now a constant and loving companion who directs, inspires,

nurtures and protects you.

It will bring you together with members of your Soul family or with those whom you have something of importance to share. It will inspire and assist you in ways that will open the flood gates

of abundance and in manifesting your highest visions when they are in alignment with the greatest

good for all. Inspired thought and fresh creative ideas will pour forth effortlessly as you serve yourself

and others by becoming a cocreator of all that is harmoniously beautiful, loving and of the highest

order.

It may not seem so, but a wondrous new vision, a powerful probable future for humanity and

the Earth has taken shape and is being strengthened and magnified moment-by-moment, a future

whereby all humanity, as well as the mineral, vegetable, animal, human, Devic and Elemental kingdoms

will peacefully co-exist on Earth. It will be an Earth which is pristine in its beauty, that has sparkling

clear water, and clean healthy air to breathe. It will be a world of abundance and plenty where no one

suffers from lack of adequate food, shelter or opportunity, and a world whereby different races,

5

cultures, beliefs and traditions are honored and respected — where no one tries to force his or her

beliefs on others or deny others the right to live their own truths and follow their own customs.

As more and more of you slowly withdraw your attention and thoughts from the self-limiting

thought patterns of old, they are gradually losing strength and becoming ineffectual. Have we not told

you over and over again, Thoughts have energy, positive or negative, and what you focus on, you

magnify with your energy?

When you allow the attributes of your God Self to emerge and the refined energy of Spirit

becomes the dominant force in your life, the path is cleared for you to begin the process of accessing

the rarified frequency patterns of the full spectrum of the twelve Rays of your Diamond Core God Cell.

You are also integrating the gifts of the myriad parts of yourself — those Soul fragments who also made

the journey into density who are ready to share their wisdom and adventures with you. Therefore, you

do not have to have all the answers, just as it was not necessary for you to experience every single

Facet of earthly life. Your Divine Soul mates have done that for you, just as you have your unique

experiences and wisdom to share with them.

Remember, my brave warriors, you now have access to the New Divine Blueprint to recreate

Paradise on Earth in the emerging Age of Aquarius. We are here to assist you with all the forces of

Heaven at your beck and call. Reach inward and upward, we will respond. In love and gratitude, I salute

you, beloved ones. I AM Archangel Michael.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL ** DECEMBER 2021

WORLD SERVER GROUPS OF THE FUTURE

RECONNECTING WITH OUR WHITE FIRE SOLAR ANGELS

RONNA / SACRED SCRIBE **OVERLIGHTED BY ARCHANGEL MICHAEL**

RONNA: Dearest friends, while I was to preparing to research the information for Archangel

Michael's seventh book of messages: THE MAGIC AND MAJESTY OF ASCENDING HUMANITY, he told me:

"You have now arrived at the state of consciousness whereby it is important that you begin to relay the wisdom you have garnered from all of the teachings of the past which are now stored

within your Sacred Mind. Therefore, many of the messages and articles to be added in Magic and

Majesty are to be your interpretation and I will oversee your work."

So in the future, like this one, some of the monthly messages will be my interpretations with excerpts from AA Michael.

ARCHANGEL MICHAEL: “Beloved masters, the new group of World Servers will be those who are

well on their way to Self-mastery. This means those aspirants who have tamed the ego desire body, and

their Soul is now the OverLighting director of their future choices and life’s direction. They must have

gained entrance into the Sacred Mind and Sacred Heart, and therefore, they are attuned to their higher

mental and emotional bodies. As a result, they will have a burning desire to serve, to spread the Light

and the wisdom teachings of Cosmic Consciousness. Their focus will be on UNITY consciousness and

GROUP interaction, instead of an I, me, or my mindset.”

RONNA: There is a special group of WHITE FIRE ANGELS whose original mission was to OverLight

GROUPS OF SOULS who were ready to journey out into this Sub-Universe as cocreator sons and

daughters. They helped us to create and maintain our original ADAM / EVE KADMON LIGHT BODY.

These wondrous Beings were waiting for us within the refined dimensional levels of our GOD-SEED

ATOM at that incredible time when we first came forth into our individualized I AM Consciousness.

After we refracted our Soul Essence many times, and we moved outward into the two highest

Dimensional Planes of the Fourth Dimension, our WHITE FIRE ANGEL withdrew, for those were the

lowest levels they could refract themselves to in order to OverLight us. They would wait for the time

when we would return to those required higher frequency levels so that they could once again

OverLight and assist us in the acceleration of our reunion with our remaining Soul Fragments. They

would also assist us in the refining and harmonizing of our physical vessels and Auric Field.

The ancient teachings were often written in a way that the average person could not comprehend the deeper meaning of the messages. Much was written about the time when a Soul

reached a certain level of enlightenment and initiation, a great revelation would be given to the

aspirants. Those teachings spoke of a Solar Angel, a sphere of radiant fire that would OverLight them.

They also stated that there would be a stream of Light, which would emanate from the heart center of the SOLAR ANGEL into the Sacred Heart and Sacred Mind of the aspirant. This fiery link would

2

also radiate forth to connect with the many other Souls belonging to the same SOUL GROUP. This was

in preparation for the eventual return to Unity Consciousness within the Group.

During those ancient times there were very few Souls who reached the required level of vibrational frequency patterns necessary for Ascension. However, that has changed, and this is a time

of mass ascension; therefore, each SOLAR ANGEL will focus on an entire group – those who are

connected to a designated OVERSEER OF LIGHT for a particular SOUL FAMILY GROUP.

In a number of past messages that Archangel Michael has transmitted to me for people over

the years, he has stated: “WE WOULD HAVE YOU KNOW THAT YOU ARE THE EARTHLY ‘OVERSEER OF LIGHT’

FOR YOUR EXTENDED HEAVENLY SOUL FAMILY. You and those like you agreed to go through the painful

process of sinking into the deepest density of the ancestral family lineage – of the physical family – you

chose to be born into. This was necessary, so that as you are lifted up, so are all those within your SOUL

GROUP.”

RONNA: This concept is a wonderful validation of the statement, “You are in the process of returning to unity consciousness.” VIVEO, the White Fire Angel who came to me in February 2012,

told me that for those of us who are ready to accelerate the process of integrating the multiple Facets

of our Higher Self, his task is to assist us to harmonize our frequency patterns to a more refined degree,

so that the integration process will not be so tumultuous. This is necessary, for in the past, the process

of integrating the vibrational patterns of an OverSoul / Higher Self took a very long time, usually several

lifetimes before we were ready to complete the last phases of the Ascension Process. There is a fail-

safe to this process. Those who are attuned to and are following the teachings of Archangel Michael

are understandably at many levels and stages of the en-LIGHTEN-ment process. Therefore, the

connection with VIVEO will still be made with all members of the group who are seriously striving to

achieve a harmonious level of vibrational patterns.

However, he will not send forth a fiery sphere of his Essence to OverLight you until you have

reached and attuned to the required SOUL SONG FREQUENCIES of the highest Fourth-Dimensional

frequencies, in preparation to ascend into the entry levels of the Fifth Dimension. (Viveo is androgenous; however, his energy feels “masculine.”)

Of course, this wondrous gift and the accompanying rules also apply to the many different

groups who are following the enlightened wisdom teachings of other great BEINGS OF LIGHT, via the

many dedicated messengers around the world.

ARCHANGEL MICHAEL: “As you balance and harmonize your frequency patterns, and your Soul Song

moves into a higher octave, you will gradually become acclimated to some of the more refined

frequencies of Light. At that time, your personal Pyramid will automatically move into a higher -

Dimensional level than your work Pyramid. Your personal Pyramid will also expand in size to

accommodate all the new features that will be offered to you as you move deeper and deeper into the

higher realms of Light. It could be said that your personal Pyramid in the Fifth Dimension will become

your personal City of Light.

-3-

With your mind's eye, envision three crystal chairs in one of the corners of your personal Pyramid

(you can always add another chair or more, if necessary). One chair is for you, and the other two are

for the guides and / or teachers you will be working with. Sometimes, you will have two guides who

wish to work with you. Most often, it will be one male and one female guide. Between the chairs there

is a low crystal table with a Violet Flame fountain beneath it. This Sacred Fire constantly radiates waves

of Violet Flame energy around this special seating area.

There is a small four-sided Pyramid floating over the table; however, it does not have a floor,

the bottom is open. There is a double-terminated quartz crystal that fits into the capstone of this

Pyramid. As with all of the other Pyramids, the top point extends out of the peak of the Pyramid and

the bottom point hangs slightly above the crystal table.

You are to only invite or work with your guides, Higher Self or angelic helpers in this Pyramid. At

the appropriate time, a master or a Being of greater Light may come to you; however, that will be after

a training and an integration period. Do not try to rush the process. Be patient and allow everything to

unfold at the proper time. This is part of the initiation process. Most probably, you will experience a

'Dark night of the Soul' process during this time, as you harmonize the major portion of your imbalanced frequency patterns.

As we have stated before, not everyone is meant to connect with or become messengers of the

Masters and Light Beings from the higher realms. Those who do so have been in training for many

lifetimes. They were chosen and prepared before coming into this incarnation. They had to go through

an extensive training period in the higher realms, as well as a rigid, difficult testing period during their

present lifetime before they were deemed ready to assume their predestined mission. Their special

intuitive abilities were stored away in Memory Seed Atoms – within their Diamond Core God Cell and

their Sacred Mind – until the time came when he or she has reached the required level of balance and

harmony, and also has resolved or transmuted a certain amount of their past, personal karma.

When the appropriate time comes, whereby you have cleared much of the distortion within your

personal column of Light, and you have integrated many of the attributes, qualities and virtues from

your Higher Self, guides, teachers and angelic helpers, you may begin to receive advanced teachings

from the Cosmic Council of Light. In order to do so, you must attain the frequency levels of your Higher

Self in the Mental Causal Plane.

Within this great Hologram of your Divinity, is a Memory Seed Atom which contains all the gifts,

talents and knowledge that you have attained and perfected during your many lifetimes throughout

this Sub-Universe. Within this Hologram is a Memory Seed Atom connecting you with your Master

Teacher. When you make that connection, your life will change dramatically. However, you will only be

able to access the cosmic information to which your Energetic Signature is attuned. In other words, as

your Soul Song rises in frequency to higher and higher levels, you will gain access to more advanced

levels of Cosmic Wisdom.”

RONNA: My Master Teacher’s name is TRI-TON; in the mid-1980's he appeared to prepare me to

4

become a messenger for Archangel Michael. He sent forth a Memory Seed Atom down through my Soul Star

and into my Sacred Mind, which connected with and activated another Memory Seed Atom stored there. That

is how I became an “Instant Cosmic Telepath,” and I immediately began to receive messages and “past life”

information from him. After a time of testing, integration and attunement, in February 1992, Archangel

Michael also sent down and activated a Memory Seed Atom in my Sacred Mind. From that time onward, my

life has been radically different. I have been blessed beyond measure.”

ARCHANGEL MICHAEL: Disciplined, enlightened teachers and counselors are desperately needed

during these critical times of mass awakening, and it is imperative that there be a uniformity in the

basic teachings of more advanced Cosmic Laws.

As each Soul awakens to his or her individual Divine heritage, they will no longer be willing to

follow man-made, restrictive, individualized, controlling rules and regulations designed to ensnare and

emotionally enslave the people of the world. Self-mastery and unity consciousness will become the

major theme of mass consciousness belief system in the future.

Unconditional love is a love that rises above the limitations and the mass consciousness belief

structure of the Third-/Fourth-Dimensional illusion. Unconditional love is based on the wisdom of your

Sacred Mind, and it is radiated purely from the Sacred Heart for the greatest good of all. It is time to

turn inward and to seek the wisdom of your own Divine history, beloveds. We are ever near to guide

and direct you. We are only a thought away. I AM Archangel Michael.”
