WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * JANUARY 2022\

RONNA VEZANE / SACRED SCRIBE

ACCESSING THE WISDOM OF YOUR HIGHER SELF

Beloved masters, Ascension means attaining a clearer awareness of Self, and accepting the fact that you are a White Fire Seed Atom Facet of our Mother/Father God. As you delve deeper and deeper within yourself, you come to realize your intimate connection with the ALL THAT IS. Once you have felt the exquisite bliss of a heart-to-heart connection with our Mother/Father God, and you are able to draw fully on the Adamantine Particles of Love/Light, your yearning for love is gradually fulfilled. Your hunger for sustenance will also be satisfied, and you will be given the strength, will and determination you require to joyfully complete your earthly mission.

Energy is generated via the frequency patterns of attraction, rather than patterns of resistance or friction. Thoughts, words and emotions have either a helpful, or a detrimental effect on the physical vessel, and they also create a certain band of frequencies within your auric field and beyond. Thereby, your reality on the physical plane is created. The laws of the Universe state that “you must always experience that which you create.”

REMEMBER: THE SPOKEN WORD IS THE LANGUAGE OF THE PHYSICAL WORLD. THE LANGUAGE OF SPIRIT IS COMPOSED OF LIGHT, SACRED GEOMETRY, IMAGERY, SOUND AND COLOR. WHEN YOU ARE RADIATING THE REFINED FREQUENCIES OF LOVE ALL AROUND YOU, THE NEGATIVE FORCES WILL NOT AFFECT YOU.

My brave Ones, you must become a tributary of the River of Life, a channel for the Divine force of Creation. Stagnation begins immediately when you stop the flow of Adamantine Particles into and through your Sacred Heart. As you become a Sentinel of Light, your aura will grow and glow as you become illumined by the radiance of Spirit. You, your home, your neighborhood, city, state, province and country all have an auric field, whether it is bright or dim. The heart and Soul of each country must be revived. When unity consciousness is lost, the Spiritual life force of a country begins to wane. Remember, everything that exists has an aura. The divinity and awesome power of the Creator is in everything!

Many Souls are what could be termed spiritually bankrupt, for they have either used up their allotment of Adamantine Particles of Life / Light and are now so steeped in the lower frequencies of the Third and Fourth-Dimensional world that they can no longer tap into the cosmic river of Life and draw forth the full-spectrum Light of the Creator. Or since early childhood, they have not been able to attain the required level of harmonious frequency patterns to ignite their allotment of Adamantine Particles stored within their Sacred Heart.

Unfortunately, many dear Souls take with them into death the greater portion of their allotment of Creator Light. These are the tormented Souls who feel unloved and have led a life of suffering and often isolation or violence, which was created by a sense of hopelessness, feelings of self-hatred and inferiority. They often focus their hatred and frustration outwardly, blaming others and fate for their failures, while all the time being unaware that they are the source of their own pain and suffering.

Many of these precious ones choose to come forth on what could be called the lower spectrum of Shadow and Light. At a Soul level, they chose the overlay for the life's drama they would experience because they wished to overcome certain imbalanced frequency patterns from the past. However, many times the path they chose is too much of a challenge and they fall back into the negative patterns of many fruitless lifetimes. Those who have the least freedom of choice are driven by obsession, addictions and unconscious impulses. They are controlled by past negative influences that are very difficult to correct. Remember, dear hearts, you are not judged by anyone but yourself, and you will always be given an opportunity to overcome past transgressions. Self-forgiveness is the first step in healing the past and reconnecting to the power within.

It may seem heartless and uncaring; however, a Self-master will gradually end relationships with people they are no longer in harmony with. There should be no judgment, just a gradual letting go and a withdrawal or severance of any energy cords of attachment. It is usually the other person who ends the relationship, for they can no longer receive the "emotional energy" they require from the enlightened person.

So many lonely Souls are seeking their Soul mates, and this is taking place around the world as more and more Souls reach a certain level of harmony within. For millions of you, this is the time when your Soul has reached the furthestmost point of Its journey of separation, and you are now in the midst of the journey of "reunion and integration". Your Soul has gradually been infused with a Divine discontent which is slowly filtering into your consciousness, and you have turned inward in order to tame the ego and reconnect with the Soul, the OverSoul, and the multiple facets of your greater Self. You now have the potential to connect with the many Facets of your Soul family, your Higher Self, your many OverSouls and your God Ray (I AM Presence).

On the other hand, many Soulmates have similar Soul vibrational patterns but do not necessarily have similar physical auric patterns. Soul frequencies are stronger than physical frequency patterns, and they are stronger when you are in an emotional, heart-felt state. If the radiance is strong enough, the beauty of Soul shines through; however, it may not be strong enough to overcome the physical, emotional and mental traits that are not in harmony, one with another, in order to create a lasting, satisfying relationship. Physical relationships are difficult at best on the earthly plane, and especially when you are striving for Self-mastery, and you are in the process of "knowing thyself," which leads to constant, transformational changes within and without.

My brave ones, never forget, you are eternal and immortal. Your physical body is a temporary temple in which God dwells. The Sacred Heart is the temple of the Soul; therein is the Essence of life where true love resides, and where your awareness of Infinity begins. The Diamond Core God Cell within the Sacred Heart contains the Twelve Rays of God Consciousness which are etheric crystal prisms of refracted Light called Rays that beam forth the Essence of Creation.

Death is a metamorphosis, a changing of the cloak of flesh for a cloak of Light. You have but one life and that is eternal. You have assumed many roles while on your journey throughout eternity; however, you are as you were in the beginning within your Sacred Heart: a Divine child of the Supreme Creator. To become “Christed” is to realize your Divinity within, and then following unerringly the guidance of your God Self. In the higher realms your vessel of Light is pure, perfect and indestructible. Envision a wholeness that has never been altered and has no imperfections.

Staying centered within the Sacred Heart maintains your connection to the higher levels of God Consciousness, and assures a steady flow of Creator Light, Love, and Life. The Superconscious mind is a magnet for higher, godly truth. The desire body is a generating force within each person. You are dominated by either the ego desire body, which is controlled by the physical senses or the spiritual “righteous” desire body, which is controlled by the Higher Self.

The subconscious, subjective mind is ruled by the conscious mind and past conditioning. It is programmed and reprogrammed through vibratory influences, whereby the lower, negative thought forms of the past have convinced you that you are sinful, weak, imperfect and inferior. Throughout your many past life experiences, you have created a powerful vortex of doubt, depression, fear, scarcity and debilitating disease, which leads to premature death. These harmful thought forms have been repeated over and over again until they are firmly entrenched within each individual’s subconscious mind, as well as within the collective conscious belief structure, until they become the accepted reality of the masses.

Your Sacred Mind always knows the truth and it will eventually override the misconceptions of the conscious mind which can be reprogrammed as you strive to clear the subconscious mind of negative influences. Your Sacred Mind is the direct connection to the God Mind. Moderation in all things results in equilibrium, balance and a sense of well-being.

Self-mastery leads to control of the physical emotions and the thought processes of the lower mind. A Self-master stands firmly centered within the Sacred Heart in the midst of chaos and change, holding fast to the wisdom of the Sacred Mind — as it gathers strength and guidance from our Father/Mother God — always an observer of the process as all illusion slowly fades away.

Ascension means attaining a clearer awareness of Self and accepting the fact that you are an extension of our Mother/Father God. As you delve deeper and deeper within Self, you come

to realize your intimate connection with the Creator. Once you have felt the exquisite bliss of a heart-to-heart connection with our Mother/Father God, and you are able to draw fully on the Adamantine Particles of Love/Light, your yearning for love is gradually fulfilled. Your hunger for sustenance will also be satisfied and you will be given the strength, will and determination you require to joyfully complete your earthly mission.

Energy is generated through frequency patterns of attraction, rather than patterns of resistance or friction. Thoughts, words and emotions have a helpful or detrimental effect on the physical vessel, and they also create a certain band of frequencies within your auric field and beyond. Thereby, your reality on the physical plane is created. The laws of the Universe state that you must always experience that which you create.

As you begin the process of integrating the many Facets of your Higher Self, you will also tap into your higher creative abilities. You must learn to perfect a state of alert relaxation, whereby you are the cocreator as well as an observer of the process. You must be patient, for there is a preparatory stage that must be followed in the process of activating your higher consciousness powers and attributes.

The language of the unconscious and subconscious minds is primarily imagery. The activation and integration process of the subconscious, conscious and Superconscious minds is greatly accelerated by the deliberate practice of perfecting your imagery and visualization skills. Perfecting your Tele-thought skills requires an intense will to succeed, along with determination and concentration.

Your progression into the higher realms of consciousness is a gradual awakening process, whereby you awaken to the nudgings and wisdom of your Soul Self, and your Higher Self-OverSoul. As you step onto the Path of en-Lighten-ment, you initiate the process of developing a conscious, mindful awareness. You must first focus on the physical aspects of your Being: your physical vessel, the chakra system, your emotional nature and your mental capabilities. Gradually, over time, as you balance, harmonize, and integrate a certain degree of unity consciousness within your physical State of Being, you are ready to access the vibrational patterns, wisdom, attributes, and abilities of the higher Fourth- and lower Fifth-Dimensional realities. This is the basic transformational process called Ascension in Consciousness.

This procedure includes joining, balancing and integrating the right and left hemispheres of the brain, gaining access to your Sacred Mind, as well as balancing and harmonizing the seven etheric mind centers within the physical body called the Chakra system. As you ignite the Kundalini Fire that is stored within the Root Chakra and your reserve of Adamantine Particles of Light (which were stored there at birth for future use), you begin the process of opening and activating the Seven Seals of higher consciousness. You will gradually gain access to your Sacred Heart center, and your Diamond Core God cell begins to blaze forth, thereby magnifying and radiating in greater force the dynamic Rays of God Consciousness. This is your own special formula, your Soul Song, which was encoded within your crystalline structure before your journey into physicality. Your task is to magnify, increase

and add to this Soul Signature of Light as you move deeper and deeper into expanded God Consciousness.

You must realize that you exist in a whirlwind of vibrational frequencies created through your own forceful thoughts, actions and intention. While existing in the lower frequency environment of a Third- and Fourth-Dimensional reality, you only have access to energy forces composed of Primal Life Force Substance, the half-spectrum Light of the inharmonious material planes of existence. These vibrational frequencies will respond to your thoughts and actions, whether positive or negative, eventually manifesting materially depending upon the force and repetition of your thoughts. Your mental state of mind determines the outcome of your creative endeavors. Universal Law assures that you will experience the resulting manifested expressions of your thoughts and actions, whether positive or negative.

Are you willing to strive to maintain a balanced forceful nature so that the frequency patterns you radiate forth into the world are loving, kind and beneficial to all? If you are truly serious about developing your latent skills of telepathic communication, it is important that you devote some time each day to study and practice. Create a sacred space where you won't be disturbed and ask your guides and teachers to join you there. As you gradually attune to the higher realms and clear the distortions of the past from your personal column of Light, which connects you with your I AM Presence (God Self) and our Father/Mother God, you will slowly develop your ability to maintain a constant Alpha State level. Thereafter, you will enjoy an ongoing relationship with your Higher Self/Selves, your guides, teachers, the Cosmic Council of Light and the angelic realm. That is your ultimate goal.

My brave ones, we know there can be much pain, discomfort and fear as you move through these accelerated processes. Know that, together, we will overcome all adversity. Our mission is to open the way for any dear Soul who expresses a desire to return to harmony. When you doubt, need inspiration or strength, come into your Pyramid of Light and we will give you courage, lift you up and inspire you. When you feel lonely or unloved, move into your Sacred Heart center, and we will be waiting there to fill you with the radiant love of our Mother/Father God. I AM Archangel Michael. \

ACTIVATING THE CRYSTALLINE MEMORY SEED ATOMS OF THE FUTURE

ARCHANGEL MICHAEL:

Beloved masters, you are now in the process of reuniting with your STARSEED SOUL FAMILIES. You are ready to begin to form some of your many TRINITY SOUL UNITS – consisting of those Souls who have activated and are consciously using all three God Rays of Divine Will, Divine Love, Wisdom and Divine active Intelligence – units composed of 3, 9, 12, 24 and 144 beloved Souls. Many of these Soul groups are in the formation stages on the physical plane. You, the vanguard, are now in the process of creating these wondrously empowered Spiritual units. You are the brave spiritual pioneers who will become inspiring examples for humanity. You are also the ones who will provide the initial MEMORY SEED ATOM CODES of Creator Light – the new Divine Blueprints for the emerging CITIES OF LIGHT on the Earth Plane.

In addition, there will also be many Soul Groups, comprised of people who have never met on the material plane, formed within the new FIFTH-DIMENSIONAL, UNITY SACRED-TRIAD PYRAMIDS. These reunions and joint missions will be even more powerful and meaningful than the ones formed in person. Yes, my brave Warriors of Light, the long foretold era that you have all yearned and striven for is upon you. We of the Realms of Light rejoice in your victory. We stand steadfastly beside you as we all journey forth together to assure that the Divine Plan for the New Age is fulfilled. You are loved most profoundly, I AM ARCHANGEL MICHAEL.

RONNA:

Dear friends, the time we have been waiting for is finally upon us. The “null zone” we have been in for some time now is over. It is TIME FOR ACTION. We are strongly and clearly being given an important part of our new Divine Mission for the Age of Aquarius. I have never felt Archangel Michael’s loving energy so forcefully. He is emphasizing that during these critical times of transformation, we much take action now in order to ease some of the tremendous stress upon our Mother Earth, the Devic Kingdom, and the elements of nature.

It is vitally important that you understand why our actions and participation are so critical. We are the ones who must bring in and anchor the Creator Light that will activate the new Divine Blueprint -- beginning with the activation of the CRYSTALLINE STRUCTURES DEEP WITHIN THE EARTH, WHICH CONTAIN THE WHITE FIRE SEED ATOMS OF THE FIVE HIGHER GALACTIC RAYS OF CONSCIOUSNESS.

Also, we must consciously begin to work with the great Devic and Elemental Kingdoms to transmute and clear all of the powerful, destructive negativity that humanity has been spewing out into the ethers. If we do not, there will be even more destruction via powerful fires, hurricanes, floods and earthquakes. Universal Law states that we must experience that which we create, and it is humanity that has created these powerful "weapons of destruction."

Archangel Michael has told us much over the years about how great crystalline structures were strategically placed deep within the Earth's surface when it was first formed. These great clustered spires contain the Divine Blueprint programmed by our Father/Mother God for each sub-cycle of the seven great Cosmic Ages for humanity's sojourn within this Sub-Dimension.

Our Earth, humanity and all sentient Beings are now integrating and processing the refined frequencies of the Five Higher Rays of galactic consciousness. The blueprints for Seven Rays of God Consciousness for our solar system have also been upgraded to incorporate the first three sub-levels of our Fifth-Dimensional consciousness. Just as we, the STARSEED Light workers, have been consciously activating the semi-dormant crystalline structures and the Violet Flames within the great earthly caverns for many years, it is now time for us to begin the process of activating the CRYSTALLINE MEMORY SEED ATOM programming for galactic consciousness, which is contained within these great sentient crystal structures.

We also have programmed MEMORY SEED ATOMS within our SACRED HEART and our SACRED MIND. Without even being aware of it, over time, some of us have gradually been activating these precious Seed Atoms. We have also been performing the service of assisting in the activation of the MEMORY SEED ATOMS within those dear Souls who are ready for this precious gift, as well as for our blessed Earth. However, as active Champions of Light and bearers of the new Divine Blueprint, it is now time for this process to be understood and actively used, with intention, by all of us.

MEMORY SEED ATOM CRYSTALS

AND ADAMANTINE PARTICLES WITHIN THE EARTH

RONNA:

While in deep meditation, Archangel Michael told me that there are historical and scientific MEMORY SEED CRYSTALS stored within great subterranean caverns in strategic places

around the world. These etheric SEED CRYSTALS are in the same caverns as the Eternal Violet Flames, and both have an integral part to play in our present ascension process. The various Sacred Sites and holy places around the world have, most often, been built over or near one of these great caverns – or where there is one of the great crystal clusters and spires. You will also find portals to the inner Earth near some of these special Sacred Sites.

When we are guided to visit one these special places, we may experience a most wondrous event of which we are not even aware of at the time. If your intentions are pure, and your Energetic Signature and Soul Song resonate at a higher Fourth-Dimensional level or above, you will automatically activate the appropriate Memory Seed Crystals stored within the cavern below the Sacred Site you are visiting – for quite possibly, you have performed this service before; perhaps, many Ages ago or quite possibly in a more recent past life.

In turn, you will be gifted with an activation of some of the White Fire Seed Atoms stored within your Sacred Mind. These will most likely be Memory Seed Atoms, some of which hold advanced information that you will need in the future; or Memory Seed Activation Atoms, which will trigger the activation of a particular talent; or perhaps Healing Memory Seed Atom, which will help you overcome some affliction or release a troublesome, addictive habit.

Throughout the Earth's history there are stories of masters and great Beings who accomplished amazing feats, won great battles, created many magnificent edifices and performed amazing miracles through their own, seemingly, super-human efforts.

What has not been known, heretofore, is that these great Ones knew how to draw forth some of the Memory Seed Atoms from the great caverns within the Earth. They had the capacity to draw forth a full measure of the First Ray of Divine Will Power, along with an added measure of Creator Particles of Light, and also Life from within the storehouse caverns deep within the Earth.

It is important that you understand that a good portion of the Adamantine Particles of Light allotted to the planet were stored within these great caverns when it was first created. The balance was stored within the Earth's Sacred Heart Core. Every planet, galaxy, sun, star system, Sub-Universe, and Universe within the Omniverse have repositories of Adamantine Particles of Life/Light – and so has every Soul ever created.

Just as we must activate the Adamantine Particles we carry within, and the ones we draw forth from the unlimited supply of Creator Light, we must also activate the Adamantine Particles stored within the Earth through our loving intention and action. We are now moving into the vibrational patterns of mastership, and we are being offered special gifts, talents and specific dispensations to assist us in assuming our role as World Servers.

A NEW CLARION CALL has gone forth for those of us who came to Earth as members of ARCHANGEL MICHAEL'S LEGIONS OF LIGHT. We are being called together once more in

order to complete our current earthly mission. We have spent many lifetimes and endured tremendous trials and tests – in order heal our past and harmonize our physical vessels – so that the MEMORY SEED ATOMS that were encoded, so very long ago within our Sacred Hearts and Sacred Minds, could be activated. These were keys and codes that have assisted us to complete the GROUP DIVINE MISSION we were assigned by our Father/Mother God of this Sub-Universe.

SHINE ON, dear friends. Love and Angel Blessings, Ronna

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * MARCH 2022\

\

RONNA VEZANE / SACRED SCRIBE

THE TIME IS NOW

Beloved masters, allow us to return to some basic but vitally important concepts and teachings: Once more, it is time for you to answer the new Clarion Call. It is time for you to step to the fore and say,

“I AM READY”. It is time for you to discard the remaining remnants of the disguises you assumed for the earthly drama you chose to play out in this lifetime.

You have been playing with the concept of empowerment of Self long enough. It is time to reach out and take the Cloak of Light that is waiting for you, a garment that contains all the knowledge, attributes, and qualities of mastership that you left behind when you embodied in your denser physical vessel.

You encumbered yourselves with overlays of negative, self-limiting concepts and thought forms from a multitude of past lives in order to face and conquer your greatest enemy, FEAR. We have explained many times before, ‘fear is the absence of love in some measure’. All negative emotions, impulses, and beliefs such as anger, guilt, shame, unworthiness, low self-esteem, resentment and so on, stem from a sense of being cut-off from the life-giving Love/Light of our Father/Mother God.

You learned to project these feelings outward to those around you in an effort to recapture that feeling of warmth, joy, safety, and empowerment that the pure love of the Creator instilled within your heart center. Over the many past Ages, you gradually forgot that all the emotional sustenance you will ever need is supplied via that vertical shaft of Light that connects you to your Divine God Seed Atom and ultimately the Creator.

You began to project emotional cords of attachment toward those around you, which have resulted in a tug-of-war battle in many forms between individuals, male and female, families, cultures, and nations. This has created an emotional war in which there are no winners, only losers, for no one can derive from another that which will conquer the debilitating enemy called fear.

You are in the process of finding your way back to the love of the Sacred Heart, which is unconditional love. Love with conditions became the norm as humanity sank into the density. From these negative thought patterns all other self-limiting concepts sprang forth

and became your truth. Any wonder you have been at war with those around you, for you have been fighting a losing battle within yourself for such a long time.

Now is the time to reverse, release and restructure your present reality — a new reality that encompasses all the lessons in mastery we have given you over these past years. We have given you effective ways to monitor your thoughts and still the mind in order to reprogram your sub-conscious and conscious minds with higher wisdom from your Divine Self. We have taught you how to balance the multiple-minds of your chakra system so that, once again, they are working harmoniously, one with another.

As you experience peace within the mind, you will also begin to experience joy and bliss within the heart, for they are inexorably connected. It is time for you to release all those concepts that do not support your highest, most-empowering vision for the future, for whether you believe it to be so or not, each and every day you are becoming more powerful cocreators.

Just as in the drama that is being played out on your planet today, there was a time in your ancient past when you, too, stepped forward, saying, “I am ready to serve.” You left the beauty, safety and comfort of your homeland and journeyed out into the unknown. You spent many thousands of years, as you count time, in preparing yourself for your mission and you were tested over and over again to see if, indeed, you were ready.

You took an oath and agreed to allow yourselves to be diminished in Light, wisdom and power to whatever degree was necessary by fragmenting your wondrous Self, over and over again, in order to fulfill your assigned task. Your loved ones wished you well and watched you go with great sadness but also with pride welling up within. For they knew that you were going forth on a great mission; a mission mandated by our Father/Mother God. They knew that you would be away for a very long time, and they also knew that you would forget them; however, they would never forget you. Now the members of your spiritual family are sending you beams of Love/Light from home – loving messages telling you how much you are missed and that it is time to return. Indeed, it is time for a spiritual reunion of monumental proportions.

The cosmic trumpet call for the battle of extreme duality to end has sounded. It is time for you to return to your true state as a full-fledged Emissary of Light for the Creator. A new assignment is being offered to you, an assignment that requires you to reclaim a grand portion of what you left along the way on your descent into the material realm of reality. Remember, as you spiral forward and upward into the higher realms of Light, you are also being reunited with your Spiritual family.

The battle between the Light and shadow-side has really been a battle amongst yourselves. As the many Fragments of expression were brought forth into physical embodiment, you all began to believe and affirm that yours was the right or true way; that your customs and traditions were the best; or your religion and rituals were the ones favored by God.

Humanity created the broad spectrum of Light and shadow in which the pendulum of truth and power would broadly swing back and forth over these many past Ages.

In reviewing your past, it is obvious that there are never any true winners in a war, only shifting power and different kinds of problems or inequities. Humanity has not yet learned the art of empowerment through positive, assertive action, which seeks justice for all. The wars you are fighting now are a result of seeds of hate and fear that were planted thousands of years ago. And, until humankind accepts the truth that you are all brothers and sisters in Spirit, there will be no true peace on the Earth. An Earth that is steeped in and hindered by Third- and Fourth-Dimensional vibrational patterns of fear and limitation. When the Earth and humanity ultimately are lifted into the refined frequencies of the higher Fourth- and Fifth-Dimensional frequencies, there will be peace on Earth. War will be a vague, distant memory of the past.

That is why it is so important for you to join the Legions of Light who are endeavoring to create a new Earth where peace and harmony will prevail. Each of you is much more powerful than you can ever imagine, especially if you have integrated and are using the tools of mastery we have offered you. Each time you visit your Pyramid of Light and Power, thereby filling yourselves with the Divine elixir of Love/Light from the Creator, you bring back with you into the physical realm more of that wondrous energy. You radiate it forth from you and it filters out as a gift to all those around you. Slowly but surely, you are magnetizing to yourself and into the Earth the building blocks of Light, which you will use to recreate the dreams and projects you have envisioned in the higher realms.

Beloveds, will you surrender your emotional pain to us and allow us to show you how to return to emotional peace and harmony within? Will you allow us to help you replace old limiting thoughts with new empowering concepts of mastery? Are you brave enough to script your vision for the future and place it in your Pyramid of Light, asking for the highest outcome for all? Are you willing to release any

attachment to the outcome? As you align your will with the Creator's Will, you will be amazed at the sense of freedom and the assurance of rightness you will feel, for the desire of our Father/Mother God is always for your highest good.

Mental harmony comes with reprogramming old negative, limiting thoughts which are judgmental, rigid, and controlling. Mental detachment comes with wisdom – an understanding and faith in the Universal Laws. As an Emissary of Light, you will seek to live by the highest moral standards through virtuous conduct, and with a burning desire to see justice for all. Emotional and mental health and physical well-being are a result of learning to live in the sacred space of the heart while staying attuned to the wisdom of your Higher Self.

As you learn to function within the stillness of the Sacred moment of Infinity or the Still Point of Creation, magical things begin to happen to you and around you. You begin to create an energetic force field around you that is impenetrable. Your body is constantly renewing itself via the thought forms and energetic patterns you radiate. Change the self-limiting patterns and negative thought forms to those of positive, expansive vibrations, and you will change your body, your reality, and ultimately your world.

Are you willing to expand your thoughts to encompass a new reality? Are you willing to expand your boundaries as to what is possible to create and enjoy in your new reality? Are you willing to claim the prosperity and abundance in all those things that you so desire? Are you willing to expand your mind and your vision, as you reach upward and outward, to incorporate all the wondrous new concepts and inventions just waiting for someone to claim, integrate and create them?

Look back at the progress of humanity over the last 100 years or so. You have made astounding progress in all areas of physical existence. We tell you, dear friends, it is nothing compared to what is waiting for you in the here and now. A quantum leap in evolution and human consciousness is taking place, and those who are preparing themselves for this advancement are the ones who will set the pace for what is to come during these next important years on Earth.

We have told you that our Father/Mother God is now taking an active part in the process of reunification. There are wondrous new colors beyond anything you can conceive that are redefining the Rays as you know them. This is because new frequencies patterns are being added, as well as new qualities and attributes as they become Rays of refined Universal consciousness.

The First Ray of Divine Will/Power to Create has become the Royal Ray of the new creative process now in progress. It blends the esoteric (spiritual plane) color of blue for truth and valor with the exoteric (material plane) color of red for power and forward thrusting action, making it magenta in color with a sparkling, luminescent overlay of Creator Light.

Some time ago, we told you about the new Rays or Sub-rays of individualized expression from the Creator Mind. You are truly becoming Builders of Form, along with the mighty Elohim, as you learn to wield the cosmic tools of Creation. As you claim the gifts of the First Ray, you have the ability to integrate into that Ray, for your use, those attributes you feel you most need, in their highest and best form. As you claim the gift of the Royal Ray of Divine Will, please infuse it with compassion, benevolence, clear vision and purpose, with a desire to create harmony, peace, and abundance for all people on Earth, not just the few.

That is why we have spent so much time teaching you about the aspects, attributes, qualities, and virtues of each Ray in both their positive and negative forms. How will you know what needs to be changed if you are not cognizant of what is available, and to also become aware of how you are presently using the energies? The wondrous energy of new

Creation is swirling and spiraling all around you. All you have to do is turn inward and reach out to take the new cells of God Light that are being showered down upon you.

If you are daring enough and willing to do the work, you may tap into the higher frequencies within your column of Light in order to bring down the more refined and powerful Memory Seed Atoms of pure cosmic unmanifested potential. These gifts are waiting for you in your Pyramid of Light and Power. All you have to do is stay centered within your Sacred Heart with pure loving intention, and a desire to assist in returning the Earth to the paradise it was in the beginning. You must also be willing to state, "I AM READY to, once more, become an Emissary of Light."

We promise to Light the way and clear the path for you as we come ever closer together on our journey into the bold, new future of tomorrow. May you bask in the knowledge that you are a beloved child, a White Fire Memory Seed Atom of our Father/Mother God, and you are eternally loved. I AM Archangel Michael. WISDOM MESSAGES FROM ARCHANGEL MICHAEL * APRIL 2022

RONNA VEZANE / SACRED SCRIBE

THE LAW OF POSITIVE RETURN

Beloved masters, the Rays of Divine Light, which are radiated throughout Creation via the great Archangels, not only contain the all-encompassing attributes of our Father / Mother God but their thoughts and emotions of love and wisdom are also constantly being Ray-diated throughout all Creation. It is to each person's benefit to integrate as much of this Divine Light as possible; however, it is also their responsibility to pass on the remainder of this blessed energy to humanity and the Earth.

It is also vitally important that humanity radiates a "tithe" of Love/Light and gratitude back to the SOURCE of ALL. Universal Law mandates that there must come a time when all conscious Souls begin to return a portion of the Divine gifts of Love/Life they have been allotted—it is called the Law of Responsive Return.

When you actively participate in sharing your allotment of Adamantine Particles in times of prayer, affirmation, meditation and via the World Pyramid, you are fulfilling your obligation to our God Parents as an active, caring cocreator and a conveyer of Love/Light. This is the highest and most effective form of tithing. It is important to share your earthly riches; however, it is even more important to share your loving energy, gifts, and talents of Spirit.

The SACRED WHITE COSMIC FIRE, Adamantine Particles, that you magnetize to you as an awakened Self-master must continually circulate. Only a certain amount — that which is appropriate for each Soul to integrate at their current level of en-Lighten-ment — can be stored within the physical vessel. The remainder must be RAY-diated out into the world of form. The Supreme Creator is composed of infinite, indefinable Essence power, which is so overwhelming that you cannot even imagine ITS' magnitude. That wondrous Essence power has been stepped-down within every dimensional level of Creation so that you, the StarSeed cocreators, may claim your portion of this magnificent energy.

Each human Being contains hundreds of potential personality traits, which have been stored within the genetic structure of his or her four-bodily systems (physical, mental, emotional, and etheric). It is up to each person to determine which personality traits he or she will develop and present to the outside world. The faster you neutralize or harmonize your negative personality traits, the more quickly your godly potential or your master-self will emerge. Only then will you gain access to your full potential as a cocreative master within the physical planes of existence.

When you achieve a certain level of harmony within, you open the physical body gateways or portals to the higher Dimensions: the Ascension Chakra or Medulla Oblongata at the base of the skull; the back portal of your Sacred Heart and your Sacred Mind, which is located in the upper, back portion of the brain. Thereby facilitating the expansion of the opening of the Crown Chakra and your column of Light. These are major physical steps in the Ascension process, for they will clear and expand your connection with the River of Life, which contains the Living Light Particles of Creation called Adamantine Particles.

At that point, you begin to build a force field of the Full-Spectrum Light for this Sub-Universe, as you strive to become a Self-master – a conscious cocreator who only creates those things which are for the greatest benefit of all. From that time forward, your breathing exercises and affirmations take on a whole new meaning.

In order to become a living tributary for the River of Life, you must prepare yourselves to allow the Essence of Life to flow into and through you. You must use what you need, and then allow the remainder to flow forth, ready and available to be used in the wondrous creations of the new Divine Blueprint. In this way, you will become bearers and servers of the Light. This is the ultimate message of all the teachings we have given you over these past years. This is the goal of Self-mastery. This is the way of Ascension.

The SACRED TRIAD is the vehicle through which the God-Seed Atom works, just as the Soul works through the personality on the Earth Plane. The Seventh sub-level – the highest, Fourth-Dimensional level – is a vehicle of the Causal Body Soul-consciousness. The Causal Body is the Spiritual Body of the God-Seed Atom Soul Fragments, and it is an intermediary between Spirit and matter, life, and form.

THE THREE COSMIC CORDS OF LIGHT: There are three COSMIC GOLDEN CORDS OF LIGHT FROM WITHIN YOUR GOD-SEED ATOM, which flow down through your many SACRED TRIADS into your Fourth-Dimensional Causal Body, and then down into your OverSoul / Higher Self into the physical vessel. The three cords are the LIFE FORCE ENERGY CORD, THE CONSCIOUSNESS CORD, AND THE CREATIVE CORD.

1. The Breath of Spirit, Life and Energy Conduit (which contains two Threads of iridescent Light) first anchors within the Soul Star, OverSoul/Higher Self. Of the two Life Energy Threads, one — a Gold Cord — is then anchored within a God-Seed Atom in the Pineal Gland, and the other one — a Silver Cord — is anchored within the Diamond Core God Cell within the Sacred Heart. This essential “CORD OF LIFE” uses the blood stream as its primary distributing agent.
2. The Consciousness Cord connects with your OverSoul/Higher Self within your Soul Star Chakra, and then anchors within the Pineal Gland in the brain.
3. The Creative Cord connects with the Right Brain hemisphere of the higher mind of intuition and inspiration and with the Sacred Mind.

SOME OF THE MAJOR PERMANENT SEED ATOMS WITHIN THE PHYSICAL VESSEL:

1. A FIRST RAY, MENTAL SEED ATOM WITHIN THE PINEAL GLAND.
2. A SECOND RAY, HEART SEED ATOM WITHIN THE SACRED HEART
3. A THIRD RAY, ASTRAL SEED ATOM WITHIN THE SOLAR PLEXUS.
4. A ROOT CHAKRA SEED ATOM CONTAINING A RESERVE OF ADAMANTINE PARTICLES OF LIGHT.
5. A SECOND SEED ATOM WITHIN THE ROOT CHAKRA CONTAINS YOUR DIVINE BLUEPRINT FOR THE EMERGING AGE OF AQUARIUS.

The higher wisdom and refined energy required for traversing the sub-levels of the Third /Fourth Dimensions are supplied by the three God Ray attributes and qualities of each, more refined, OverSoul/Higher Self. This vital energy flows through the Threefold Life / Light Cords within the person's Column of Light: Life Force Energy, Conscious awareness, and Creativity.

As a person gradually awakens to the nudgings of the Soul and Higher Self, thereby becoming a Seeker of higher wisdom, the Consciousness and Creativity Cords become active, and the vital frequencies of Self-mastery and Ascension begin to flow into the physical vessel. Eventually, higher frequency, vibrational patterns will be radiated from the GOD-SEED ATOM down through the River of Life column of Light – the Antakarana – into the Soul Star, and then directly into the Pineal and Pituitary glands, and also into the Sacred Mind and Sacred Heart. The physical mind, controlled earlier by the ego desire-body personality, is now controlled by the higher frequency consciousness of the Soul Self.

Each Sacred Triad was diminished in Light Quotient as it moved further out into the void and the density of Creation. The beginning Fifth-Dimensional stage of awareness — the densest, first sub-level — will initiate a focus on the mental body and the integration of Divine Will. Specific evolutionary laws apply in each sub-plane as well as in each full plane of consciousness.

Every SACRED / SPIRITUAL TRIAD contains the Essence of the Three God Rays for this Sub-Universe: DIVINE WILL * LOVE / INTUITION * INTELLIGENCE IN ACTION.

THE LAWS OF SPIRIT WITHIN THE FIFTH DIMENSION ENTAIL: Learning how to wield energy in the physical, material world using the three God Rays from within your GOD-SEED ATOM, via the SACRED TRIAD within the first sub-level of the Fifth Dimension. This process takes patience and practice; however, if you implement and practice the techniques we have given you, you will gradually become attuned as a proficient cocreator in the higher realms of form. It is also vitally important that you learn to stay centered within the Still Point of Infinity—the NOW moment of God Power.

The TRINITY aspect of the Third/Fourth Dimensions, BODY / MIND / SPIRIT, will become a perfected DUALITY, a Soul-Infused Personality—a fully conscious Soul on the physical

plane. From that point onward, the Soul-infused personality is directly connected to the Fifth-Dimensional, entry-level, Sacred Triad, which is connected to all of the higher-frequency Sacred Triads throughout the Multi-Dimensions. After completing this stage of evolution, there will no longer be an Over-Soul/Higher Self within the Third and Fourth Dimensions.

HEAD: SACRED TRIAD * WILL/PURPOSE *** HEART: SOUL * WISDOM/INTUITION ***
SOLAR PLEXUS: SOUL-INFUSED PERSONALITY (This occurs after the ego-desire body has returned to its proper role as a servant of the Soul so that it may then be incorporated into the SOLAR POWER CENTER).

The Soul's primary goal is to prepare Its physical vessel host to integrate enough Creator Light to lift Its frequencies from the Third-/Fourth-Dimensional environment into the base Fifth-Dimensional level. At that point, the physical vessel becomes Soul-infused or an empowered Soul, within a complimentary vessel. The aspirant is no longer just a human Being with a sustaining Soul. Each person is like a miniature whirlpool in an ocean of the Creator's dynamic, swirling energy.

THE SACRED TRIAD IS AN EXPRESSION OF YOUR GOD-SEED ATOM.

THE SOUL SEED ATOM IS AN EXPRESSION OR A FACET OF THE SACRED TRIAD.

THE PERSONALITY IS AN EXPRESSION OF THE SOUL.

As you traverse the sub-levels of the Fifth Dimension, there is a Sacred Triad stationed within each of the Seven Sub-Dimensional levels, each one diminished in size and Light Power from the one above. All of the Sacred Triads were sent forth directly from within the Heart-Core of your God-Seed Atom, and they have been stationed within every Sub-Level and Full-Dimensional level — all the way down to the lowest — the first Sub-Plane of the Fifth Dimension. As human Beings — Spirit, Soul and Physical Body — you are infused with the WILL to create a sense of purpose, instinctual incentive, and a complex nature. Each person will have unique moods, desires, qualities, inherited complexities and inhibitions, for each incarnation has the DNA Memory Seed Atoms of the sum total of the major aspects of a person's thousands of life experiences. The Soul is reflected through the personality until Soul integration is complete, at which time the Soul Self OverLights the personality and expresses directly through it.

Your planet is now plugged directly into the Heart-Core of the Great Central Sun within the Milky Way Galaxy. The new cosmic waves of Creator Light are a great gift to the awakened Souls on planet Earth. Even though these refined, higher-frequency Rays are not being beamed down directly into the lower Fourth- and Third Sub-Dimensional levels, the transforming frequencies of Light will gradually filter into and affect everyone and everything on and within the Earth.

As a result of its alignment with the Galactic Center and attunement with the Great Central Sun of the Galaxy, the Earth is in the process of raising its frequency patterns — its Soul

Song — so it can return to its status as a Sacred Planet. This Sub-Universe is also being upgraded in vibrational frequencies as a result of being bombarded with the Adamantine Particles of Creator Light via our Universal Mother /Father God.

Beloveds, the process that is now taking place is called the Inbreath of Creation. A new, powerful and all-encompassing clarion call has rung forth on your planet, and millions of Souls have once more stepped forward to answer the call. We are gathering our forces, of which you are an integral part, as preparations are made to expand Creation out into the great void. The Creator's higher frequency radiance is now viable and active in your galaxy, solar system and on planet Earth, and you may draw forth as much of this rarified Love/Light as your physical body can contain, as long as you use and share all you draw forth for the greater good.

Ask and we will assist you in every endeavor. Call on us and we will bolster your courage and lighten your burdens. Fear not the darkness, chaos and violence that is growing more rampant for the LIGHT ALWAYS PREVAILS. Know that humanity's future is still bright with promise as you, the WayShowers, walk the path of the masters before you. We shower down upon you a full measure of the radiance of our Father/Mother God. I AM Archangel Michael.

Your major goal at this time is to return the frequency patterns of your personal Third- / Fourth-Dimensional reality to the originally designed, harmonious spectrum of Light and shadows. In doing so, your pendulum of consciousness will not swing so radically from positive to negative energy and your mental and emotional natures will become stabilized and centered once more. This is an important step in learning to live centered within your Sacred Heart and Sacred Mind. As you elevate your vibrational patterns, the higher frequencies of Light will gradually dissolve the many membranes of Light that restrict you from accessing your higher consciousness. Once this occurs, you are well on your way to becoming a conscious, Soul-inspired Self-master.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL <> MAY 2022

RONNA VEZANE / SACRED SCRIBE

THE VIBRATIONS OF LOVE OVERCOME ALL NEGATIVITY

Beloved masters: Unfortunately, many Souls have become what could be termed spiritually bankrupt. For they have either used up their allotment of Adamantine Particles of Love / Light and are now so steeped in the lower frequencies of the Third / Fourth-Dimensional world so they can no longer tap into the cosmic river of life and draw forth the full-spectrum Light of the Creator. Or, since early childhood, they have not been able to attain the required level of harmonious frequency patterns to ignite their allotment of Adamantine Particles stored within their Sacred Heart.

Also, sadly, many dear Souls take with them into death the greater portion of their allotment of Creator Light. These are the tormented Souls who feel unloved and have led a life of suffering and often isolation or violence, created by a sense of hopelessness, feelings of self-hatred and inferiority. They often focus their hatred and frustration outwardly, blaming others and fate for their failures, while all the time being unaware that they are the source of their own pain and suffering.

Many of these precious ones chose to come forth on what could be called the lower spectrum of Shadow and Light. At a Soul level, they chose the overlay for the life's drama they would experience because they wished to overcome certain imbalanced frequency patterns from the past.

However, it is important that you understand that many times the path they chose was, most likely, too much of a challenge, and so they fell back into the negative patterns of many fruitless lifetimes. Those who have the least freedom of choice are driven by obsession, addictions and unconscious impulses. They are controlled by past negative influences that are very difficult to overcome and correct.

Remember, dear hearts, you are not judged by anyone but your Higher-self, and you will always be given an opportunity to overcome past transgressions. Self-forgiveness is the first step in healing the past and reconnecting to the power within. It may seem heartless and uncaring but a Self-master will gradually end relationships with people who they no longer have a harmonious relationship. There should be no judgment, just a gradual letting go and withdrawal or severance of any energy cords of attachment. It is usually the other person

who ends the relationship, for they can no longer receive the emotional energy support they require from the en-Ligh-ten-ed person.

Beloveds, it is your Divine Mission to become a tributary of the River of Life, a channel for the Divine force of Creation. Stagnation begins immediately when you stop the flow of Adamantine Particles into your Sacred Heart. As you become a Sentinel of Light, your aura will glow and grow as you become illumined by the radiance of Spirit.

You, your home, your neighborhood, city, state, province and country all have an auric field, whether it is bright or dim. The heart and Soul of each country must be revived. When unity consciousness is lost, the spiritual life force of a country begins to wane. Remember, everything that exists has an aura. The divinity and awesome power of the Creator is in everything!

STUDY AND MEDITATE ON THESE CONCEPTS SO THAT YOU MAY INTEGRATE THE INFORMATION AND TURN IT INTO WISDOM:

>> Never forget, you are eternal and immortal. Your physical body is a temporary temple in which God dwells. The Sacred Heart is the temple of the Soul. Therein, is the Essence of life where true love resides, and where your awareness of Infinity begins. The Diamond Core God Cell within the Sacred Heart contains the Twelve Rays of God Consciousness, which are etheric crystal prisms of refracted Light called Rays that beam forth the Essence of Creation.

>> Death is a metamorphosis, a changing of the cloak of flesh for a cloak of Light. You have but one life and that life is eternal. You have assumed many roles while on your journey throughout eternity. However, you are as you were in the beginning within your Sacred Heart: a Divine child of the Supreme Creator. To become Christed is to realize the Divinity within, and then following, unerringly, the guidance of your God Self. In the higher realms your vessel of Light is pure, perfect and indestructible. Envision a wholeness that has never been altered and has no imperfections.

>> Staying centered within the Sacred Heart maintains your connection to the higher levels of God Consciousness, and assures a steady flow of Creator Light, Love and Life. The Superconscious mind is a magnet for higher, godly truth. The desire body is a generating force within each person. You are dominated by either the ego desire body, which is controlled by the physical senses, or the spiritual, righteous, desire body that is controlled by the Higher Self. The subconscious, subjective mind is ruled by the conscious mind and past conditioning. It is programmed and reprogrammed through vibratory influences,

whereby the lower, negative thought forms of the past have convinced you that you are sinful, weak, imperfect, and inferior.

>> Throughout your many past life experiences, you have created a powerful vortex of doubt, depression, fear, scarcity, and debilitating disease which lead to premature death. These harmful thought forms have been repeated over and over again until they are firmly entrenched within each individual's subconscious mind, as well as within the collective conscious belief structure, until they become the accepted reality of the masses.

>> Your Sacred Mind always knows the truth and it will eventually override the misconceptions of the conscious mind, which can be reprogrammed as you strive to clear the subconscious mind of negative influences. Your Sacred Mind is the direct connection to the God Mind. Moderation in all things results in equilibrium, balance and a sense of well-being. Self-mastery leads to control of the physical emotions and the thought processes of the lower mind. A Self-master stands firmly centered within the Sacred Heart in the midst of chaos and change, holding fast to the wisdom of the Sacred Mind as it gathers strength and guidance from our Mother/Father God, an observer of the process as all illusion slowly fades away.

>> Ascension means attaining a clearer awareness of Self and accepting the fact that you are an extension of our Mother/Father God. As you delve deeper and deeper within Self, you come to realize your intimate connection with the Creator. Once you have felt the exquisite bliss of a heart-to-heart connection with our Father/Mother God, and you are able to draw fully on the Adamantine Particles of Love/Light, your yearning for love is gradually fulfilled. Your hunger for sustenance will also be satisfied and you will be given the strength, will and determination you require to joyfully complete your earthly mission.

>> Energy is generated through frequency patterns of attraction, rather than patterns of resistance or friction. Thoughts, words, and emotions have either a helpful or detrimental effect on the physical vessel, and also create a certain band of frequencies within your auric field and beyond. Thereby, your reality on the physical plane is created. The laws of the universe state that you must always experience that which you create. WHEN YOU ARE RADIATING THE REFINED FREQUENCIES OF LOVE ALL AROUND YOU, THE NEGATIVE FORCES WILL NOT AFFECT YOU.

My brave ones, It is vitally important that you strive to strengthen your self-determination and your desire for fulfillment. You must evolve from an "ego self-serving mode" to a "Soul-

serving” state of consciousness. Your Soul is the part of you which is connected to the “Universal Whole.” You gain compassion the hard way through pain and suffering; “ego-driven”, or the easy way, through the process of reunion with your Higher Self; “Soul-inspired”.

Nothing can escape the radiation and magnetic influence of the rarified Creator Light / Adamantine Particles now permeating this Sub-universe, galaxy, solar system, the Earth and humanity. The chakras are like electromagnetic batteries within the body. The vibrations of electromagnetic frequencies communicate to your many levels of consciousness. You must be harmonious with and attuned to the higher-vibrational cosmic teachings in order to integrate them.

The refined frequencies of Light and sound vibrate through your blood stream, cells, organs, bones, muscles and tissues, thereby, enriching your sense of well-being. The lower frequencies of the Third- / Fourth-Dimensional environment restrict the flow of life-giving energy and increase the density in your four lower-body systems. Your Sacred Heart and Sacred Mind, along with your blood stream and Chakra Mind Centers, carry genetic encodings of your earthly lineage. And even more important, within your DNA are holograms and Memory Seed Atoms of your entire cosmic lineage and your Divine heritage.

Beloved bearers of Light, we ask you to view each test and challenge as an opportunity to release outmoded thoughts and vibrational patterns, which no longer serve your greater good. We implore you to view your life experiences through the filters of your Sacred Heart and Sacred Mind as you draw forth the Diamond Ray Particles of Life / Light and infuse them with your love before radiating them out into the world and to humanity. Together, in our own unique way, we are all experiencing this cosmic dance of evolution. And, through our joint effort and endeavors, we shall prevail. I AM Archangel Michael. THE FIERY FORCES OF CREATION ARE SWEEPING THE EARTH

Beloved masters, remember this term: MEMBRANES OF LIGHT, for it is important that this concept is clearly defined within your mind. There were membranes of Light placed across your memory when you began your journey into the illusionary realities of the Third / Fourth Dimensions. There were membranes of Light placed at the entryway to your Sacred Mind and your Sacred Heart. There was or is a membrane of Light surrounding your Third Eye / your inner sight. When your Higher Self determines it is time for your Third Eye to open, it will be as if you received a surge of sacred energy upon your brow. These specialized frequencies open the Memory Seed Atom Crystals of Light within the Pineal Gland, which initiates the abilities of extrasensory perception called clairvoyance.

Most of you have heard of the 'Ring-Pass-Not,' a thin Membrane of Light Radiation, which encircled the planet for thousands of years. It was a restrictive quarantine of sorts, which has been gradually dissolved from the Earth's atmosphere, thereby allowing the cosmic information flood gates to be flung open so that the next level of Cosmic Wisdom could pour forth to a select group of World Servers and Cosmic Messengers. For many lifetimes, every one of these brave Souls has been in an intense preparatory stage in the higher realms. This intense training period was necessary in order to bring forth the advanced teachings in an accurate, orderly, and timely method.

It is Cosmic Law that you must integrate and experience each level of new truth in order to move to the next, more advanced level. It is a unique and specialized path of initiation. The Ascended Masters of the Cosmic Council of Light do not openly teach in public. They work entirely through their disciples and initiates, mostly by conveying the inspired thought forms of higher wisdom teachings. Initiates work on the mental levels, also mostly behind the scenes. However, a select group is actively teaching out in the world, for inspiring others to become World Servers is their most important task.

There is a Light epidemic whereby every person on Earth is being bombarded by the refined frequencies of God Light. However, each person can only absorb and integrate the frequencies of Light that their physical vessels can accommodate. You must be able to metabolize the higher frequency God Light in order to benefit and make use of it.

Those of you who have steadfastly followed the Path that was designed for you are quickly coming to a state of completion for the particular stage of en-Lighten-ment you have been experiencing for the past ten years. When you attain true Self-mastery, your thoughts and words will become harmless, for criticism and negativity cannot dwell in the Light of love and truth. Service is an intrinsic impulse of the Soul-Self, just as desire is the major impulse of the ego.

Your transition from the impulses or nudgings of the emotional, ego-desire body to the inspirational thoughts of the Soul and the Higher Self have mostly been accomplished. Your focus has moved toward group consciousness and how to serve humanity. You are also well on your way in the transition from I, me, my self-centered interests to a higher frequency of we / our state of unity consciousness. The intuitive thoughts you receive, and the guidance from your guides, angelic helpers, and Higher Self, become stronger as you integrate more pure God Light. Your reality expands from a small-world focus of a personal state of consciousness to an expanded consciousness, which includes the world, the solar system and beyond. No longer will you respond to painful events in life

as fated or punishment, for you realize they are challenges and opportunities for growth.

You are swiftly moving out of the energy vortex, or collective consciousness band of thought forms created by humanity, which is a vortex of violent activity. Ascension is a process whereby you consciously move forward into higher and higher levels of the energy and vibrational fields of your OverSoul/Higher Selves — forever moving forward into more rarified levels of Divine Cosmic Energy within the higher dimensions.

Your Soul is aware of the imbalances you brought forth from the past and also those you have created in this lifetime. It will do everything possible to bring these imbalances to your attention so you can rectify the imperfections and develop harmonious attunement with the next level of your Higher Self. This is the Soul's main purpose for being. Your Soul and Higher Selves will also make every effort to raise your vibrational frequencies and to assist you in harmonizing the fluctuating energies of the emotional and mental bodies.

As you progress on the Path and begin to tap into the higher vibrational patterns of Light, you will experience the effects of the intensity of the frequencies of Cosmic Sacred Fire. You will be affected by the fiery forces of Creation in three ways: Fire by Friction: Fire of Body ** Solar Fire: Fire of Soul **Electromagnetic Fire: Fire of Spirit.

Eventually, you will learn to recognize the source of the frequency patterns of the various Beings of Light that you are to work with. You will also be able to differentiate between the

subtle forces and the Rays. You must strive to become a Divine observer and a master of detachment.

You know who you are; we do not have to tell you. We ask you to steadfastly maintain your Center of Power within your Sacred Heart as you are drawn into the higher frequency levels of World Service. As you move deeper into the realm of the Ascended Masters, your chosen path of service should become easier – almost effortless. Your major challenges and tests are behind you as you draw greater amounts of God Light to you. The warring factions within will slowly release their hold on you as they submit to the transformative vibrations of Love.

My brave warriors of peace, as your Light shines brighter out into the world, you must be vigilant so that you will do nothing which will make you a focal point for negative vibrational forces. Do not be drawn into the negative, destructive vibrations of the chaotic mass consciousness belief structure of the Astral Planes. You are learning to be a director of the Higher Forces. As you refine your skills of Self-mastery, you will learn to identify the quality and force of all energy around you.

In every era and major cycle, Cosmic Wisdom and Divine Truth are made available to those with open minds and loving hearts. It is time for an understanding of where humankind stands on the ladder of evolution. Each person must gain the knowledge of and have a desire to fulfill his or her personal destiny.

For all of you who are firmly on the spiraling Path of Ascension, your major goal at this time is to return the vibrational patterns, which make up your personal world in the Third-/Fourth-Dimensional reality, to the originally designed spectrum of Light and shadow. By doing so, your pendulum of consciousness will not swing so radically from positive to negative, and your mental and emotional natures will once more become stabilized and centered. This is an important step in learning to live centered within your Sacred Heart and Sacred Mind. A disciple on the Path of en-Lighten-ment must strive for heart-centered detachment and wise discernment.

In the unawakened person, more choices are made unconsciously than through intelligent awareness. It is as if they are in a semi-conscious state of awareness. The initial phase of becoming a

Self-aware person is to realize that they are not consciously awake. This begins the process of striving to awaken to the nudgings of the Soul-Self, for this is an intrinsic part of becoming spiritually aware and a master of Self.

When you succumb to irritation and respond in loud, angry words or thoughts, you are using astral energy that is contaminating to the auric field. Continued use will build a negative thought form that must eventually be resolved and dissolved via the Law of the Circle. Envision your negative thought forms adding another stone or brick to your

emotional prison. Remember: you are composed of units of energy, which create your Energetic Signature and ultimately your Soul Song. Your goal is to learn to control your thoughts and to focus your power. Your thoughts will increase in strength according to the intensity and repetition of your Seed Thoughts. Dear hearts learn to focus on the highest and best attributes of people and conditions within your inner circle of Light. This is one of the most important aspects of creating your personal Fifth-Dimensional environment.

The language of the unconscious and subconscious minds is primarily imagery. The refinement of the subconscious and conscious minds and attunement to the Superconscious mind are greatly speeded up by the deliberate practice and perfecting the imagery and visualization skills.

The Soul needs a vehicle of expression on the physical plane in order to bring forth the power and magnificence of Creation. You must endeavor to rise above and to shelter yourself from the emotional chaos of the mass consciousness existence. However, you must also function efficiently among the masses, and spread your Light as you go about daily life. You cannot live in a detached world and forsake the material world in order to attain enlightenment. Becoming an unrealistic, vague mystic serves no one. The introspective, inward-focused meditative practices of the Eastern philosophies are being joined with the creative, outward-focused practices of the Western world.

In a Third- and lower Fourth-Dimensional environment, your mental body is prone to projecting into the future, which creates fear and uncertainty. The emotional body is always replaying the events of the past, some fond memories, but mostly reliving experiences of failure or pain. The present moment is hardly registered at all unless there is some positive or negative drama involved.

You should strive for a strong, highly-developed connection between the mental and emotional bodies, and also between the Soul and Higher Self in order to develop refined spiritual values. As you tap into the higher frequencies of Divine Wisdom, brilliant ideas pour forth from the higher planes of intuition.

You may experience exhilaration one moment and depression the next as you gradually achieve a blissful state of awareness, only to lose it again. However, the times of depression will grow less intense and also less frequent. Be assured that your ego desire body will rebel and resist the efforts of the Soul and the Higher Self, and it will try to keep you in your habitual practices and habits of serving only the little self and its selfish desires.

However, as you progress, you will tap into the realm of the Sacred Mind, and you will learn spiritual discernment. You must constantly monitor and critique your words, deeds, and motives as you train yourself and gain discipline over the little self. Remember: ALL knowledge is a form of Light frequencies.

As you strive to understand your role and purpose for this lifetime, you will learn to turn inward in order to understand who you really are, why you act and react the way you do, and how to tap into your greatest talents and potential abilities. This should be your major

goal at this time. Reflection, contemplation, and active meditation will unlock the mystery of your true Self, and what your major goals are for this lifetime.

You are an energy center, a receptacle, a physical body, which contains a measure of pure Creator Essence. You are responsible for integrating and using the Light Energy you need to empower yourself, and you must then send forth the balance out into the world for the benefit of all. Submission to your Divine Mission and to Cosmic Law means adherence to all Universal Laws as they are revealed to you. Walking the path of ascension requires a constant effort to make the highest choices for the greatest good, with an intense desire to serve. You must take responsibility for all actions and the energy you qualify, whether positive or negative, for it will return to you via the Law of the Circle. Your present earthly goal is to become a World Server, and the quickest way to attain this level of Self-mastery is to stimulate the flame of God Power within. Self-mastery is attained in small increments, not giant leaps.

Dear hearts, no matter the level of Spiritual or Self-awareness you have attained, we encourage you to make the Path to higher awareness a priority in your life. The world and the reality you have lived and experienced in the past are swiftly changing. You have a golden opportunity to join the ranks of those who are creating a bright new world for themselves and their loved ones. You also have the right to remain in the negative environment of the lower world of reality that is swiftly being cleansed, cleared, and modified, thus creating the chaos and monumental changes the masses and the Earth are now experiencing. Which will you choose? Whatever your choice, we will guide and protect you to the limits of Cosmic Law, and we will always love you beyond measure. I AM Archangel Michael.

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL * JULY 2022

MASTERING THE DENSE WORLD OF DUALITY AND POLARITY

Beloved masters, your journey into density has been quite an adventure. It has spanned billions of years according to your timekeeping. We have explained how, as you moved deeper and deeper into the great void and the darkness of space, you assisted in filling that void with Light, substance, texture and shapes beyond your wildest imagination. And then, according to the Divine plan, you submerged yourself within each new reality you had helped fashion so that you could experience creation in its many magnificent, diverse forms. Thus began the manifestation of solid matter via pure thought brought forth from the heart/mind of the Supreme Creator; and later Ray-diated forth from the Father/Mother God of each Universe, and then, eventually via your own thoughts as you moved farther and farther from the pure Source of all Creation.

After you came into your individualized consciousness, realizing that you were a Divine Spark of the Supreme Creator, the ALL THAT IS, you knew that you were predestined to journey forth into the great unmanifested void as an emissary of Light, for it was encoded deep within your immortal Soul and your Sacred Heart Core. You, along with all the other awakened "Sparks of Divine consciousness," were destined to experience all the wondrous diversity of creation for the Creator, our Father/Mother God and all the great Beings of Light who remained within the rarified realms of Creator Light.

We tell you this because we wish to impress upon you how ancient and complex you are. You came into this lifetime with a wealth of knowledge and a rich, complex lineage encoded within your DNA, your cellular structure, your mental and emotional bodies, as well as within your extensive chakra system of awareness. You often wonder why the members of a family are so different, when from a narrow point-of-view, they came from the same parents and lineage. The lineage of your earthly family in this lifetime is only a minuscule portion of your vast and priceless heritage.

You have separated your consciousness or fragmented yourself millions of times in order to experience the great diversity of Creation, and you have also reunited with many of the multiple Facets of yourself more times than you can count. Each time you did so, you added more complex information and unique experiences to your memory bank. The further you moved away from the perfection of the Supreme Creator, and the deeper you moved into

multi-dimensionality, the denser and less perfect your creations became, for you had less pure Light substance to work with.

Therefore, there is no blame and there should be no feelings of guilt and failure. It was a learning experience. However, it is now time for you to reclaim your Self-mastery, and the ability to create things of beauty and harmony in accordance with the original Divine plan. Now that you are aware that you have the power to tap into an unlimited supply of full-spectrum of Creator Light called Adamantine Particles. What are you waiting for? The rejection of your Divine birthright is a travesty, and your Higher Self will not relent in its nudgings to help you awaken and claim your royal heritage.

We have explained how the spectrum of Light and shadow was created in this Universe so that you could experience duality and polarity. In the higher Dimensions, those closest to our Father/Mother God and the Great Central Sun, the duality spectrum is very narrow. However, it became broader and more pronounced as each dimension was established until it reached what was to be the maximum duality that was to be experienced by humanity. You are aware that it was not ordained or intended that humanity should sink so deeply into duality and polarity thereby causing so much pain and suffering. The time has arrived for the distortions and excesses of the past to be brought back into harmony, and it is our greatest desire to assist you to move through this process with ease and grace.

Will you please heed our words: You are not judged and never have been by anyone or any Being from the unseen or higher realms; YOU ONLY JUDGE YOURSELVES! Under the universal laws of cause and effect, all your thoughts, intentions and deeds are stored within your auric field and your chakra system. You radiate the vibrational patterns thereby created, which go forth from you in an infinity pattern and return to you in like frequencies and measure. In the past, it often took many lifetimes to reap the rewards for positive, loving actions or to experience the penalties for negative or hurtful actions. Therefore, most often, it was not obvious that the “righteous” are indeed rewarded, and the “unrighteous” also receive their just rewards in kind. Again, no great or small Being is doling out rewards or punishment. The universal laws are firmly in place and your own Higher Self monitors your progress or lack thereof, either clearing the way ahead and blessing you with miracles large and small. Or by placing more obstacles before you in hopes you will awaken and step onto the spiral of ascension.

Beloveds, too many of you are carrying great burdens from the past, mistakes you have made in this lifetime, and also many from past conditioning and buried memories of painful events or actions from all your previous lifetimes. Holding onto these memories or carrying the “burdens of inequity” no longer serves you. It is time for you to allow us to help you heal the painful memories of the past, just as we are clearing the distortions of the Third- and Fourth-Dimensional collective consciousness belief patterns and bringing those dimensions back into their originally designed spectrum of duality.

As you descended into the restricted, limiting realms of consciousness, membranes of Light were placed around the multiple strands of your DNA, leaving only two accessible and

active. Membranes of Light were also placed over your memory, as well as around the Light Packets of wisdom stored within your higher brain structure. A veil was put over your memory so that, most often, you could not remember your past lives, for it would be too much of a burden to remember all your past mistakes and imperfections. It was an act of mercy, for it has proven difficult enough for you to forgive yourselves for your errors and misjudgments in this lifetime, much less all your past aberrations. These restrictive membranes of Light are slowly dissolving as you return to balance and harmony and advance on the spiral of ascension and reunification.

A membrane of Light was placed over the portal at the back of your Sacred Heart Center until it was time for you to begin your journey back into the higher dimensions and the realms of Light. However, you and you alone placed a membrane of protection over the front vortex of your Sacred Heart Center because, so often, you have been hurt, disappointed and disillusioned. Slowly, but surely, through the techniques we have given you, you have dissolved those restrictive membranes so that the Love/Light can flow freely to and from you in the way it was intended.

In order to access and radiate the ever-increasing frequencies of Light, you must be able to integrate and permeate your Being with these advanced vibrational patterns, and you must be prepared to radiate them down into the core of the Earth and then project them out into the world-at-large via your Sacred Heart Center portal, from both the front and the back. Remember, we told you that when you first came to Earth, you were a shining crystalline Pillar of Light. Slowly as you sank into the density, you began to build a cross of matter that became more and more unwieldy as your spectrum of Light and shadow increased. Now you are loving those fragments you have created back into balance and harmony as you seek and tap into higher and higher frequencies of Light. You are in the process of become a cross of Light, beloveds, as your spinal chakra system becomes ignited and you radiate Love/Light from your Sacred Heart Center in front and behind you.

We have repeatedly told you to 'heal the past, script your future and then live in the moment,' for this very moment is the Still Point or the power center of Creation. Why not move into the center of that spiral, into the eye of duality and polarity where all is calm and peaceful, and filled with pure, rich, Creator Light just waiting to be molded into your vision of the future? This very moment, as you move into your Sacred Heart Center, you can experience the profound love and compassion of our Father/Mother God and the Supreme Creator. And, you will surely become aware that you are a treasured son or daughter on an important mission, and nothing you can say or do can diminish that love.

REMEMBER, YOUR EMOTIONAL, MENTAL AND ETHERIC BODIES CAN BE HEALED AND TRANSFORMED BACK INTO WHOLENESS VIA THE GIFT OF FORGIVENESS. Stand in front of a mirror and gaze into your own eyes or go into your Pyramid of Light and lie on the crystal table. Say to yourself, "I forgive myself for any action, thought or deed, past, present or future, in this or any other reality, that has not been composed of the frequencies of Sacred Love. I forgive everyone I feel has treated me unjustly in this or any other lifetime and I return to them, wrapped in a bubble of love, all negative memories, impacted energies

and probable futures that we have created together. I ask the angels of forgiveness to permeate all Facets of my Being with the frequencies of Love/Light so that I may become a “Soul-focused and heart-centered” Bearer of Light and a Self-master.

Breathe deeply as you move into your Sacred Heart Center. Allow the pure Love/Light to pour down through you via your Higher Self. Feel the expansion in your heart center as this Divine elixir of love permeates the very depths of your Beingness. Sacred Love is what frees you from the shackles you have woven around yourselves, binding, restricting, entangling you in karmic interactions. When you deny this love, you are denying your heritage and your Divine birthright. Perform this exercise as often as necessary until you feel you have accepted the truth that you are worthy of forgiveness.

Forgiveness of Self, which facilitates a forgiveness of all others, is an integral step in the process of opening the portal to your Sacred Heart center. Remember, your Sacred Heart portal must be open in order to successfully connect with the higher Facets of your Soul Family.

You must be making a concerted effort to return to harmony and balance within your own Being in order to be ready to begin the exciting journey into unity consciousness. Your painful, unsatisfying earthly relationships are a result of inner feelings of unworthiness, guilt, fear of failure and rejection. The battle of the sexes is really an internal battle with Self, as you project your “needs, wants and desire” outward to someone else in hopes they can supply what is missing within.

Your relationships will surely reflect to you the negative energies you need to overcome, as well as some of the positive attributes you desire for yourself. Either can be painful or fulfilling, depending on the way you wish to “play the game of duality relationships.” Negative-based physical relationships are fear-based, rigid, self-absorbed and limiting. Sacred relationships are love-based and Spirit-inspired and allow each party to integrate and express the positive attributes of their intrinsic masculine and feminine nature. They focus on wholeness and unity and yet are flexible and allow freedom of expression.

As you lift your consciousness and return to harmony within, you radiate forth more refined frequency patterns and, therefore, you will attract to you those who are radiating and are comfortable with the same level of the Light spectrum. The reunification process entails rejoining multiple Facets and levels of your Soul family consisting of your earthly family, your solar, galactic and universal family and the many Facets of Self, including your Divine Twin Flame and then eventually, the wholeness of your I AM Presence.

Beloveds, won't you begin the process of forgiveness NOW, and make a concerted effort to open the portal of your Sacred Heart Center so that these wondrous gifts can be showered down upon you? Call on us and allow us to assist you. Remember, we are only a heartbeat and a thought away. We enfold you in sacred, unconditional love. I AM Archangel Michael.

Your major goal at this time is to return the frequency patterns of your personal Third- / Fourth-Dimensional reality to the originally designed, harmonious spectrum of Light and shadows. In doing so, your pendulum of consciousness will not swing so radically from positive to negative energy and your mental and emotional natures will become stabilized and centered once more. This is an important step in learning to live centered within your Sacred Heart and Sacred Mind. As you elevate your vibrational patterns, the higher frequencies of Light will gradually dissolve the many membranes of Light that restrict you

from accessing your higher consciousness. Once this occurs, you are well on your way to becoming a conscious, Soul-inspired Self-master. www.StarQuestMastery.com

<> ARE YOU READY TO TAKE A STAND? <>

Beloved masters, your greatest inborn desire is to return to full God-Consciousness; however, there is still much confusion as to how this is to be accomplished. Many of you are well on your way to becoming cocreative masters of Light once more. It is imperative that you remember: an integral part of your mission on Earth is to share your wisdom with others, after you have integrated and are actively living each new level of en-LIGHTEN-ed awareness. The collective consciousness of humankind within the Third-/Fourth-Dimensional environment perpetuates separateness, limitation, and fear, as well as a narrow-focused reality, a rigid outlook. People often have a self-righteous attitude toward beliefs which are in conflict with the popular accepted belief structure. For your better understanding, we will condense and recap some of the more important truths we have given you over the past years.

When you tap into the Cosmic Mind of your OverSoul / Higher Self, you begin to view the world and all situations from a higher vantage point; from a “we” perspective, instead of an “I” point-of-view, which is the beginning of Unity Consciousness. You gradually gain access to the storehouse of all possibilities within this Sub-Universe, which is innovative and limitless.

All of the Divine Light Substance of Creation that you can integrate and use is being offered to you. You are being given an opportunity to manifest anything you desire, from the smallest, simplest things to the most complex and magnificent as long as your intention is for the greatest good of all. Many are confused as to what you must do to prepare yourselves to reclaim this precious gift of Love/Light as cocreators on the earthly plane of existence.

In the process of awakening, you learn to turn inward in order to find the answers to the pain, fear, and emotional trauma that you have experienced in the past, and in the process you gradually become aware of what brings you peace and lasting joy. Through a new Soul-inspired awareness, you become an observer, as well as a participant in your everyday interactions with those around you. You begin to tap into your extra-sensory perception, which is vaster and more powerful than you can imagine, as you learn to pay attention to what thought forms you allow to infiltrate into your consciousness. Negative, fear-based

thoughts and emotions, projected or received through the solar plexus center, create distorted vibrations of chaos, a sense of futility, and a lack of faith in yourself or in others.

First of all, you must endeavor to add the magic elixir of love by accepting that you are worthy of love and then projecting the vibration of unconditional love to others – your world will begin to change for the better. It is important that you understand: You project or radiate vibrational patterns of a certain frequency, and you magnetize to yourself the vibrational frequencies that match those you have sent forth. Lift and harmonize the electromagnetic frequency patterns you project, and you will change your personal reality. It is as simple as that.

As you begin to take control of your life and learn that you are the Creator of your reality, one of the most important steps is to align your will with the Will of your Divine Self within this Sub-Universal experience. You are not surrendering anything; however, you are giving your Higher Self permission to take an active role in your life. You quickly learn that lasting success is based on honor, truth, integrity and pure intention, which are universal laws of the highest vibrations. Martyrdom and self-sacrifice are put aside as you learn that it is your birthright and your obligation to be an active, empowered cocreator of joy, peace, abundance, beauty and harmony, which are to be made available and enjoyed by all within your personal sphere of influence.

You will find that as you examine, change, or advance your beliefs of “Self,” it automatically begins to affect your relationships or attitude toward others. You stop allowing your emotions to control you by projecting your expectations to others via the push-pull solar plexus interactions. You also cease giving your power away to others in an effort to attain approval or love. You are now focused and project Love/Light energy from your Sacred Heart within Solar Power Center. And, even though you are aware of the thought forms and energy others project to you, you allow nothing lesser than the frequencies of unconditional love to take up residency within your auric field and your Solar Power Center.

As you reactivate the etheric Three-Fold Flame of Divine Will, Divine Love, and Divine Wisdom, which has always been in place over your Solar Power Center as your Shield of Divine Protection, you will, once more, have the assurance that all energies of a negative vibration will be transmuted before they are allowed to enter your force field.

Your Divine discontent will grow stronger, and it will inspire you to learn as much as you can about the workings of the Universe and the Divine Laws of Creation. You will seek to balance your emotional awareness of Spirit or of our Father/Mother God, with the wisdom and a greater understanding of the vastness and wonder of Creation. One of your greatest desires is to learn what part you are destined to play in this great ongoing drama of evolution and the ascension of humanity.

Through your conscious endeavors, you are gradually balancing your chakra system, the seven major energy and mind centers within the body, which contain the Creator’s seven virtues, attributes, and abilities for your solar system. This is so they will, once again, spin

truly and in harmony. This, in turn, opens and unifies the Seven Seals of Solar Consciousness, which allows access to the higher multi-dimensional chakra system and the five higher Rays of Galactic Consciousness.

You are preparing the way for a higher Soul-merge, whereby your Soul Self replaces the ego-desire body as director of your life's experience. This, in turn, allows integration of the multiple Facets your Higher Self, and eventually with your Divine I AM Presence. Humanity has always been connected to our Father/Mother God and the Supreme Creator; however, their energy has been vastly stepped-down through the many dimensions and the sub-level stages of consciousness. The miracle of these times is that the Earth and humanity are being bathed in and blessed with the greatest infusion of Divine Light ever experienced since this Sub-Universe and solar system were created.

Down through your many incarnations and the painful experiences you have suffered, you gradually placed protective shields around your heart and emotions and have often become rigid and inflexible in your thinking. "If you do not love too deeply or intently, you won't be hurt. If you do not care too much for others or expect too much, you won't be disappointed or rejected. If you do not take a chance, step out of your comfort zone or try something new, you will not fail." These are some of the standard viewpoints of those stuck within the Third-/Fourth-Dimensional illusion. Change is challenging and threatening, and it forces you to move into the unknown. Your current habits and beliefs are comfortable and safe, even if they do perpetuate a sense of separation, pain, and sorrow. You cannot integrate all the Facets of your God Self without changing or dissolving the emotional and mental filters you have placed both within and around your Essential Being. Your auric field, and the imperfections within your DNA, which you inherited through your ancestry, plainly display the shields, distortions, and protective layers you have woven around yourself.

We have spoken often about releasing and healing the core issues that keep welling up from deep within: the guilt, shame, unworthiness, sense of failure, and abandonment, which lead to depression, anger, fear, and hopelessness. As you move up the ladder of ascension, these core issues will no longer be denied. They will roil and bubble to the surface and they will get your attention in any way possible, whether it be mental, emotional, or physical symptoms and strife.

Dear hearts, we implore you, do not deny these feelings any longer. Consider them a gift and an opportunity to, once and for all, let go of all the emotional trauma that is keeping you tethered in a world of illusion and separation. As an observer, allow the feelings to rise to the surface. Through your intention, affirm that you are ready to release these dis-empowering emotions.

Go into your personal Pyramid of Light and Power in the Fifth Dimension and lie upon the crystal table. See the Violet Fire of Transmutation blazing up and around you, bathing, cleansing, transforming the thought forms and negative energies into pure crystalline Light. Then envision that transformed energy moving within your body and filling those vacancies with more crystalline Light substance. In this way, you are slowly but surely rebuilding your

radiant vessel of Light, which must be refined for each higher dimensional-level. Practice the Infinity Breath and use the Alpha Mastery techniques to assist you and to speed up the process of transformation and empowerment. These are wondrous tools; however, they serve no purpose if you do not take advantage of the gift.

It has become the norm or the current fashion to turn to others for knowledge, or for what you accept as your truth. However, this will quickly change as more and more of you tap into your own source of wisdom and the higher truths now available to all. Yes, it is true, there are those who have proceeded you along the path as Way Showers and trail blazers. They are the ones who have dedicated themselves to unselfishly serve humanity. Faithfully and diligently, they have traveled the narrow path of enlightenment, often uncertain as they traversed unknown territory. They have been judged, ridiculed and ostracized but they have steadfastly kept moving forward. Inspired by a burning desire from within, they have done all that was necessary to prepare themselves to be the messengers of the New Age. They have been instrumental in reestablishing the connections between humanity and the Beings of Light who reside within the Higher Realms of creation.

We honor them for their unselfish service and dedication; however, the time is swiftly approaching when each of you will be asked to tune-in to the frequencies of higher learning and expression. Also, it is important that you revive your innate ability to telepathically communicate with us so that you may gain direct access to the Cosmic Wisdom stored within the River of Life/Light. It is your birthright and a part of your ongoing initiation into the more exalted states of consciousness.

We implore you to seriously increase your effort to gain higher spiritual consciousness, no matter where you are on the scale of enlightened awareness. Begin by asking for assistance from your angelic helpers and guardians from the higher realms. Dare to solidify your dreams and your visions for the future by writing them down in a journal or on paper, so that you have a clear, concise plan before you. Align your vision with Divine Will and always seek the highest outcome. Treasure each day as a gift from the Creator and live each moment to the best of your ability. Always seek to see the best in yourself as well as in others. Be aware of the small gifts and miracles that occur around you every day. Feel the sun's warmth on your skin; breathe deeply of the fresh clean air, and focus on the beauty of nature, whether it is summer or winter. There are always things of beauty to inspire you, but you must look for them. As an observer, without judgment, review what you can change about yourself or do better. Begin with the small habits you would like to change, and as you grow in confidence, you will advance in wisdom, discipline, and strength, as you move on to greater accomplishments.

We implore you, do not worship us or see us above you. We are all Facets of the Creator, just as you are. We wish you to see us as your brothers and sisters on the Path, serving our Father/Mother God, just as you are. As the spiral of evolution turns, great change is inevitable, and we know that you are dismayed by what seems to be more and more chaos, conflict, and violence around the world. Again, we encourage you to focus on what is right in your world, and to add your gift of loving energy and your God Light to ours, so that we may

create greater and more far-reaching miracles for the highest good of the Earth and for all humanity.

The negativity, fear, greed, and struggle to gain supremacy over others seems to be increasing by leaps and bounds, and we tell you our brave warriors of peace, it is not a time to be faint of heart. Gird your spiritual armor around you, stand strong and connected to your Spark of Divinity stored within your Sacred Heart. We have overcome challenges and obstacles much greater than these, and we promise you, together, we shall prevail. You are loved beyond measure. I AM Archangel Michael.

DOWNLOADING YOUR NEW DIVINE BLUEPRINT

Beloved masters, never forget, your nearest and dearest friend should be yourself—your own Soul-consciousness. Within your Sacred Heart center you will find wisdom, compassion, patience, and most important of all, unlimited Sacred Love. From the beginning of the creative experience into density, all human life forms have been subjected to an ongoing, continuous series of revelations. A curious, inquiring mind was a built-in, intrinsic facet of human nature. The Earth is, once again, being prepared for a new, higher-evolutionary species of humanity. All of you, as StarSeed and world-servers, are encoded with Memory Seed Atoms giving you a burning desire to participate in the manifestation of this incredible dream of the future. Your personal goal is to become a Self-directed, Soul-inspired entity in the midst of the chaos and turmoil of the current, Third- / Fourth-Dimensional reality of today.

A new Divine Blueprint filled with advanced creative ideas beyond the wildest dreams of even the most brilliant, advanced minds of today is being beamed down via the powerful Rays of God-consciousness upon Earth and humanity from the Great Central Sun of this Sub-Universe. An advanced Soul, treading the narrow path of ascension, must learn how to absorb and integrate the three major God Rays of the coming Age, THE SPIRITUAL TRINITY, consisting of: DIVINE WILL / POWER * LOVE / INTUITION * INTELLIGENT, PURPOSEFUL ACTION.

Why not move into the center of the spiral of ascending consciousness, into the eye of duality and polarity — where all is calm and peaceful — filled with pure cosmic life force substance, Adamantine Particles, just waiting to be molded into your vision of the future? This very moment, as you move into your Sacred Heart Center, you can experience the profound love and compassion of our Father/Mother God and the Supreme Creator. Please accept this immutable truth: you are a treasured son or daughter on an important mission, and nothing you can say or do can diminish that love. It is time to dissolve the membranes of Light protecting your Sacred Mind and Sacred Heart which will give you access to the higher frequency Memory Seed Atoms of your Over Soul-Higher Self.

Too many of you are still carrying great burdens from the past. Mistakes you have made in this lifetime, and also many from past conditioning and buried memories of painful events or actions from all your previous lifetimes. Holding onto these memories or carrying the

burdens of inequity no longer serves you. It is time for you to allow us to help you heal the painful memories stored within your physical vessel and auric field. Just as we are clearing the distortions of the Third- /Fourth- Dimensional, collective-consciousness belief patterns; thereby bringing those dimensions back into their originally designed spectrum of duality. Fear is a primitive fight or flight emotion, which will hinder the expansion of your consciousness awareness. It is time to clear and reprogram the base, instinctual components of your lower-human nature.

It is important that you understand: even though you no longer remember your past errors or the thoughts and deeds that threw you off balance; until these negative thought forms are acknowledged and transmuted, those energies are still present within your cellular structure waiting to be rectified and returned to harmony within. Through your conscious awareness and by aligning your will with the Will of your Higher Self and our Mother/Father God, all that is not in harmony with the

frequencies of the higher Fourth/Fifth Dimensions is roiling up within to be healed and returned to the harmonics of peaceful coexistence, joy, and loving intention. This is the source of so much of the inner turmoil, challenges, and tests that you, the Self-aware seekers of Light, are experiencing.

We have stressed over and over again, one of the greatest challenges, yet one of the most important tasks to be accomplished in order to step onto the spiral of ascension, is to maintain a focused point of awareness within your Solar Power Center. In doing so, you will maintain an open passageway into the Sacred Heart; thereby allowing the Creator Light to flow freely to and from you. This, in turn, assists you to enhance and perfect your uniquely beautiful, harmonious Soul Song.

During these wondrous, yet trying, times, you are being given a grand opportunity to tap into the cosmic library, which holds the mysteries of this Sub-Universe. You, the StarSeed Souls, are gradually becoming equipped to tap into those sacred storehouses, Pyramids of Light, where the universal laws and wisdom of the ages are stored. In doing so, you will learn that you can traverse any height, surmount any obstacle, and your path of ascension will be revealed with certainty. You have never lost your divinity or your godly intelligence. It has only been in safe-keeping, awaiting the time when you would, once again, awaken to claim your birthright as a Divine child of our Mother/Father God.

Beloveds, we are asking you to focus on yourselves so you may become clear vessels for the refined frequencies of Light. You have the ability to become a conduit for the Adamantine Particles of Creator Light, which will permeate your physical vessel and flow out into the world of form. However, you must liberate the power of the Sacred Fire from within your physical vessel, the Kundalini Fire stored within your Root Chakra, while drawing forth a new supply via the great Sixth-Dimensional Cities of Light. The breath is the conductor of this vital Life Force energy.

You must learn to use and perfect the perfect rhythm of Sacred Breathing. The Infinity Breath is a vital component of the transformation process. Over the past years, we have added more important elements to the advanced techniques – which you must incorporate in order to develop and claim Self-mastery. It is vital information you are to integrate and then share with those on the Path behind you.

We ask you to envision the Violet Flame radiating up from beneath your feet and completely enfolding you in this vital energy of transmutation, which will speed up the process of transforming all impure substance within and around you, as well as giving you protection from outside, negative influences. As you evolve into a spiritual/human Being, you will become capable of more profound thought and complex concepts. You will also develop a greater capacity for deeper, more intense love.

When you have integrated the vibrational formula of abundance, and accepted it as your truth, it becomes a permanent part of your Energetic Signature. Thereafter, those frequency patterns of abundance will radiate forth, from the front and back portals of your Solar Power Center in an Infinity sign, thereby creating a constant flow of abundance in all good things.

Remember, in order to manifest your spiritual vision, you must define what you wish to create, and then clearly envision it. First of all, as a conscious cocreator, you should focus on manifesting a refined, evolved state of Being, and a harmonious quality of life. Therefore, you should seek an abundance of love, joy, peace, creativity, good health, compatible satisfying relationships, and so on. Seeking to incorporate the qualities, attributes and virtues of God Consciousness will assure success in creating all the material objects you require to live in comfort. You are learning to become one with the infinite flow of abundance, as you traverse the many levels and Dimensions of Creation. One of the most important concepts that you must accept as your truth is a crystal-clear awareness that you are the creator of the reality in which you will live now and in the future.

Many of you ask what your mission is in this lifetime, and we tell you, 'Your Soul's greatest desire is that you reclaim the many Facets of yourself so that you may, once again, be the wondrous master of cocreation that you were when you first embodied within the material planes. The ascension process is an on-going journey, not a destination. Each day, endeavor to make the highest choices—stay in the moment, for that is the only time you can access your God-power – not focusing on the past and not projecting into the future but seeking your highest potential in each and every moment. See the challenges in your life as opportunities as you learn to let go of old self-limiting ways. These are inalienable truths that you should instill within until they become an intrinsic part of your human-nature.'

This is a balancing lifetime for you, the StarSeed, whereby you are seeking to bring into harmony all the Facets of your Being. Deep within, you are aware of how important it is for you to honor and integrate your feminine nature, the gentle, intuitive, creative, and inward focused energies, as well as developing and using your masculine attributes. Strive to be strong, yet gentle, outward focused as you tap into the treasure house of wisdom within.

Your Divine nature will grow in strength and conscious expression as you learn to draw forth the wisdom of your Sacred Mind, OverLighted with the compassion of your Sacred Heart. You must learn to speak concisely, constructively, and confidently. Know that if you stay centered and focused within your Sacred Heart, the Universe must respond in a positive manner, and your success will be assured.

As you become attuned to the intuition of your Higher Self, you will begin to feel the God Light pulsating within your Sacred Heart, and you will begin to focus on the Spark of Creation within the Sacred Heart Center of every person you meet. It may be dim in many dear Souls, but it is still burning within, or they would not be alive. When you do so, you will automatically strive to practice non-judgment, and you will begin to see the positive nature within everyone.

We ask you to use discernment before taking anyone's teachings as your truth. Do not get hung up on theory or complex information. Take only that which resonates deep within, that which is loving, enlightening and expands your awareness. There are many half-truths in the teachings that are now being brought forth to humanity. Remember, you are the one who must create freedom, abundance, and empowerment in your life. No one else can do that for you. Discernment is a vital attribute for those on the path of ascension and enlightenment. Whatever you choose as your truth, you must integrate and apply in your life through focused intention and action. DISCERNMENT / HEART-CENTERED INTENTION / SOUL-FOCUSED ACTION result in positive manifestation.

No matter what station, circumstances, or level of awareness you assumed for this incarnation, deep within your Soul-self was a burning desire to integrate the multiple-level Facets of your Beingness. However, first they must be healed and harmonized so that they may be filled with the rarified Light of the higher realms. As you allow your Higher-Self to OverLight and guide you, more and more inspired thought will come to you. There are many ways to allow Spirit to manifest through you; just let it happen naturally, dear ones. What makes your heart smile and brings you a deep sense of satisfaction? How do you wish to serve? There are many ways, and you have many talents (more than you will acknowledge); however, the choice is always yours.

The mighty forces of the Angelic Kingdom, as well as a vast number of wondrous Beings of Light, are here to help you move through these times of evolution and great change with ease and grace. However, you must ask for our assistance, for we cannot infringe upon your free will. It is time to reclaim your rightful place as a Master of Light, and remember, as you integrate the knowledge of Spirit and illumined truth, it is vitally important that you go forth and share your wisdom.

Know that the tests and opportunities before you will bring rewards beyond anything you can imagine, so do not be afraid to step out of your comfort zone as you reach for the stars. Accept your cloak of radiant Light, for you have earned it. Follow your own path and do not fear being different from those around you. We will leave you with a few en-Lighten-ing

thoughts to assist you to stay focused upon the higher mental plane of awareness, with an overlay of loving intention. Your goal is to become Heart-centered and Soul-focused.

FEAR, HATE AND JUDGMENT DIVIDE. LOVE TRANSFORMS AND UNITES. You must learn to rise above the everyday stressful situations so that you may transform moments of discord into hours of serenity. Call on us and we will guide and assist you in every way possible. Be bold and steadfast, my brave warriors. Know that I am with you always. You are profoundly loved. I AM Archangel Michael. <><> Ronna Vezane / Sacred Scribe <> STAR*QUEST <> www.StarQuestMastery.com

<> NOTE FROM RONNA<>

DEAREST FRIENDS and SOUL FAMILY: Beginning in February 1992, every month, except one, I have channeled and sent out a message from Archangel Michael to the “public-at-large. This includes the SEDONA JOURNAL (this was even before the name was changed to SJE). In November, I will complete my 94th year around the sun and begin my 95th, which promises to be a “dozy.”

I have recently experienced an incredible “Rite of Passage,” and I have been instructed to “take a sabbatical” to prepare for and to integrate the next, higher level of Cosmic Truth. THIS WILL BE MY LAST SUBMISSION TO SJE for an undetermined period of time.

I am now receiving “advanced teachings” for those who are ready to answer a new CLARION CALL to become WORLD SERVERS and teachers of: “HOW TO TRAVERSE THE FINAL SUB-LEVELS OF THE FOURTH DIMENSION AND THE NULL ZONES OF TRANSITION IN PREPARATION TO ACCESS THE ENTRY LEVEL OF THE FIFTH DIMENSION.” There will be periodic notices on my website as to my progress.

I wish to thank and honor the SEDONA JOURNAL staff /friends/ Soul family and readers, for their support and dedication in “Spreading the Light of Truth” to humanity for so many years. Together we have and will make a difference. Love, angel blessings and big hugs to all. RONNA

<> THE GODDESS : THE FEMININE ASPECT OF THE CREATOR <>

Beloved masters, the Feminine qualities of the Creator or the Goddess Energy is the most predominant Force on Earth during this time of the Great Shift of the Ages. The Goddess is here to initiate the return to harmony; balance and harmony within all things, beginning with the balanced energies, attributes, qualities, and virtues of our Father/Mother God.

The middle path within the holographic thought form and the structure of polarity and duality is becoming more and more apparent. Many diverse Facets of Creation are moving deeper into the process of reunification. It is apparent at every level throughout the universe and especially on planet Earth. One of the most important facets within the “Shift of the Ages” is the return of the Divine Goddess and the reunification of the masculine and

feminine qualities and attributes of our Father/Mother God. The Universe is composed of millions of vibrational and frequency patterns, all of which originated from the heart / mind of the Supreme Creator. All that ever has been or ever will be is stored within the Core Essence of ALL-THAT-IS. When the Supreme Creator stirred and brought forth the desire to experience more of ITSELF, through the creative dynamics of manifestation, the first separation and individualized manifestation was the masculine/feminine, positive /negative; or the vibrations of opposites called polarity.

The Father/Mother energies came together again, which created a combustive or explosive force field and thereby created the son and daughter White Fire Memory Seed Atoms (or the SUN Aspects). This is the Sacred Triad, the triangle, the sacred three of esoteric teachings. The Father/Mother Creator energies expanded into twelve great Beings in our sub-universe. Our solar system resonates to the harmonics of seven; however, it is now in the process of returning to the Galactic harmonics of twelve.

The strongest force in the Omniverse is the LOVE FORCE which is radiated through the Essence of the feminine or GODDESS energy of the Creator. First, the masculine Essence of the Creator brings forth "SEEDS" of new creation within ITS mind, resulting in a Divine Blueprint which is then enfolded within the LOVE CORE or the emotional nature of the Goddess Essence. A wondrous and magnificent process is thereby initiated resulting in creations beyond your greatest imaginings. You, as humans, are one of those magnificent creations.

A wondrous time has come, a time for which we have long waited. Yes, you too have awaited the arrival of this blessed event even though you knew not what it was. The focus for many thousands of years has been on God as the Father, and you have sought to embody his dominant virtues and attributes: power, will, wisdom, truth and valor. Now it is time for the Goddess, your Mother God, to radiate the fullness of her love, compassion, creativity, and wisdom throughout this Sub-Universe. Every Facet of Creation is being touched and affected by this awesome gift.

Just as surely as you came forth into the world from the cradling warmth of your mother's womb, so did we all burst forth as Spirit from the womb of our Divine Mother God. From our Father God's Divine Mind Essence came White Fire Seed Atoms of creation, which were radiated forth into the heart center/core – the Cosmic Womb – of our Mother God's Being. Then through their unified desire, we were radiated forth into individualized consciousness — spiritual expressions of such great and complex variety, it is beyond comprehension.

We have explained to you, over these many past years, how the Rays of cosmic consciousness have changed colors as well as frequencies during each ROOT RACE AND SUB-ROOT RACE ERA / AGE -- how they have been increased or diminished in force depending on the new Divine Blueprint, what was needed at the time, or what was to be experienced and integrated within a certain era of humanity's passage through the many Ages.

You also have heard of the Golden Ray, which represents and carries the radiance, virtues, and attributes of our Father God; and of the Silver Ray, which radiates the reflective virtues of our Mother God. We tell you now, this Silver Ray is just a minuscule Facet of her awesome power and radiance. The new energy that is now pouring down upon the Earth and humanity has been called the Platinum Ray, the Diamond Ray, and the Crystalline Ray, but no matter what you call it, it cannot describe the magnificence of this miraculous gift that is being given to all Creation.

It is the memory of the perfect love of your Mother God, described by the ancients as the “Holy Spirit,” that you have yearned for and sought throughout these many ages, precious ones. A place within your heart center has ached – that could not be filled by anything or anyone in the physical expression. The time has come for that place to be filled to overflowing with her unconditional love, compassion, strength, and purity – all you have to do is remove the insulation from around your heart/Soul chamber – your Sacred Heart – and allow her radiance to enter.

I hear the whispers in your minds, beloveds, “But am I worthy?” We tell each and every one of you, yes, you are worthy — no reservations, no exceptions. Yes, the Universal Laws are enforced here as with everything, laws which will determine through your vibrational frequencies how much of this energy you will be able to integrate. But without exception, it is available to all, and eventually, a White Fire Seed Atom of this rarified love potion will be ignited within every heart, and in every corner and Facet of Creation. It cannot be otherwise, for it has always been there; however, it became diminished in radiance each time you sank deeper into the density of the material planes of consciousness.

You see, it is time for reunification at all levels, from the highest to the lowest; therefore, the attributes, aspects and virtues of the Mother Creator will be the dominant force in this Sub-Universe until a balance between your Divine masculine and feminine Nature is once more attained. Your DNA is encoded with Divine love, compassion, and creativity, as well as the strength, power, and the will to create, which were passed on to all sentient Beings by our spiritual parents. This is a vital component in attaining Unity Consciousness once more.

We have focused on and tried to explain why so many of you are experiencing distress, discomfort, and uncertainty, and yet, at other times a sense of great joy, wonder and expectation well up from within. Some are calling it the Light Workers’ syndrome, and this is an appropriate title. Here again, you cannot even begin to comprehend what is happening to you and your Earth, as well as this Sub-universe and the entire Universe.

You are mutating as your DNA strands are unbundled and activated, and your brain is slowly being refined and upgraded. You are also reconnecting to your cosmic lineage as you move along the skeins of time, back to the time when you separated from your Fifth-Dimensional Sacred Triad and began your journey into the density of the Fourth- / Third-dimensional realms of materiality.

Envision the column of Light that your spinal column has become or is becoming, and see it move down into the crystalline core of the Earth. Then observe the expanded sensation you feel as it extends out of your crown chakra until it connects with your Fifth-Dimensional Sacred Triad. Now envision other smaller beams projecting out horizontally from your column of Light as they touch and merge with individual Souls in physical embodiment — your Soul / Star family here on Earth with you.

These energy projections are not the same as those you extended to others in the past, in the Third-Dimensional expression. Those projections were attachments which were intended to control, possess, or siphon energy. The Rays of Light you are now projecting carry the virtues of unconditional love, compassion and unity.

Observe the Rays of energy you have projected, which are part of you, and the radiance you are reclaiming, as they connect with your Soul family on the earthly planes of consciousness, as well as with the masters, angelic Beings, and those with whom you have a great affinity. Yes, see your beam of Light connecting and merging with my energy, and with that of the other beloved archangels, as well as those of every great Being you know and recognize, and even some you do not remember.

The time will come when you will be ready to merge, in full consciousness, into the heart center of our Father/Mother God within this Sub-Universe. This will occur in the far distant future, but we assure you, it will happen. For now, allow yourselves to get used to the idea that you are becoming multidimensional Beings of Light.

You are projecting your essence, the unique Being you have become, into the realms of the higher inner-dimensions and out into the solar system and galaxy. You are following your own individual path homeward — journeying back through the past toward your glorious future.

Beloveds, when anyone speaks of a coming or predicted event in a negative way, why not give them another viewpoint, another possibility or probable future? Ask them to help us manifest the highest outcome so that you may experience this transition into the Light with joy, ease, and grace. It is a time of golden opportunities – do not miss out on the gifts that are being offered you. Know that I am with you as you expand into the Light and reclaim your rightful place as a beloved child of our Mother/Father God. I AM Archangel Michael.

PEARLS OF INSPIRATION:

<><> AS YOU PROGRESS ON THE PATH OF EN-LIGHTEN-MENT, YOUR RELATIONSHIPS WILL CHANGE, OFTEN DRAMATICALLY. THEY WILL NO LONGER BE BASED ON EMOTIONAL ATTACHMENT. YOU WILL NO LONGER TRY TO MANIPULATE PEOPLE EMOTIONALLY, AND YOU WILL NOT ALLOW PEOPLE TO MANIPULATE YOU. YOU CEASE TO PLAY THE EMOTIONAL CORD, PUSH-PULL DANCE, OF THE LOWER-DIMENSIONAL REALITY. THE HEART CHAKRA BECOMES THE DOMINANT FORCE BETWEEN THE FULL

SPECTRUM CHAKRA SYSTEM. YOU ARE IN THE PROCESS OF CREATING A UNIFIED FORCE FIELD OF HARMONIOUS ENERGY.

<><> ANY SOUL ON EARTH WHO HAS A DESIRE TO EARNESTLY PRAY TO GOD OR SEND LOVING ENERGY TO OTHERS, AUTOMATICALLY SENDS A FACET OF THEIR SOUL INTO THE FIFTH-DIMENSIONAL ETHERIC WORLD PYRAMID. IT IS A GATHERING PLACE OF ALL SOULS. YOU COULD CALL IT A CELESTIAL CATHEDRAL – A PLACE TO COMMUNE WITH OUR FATHER/MOTHER GOD, THE GREAT BEINGS OF LIGHT, AND THE ANGELIC FORCES. ALMOST EVERY SOUL ON EARTH HAS MOMENTS WHEREBY THEY FEEL OR RADIATE PURE UNCONDITIONAL LOVE TO SOMEONE. THAT “SPARK OF LOVE” BECOMES AN ETHERIC REPLICA OF THAT PERSON AND IT TAKES UP RESIDENCY WITHIN THE WORLD PYRAMID.

<><> THE WORLD PYRAMID IS A MID-WAY STATION FOR OUR SOUL-SELVES. OUR GOOD DEEDS ARE STORED WITHIN THE TREASURY OF LIGHT STOREHOUSE WITHIN THE WORLD PYRAMID. THERE IS A HARVESTING OF GOOD DEEDS EVERY YEAR, AND OUR LOVING THOUGHTS AND DEEDS ARE MAGNIFIED AND STORED THERE EVERY YEAR. THE GREATER PORTION IS MELDED WITH CREATOR LIGHT TO BE USED TO CREATE THE GREATEST GOOD FOR ALL HUMANITY. WE RECEIVE OUR SPECIAL GIFTS AND DIVINE DISPENSATIONS IN ACCORDANCE WITH WHAT WE HAVE CONTRIBUTED TO THE STOREHOUSE OF LIGHT.

RONNA VEZANE/ SACRED SCRIBE

<>SACRED SITE MEMORY SEED CRYSTAL ACTIVATORS

AND PRIME MEMORY SEED ACTIVATORS <>

Beloved masters, there are a great number of brave StarSeed Souls who are MEMORY SEED ACTIVATORS at many different vibrational-pattern levels. This is so that the Memory Seed Atoms, which contain the new Aquarian Divine Blueprint, may be activated within pre-designated crystalline structures in the great caverns deep within the Earth. Another part of the Memory Seed Activators' Aquarian Divine Blue Print mission is to assist in the task of activating the newly created Sacred Sites or the specific, predetermined Ley Line conjunctions upon the Earth's surface. This process has been designed so, at the appropriate time, the preprogrammed Memory Seed Atoms would be supplied to activate these Sacred Energy Centers. It is a part of the Aquarian Divine Blueprint; a core creative process designed to occur between humanity and the Earth. Each and all of the activations, which will initiate the necessary changes for the evolvement of the Earth and humanity, are a cooperative effort amongst Gaia, humanity and the Great Beings of Light, under the direction of our Mother/Father God.

You, as Light Workers, are considered caretakers of the Earth. You came here to be a part the great transition into a new Age of en-Lighten-ment. There are Memory Seed Activations that began, many years ago, within the mid-plane realms of the Fourth Dimension. This process could not begin until the vibrational frequencies of the Earth, and also a great number of human Souls, were attuned to the frequency patterns of the mid-Fourth Dimension.

As this transition, from the first four levels of the Fourth Dimension into the frequencies of the three higher planes of 4D occurred, there are many dear Souls who actually began to help activate the Violet Flames of transformation; along with some of the Memory Seed Atom frequency patterns of the New Divine Blueprint within the Earth. They also acted as the place holders during the early stages of the ascension process, by anchoring ASCENSION COLUMNS of Light at various locations around the planet.

So now we will move forward from there. As we have taught you in our past messages: The vibrational energies of the person who is doing the activation must have the Frequency Patterns that will trigger an activation of the stored Essence within the great crystalline

structures. We have explained that most of these activations are not “time activated,” but “event activated.”

However, be aware that there are different levels of the activation process. As people on the beginning Path began to move into the mid-Fourth Dimension, there were those who were led to take groups to the Sacred sites. That is the most popular way, and it is what you might say “The most basic form of energy activation of the Violet flame and of the Earth's crystalline energy.” However, remember, there is power in numbers, and those endeavors have greatly assisted the Mother Earth in the initial process of transmuting the energies from within: the decompression, the clearing of the great caverns and the labyrinths, and great portions of the negativity that has compressed and contaminated Gaia's Essence and her physical Being.

Now let us focus on those of you who are moving into and tapping into the Fifth-Dimensional frequencies and rarified environment. This is the more advanced phase of this Cosmic Earth / humanity Activation. So, as an example: one of the great energy sources is Mt. Shasta, CA and there is another energy vortex within Lake Tahoe, CA. There is an ancient portal – a Sacred Site – known as Grimes point in the Nevada USA desert. There are many places such as these around the Earth. Many of them now intersect, and many others were connected in past Ages. When one of these Cosmic Energy power centers is activated, it immediately begins to radiate the frequency patterns of Divine Light to the other predetermined components.

Thereby creating the triangles and geometric patterns that will assist each portal to move solidly into place or to integrate the higher frequency energy more quickly and in a more dynamic way.

What we wish impress upon you at this time is that the STARSEED – THE GEOMETRIC PATTERN HOLDERS of the new Divine Blueprint are now, personally, in the process of having their own PRIME MEMORY SEED ATOM more fully activated. This is so they may gradually be brought to their full potential. IT IS TIME! Due to the formidable negative events that are now occurring around the world, it is of vital importance that dramatic steps be taken to speed up the transition process, for the Earth and for all sentient Beings on Earth. Each person was or will be guided to specific locations in order to supply his or her particular portion of the Geometric Pattern of the future at that location. The Crystalline Memory Seed Atoms are activated when these Prime Activators go to each of these Sacred sites -- in a pre-programmed way and at a pre-designed frequency level – they activate a specific portion of the Divine Blueprint.

Then, over time, others will add their Seed Atom frequencies, and so the Memory Seed Atom crystals may begin to expand in Light Power and release more and more of the Divine Blueprint. It is like adding more programmed energy power. Or, “adding more electromagnetic wattage” to the source that is waiting to be activated. In addition, as each person transmits their programmed Memory Seed Atom energy to the Earth or to other Souls, and in turn, they will also receive the blessing of a Memory Seed Atom infusion or

energy activation. There must always be a mutual energy exchange; whether positive or negative.

There are many of these Sacred carriers, and their unique vibrational patterns coalesce and blend as they activate the different Sacred sites around the Earth. The events on Earth and within humanity have progressed so that the time has arrived for the Prime Event to take place. The Prime Event is now ready to be “PRIMED.” It is time for all of the activations around the Earth and within humanity to take place. So the PRIME ACTIVATORS are now going to be inspirationally guided to these places, in order to add the components they embody: Memory Seed Atoms to infuse the Earth with the higher frequencies of Creator Consciousness for the new Age of Aquarius.

This Sacred process can be accomplished from afar; it is not restricted to the person’s presence at the physical location. You do not have to be physically present at the site. However, it is much more powerful for the Sacred location and for you if you are physically there for the activation. It is something that we can easily guide and assist you in accomplishing – we can ease and open the way. That is part of the process – the Divine dispensations that are being allowed at this time – for those who have made a commitment within the very depths of their inner Being – for that is what it will take to successfully accomplish this important mission.

So as you are aware, many of you are being brought together, and many more of you are stepping up to claim and fulfill your Divine Mission. However, many have also fallen by the wayside. They are not to be condemned; their time will come at a future “Clarion Call.” There is always a brave Soul ready to take their place, for this process will not be denied. IT WILL BE COMPLETED! IT WILL SUCCESSFULLY TAKE PLACE!

This Divine Activation is beginning to grow in intensity and to swiftly coalesce. The higher, more powerful Rays of transformation are bombarding and infusing the Earth and humanity. It is of vital importance that this process begins to take place at this time. So the inspiration and the Divine discontent that many of you feel are because your Path of Destiny is calling: THE TIME IS NOW

So be patient, beloveds and allow your future to unfold gradually. You will be astounded as everything begins to fall into place. You have earned this Divine dispensation. Because of the radiance that you are now projecting out onto the world, you have earned it. The time that has been long foretold is upon you, and you shall prevail. You have proven that you are tried-and-true. You are much beloved. I AM Archangel Michael.

<>EARTH TIME AND HIGHER-DIMENSIONAL “NO TIME” <>

RONNA:

Earth-time and higher-dimensional no-time consists of programmed Memory Seed Atoms of a broad range of “frequency patterns” and “frequency, sequences of events.”

There is a premise that everything is happening simultaneously in the “NOW” moment. From a human perspective, how can that be possible? If this is true, then we must be living all of our lives, simultaneously, via a vast number of separate holograms throughout the cosmos.

At this time, we will focus only on this sub-universal experience, and our earthly Third/Fourth -Dimensional environment; along with our earthly lives within the seven, and eventually, the twelve planes of consciousness within this sub-universe. In the far distant future, we will experience solar system ascension, then galactic and sub-universal ascension and so on.

Time, as we know it, exists only within the Third and Fourth Dimensions of our physical reality world of duality and polarity. We are living in a dense, time-space continuum or reality consisting of the First through the Fourth Dimensions and sub-dimensions; with each dimension having multiple levels of COMPLEX FREQUENCY PATTERNS OR FREQUENCY SEQUENCES OF EVENTS.

The lower the density, the more solid (dense) material objects and our physical vessels become. It takes longer and a much more focused effort and energy to manifest our visions. We have entered a new era. We are experiencing a phenomenon, whereby it seems that time is dramatically speeding up. The reason why is this: The higher the frequency patterns are, the faster the creative process speeds up and manifests. The frequency / vibrational patterns become more and more refined. Physical and material mass becomes less dense: It very gradually becomes more “ethereal, delicate, Light-infused and spiritual.”

Beginning with the Fifth Dimension and in all succeeding higher-dimensional and sub - dimensional levels; each higher sub-plane consists of much higher (more refined) vibrational patterns. The higher the Memory Seed Atom frequency patterns are, the less dense material objects and our physical vessels become. (Not necessarily in physical mass, but in frequency patterns of Divine Light).

Therefore, within the highest realms of the universe and beyond, the process of manifestation is instantaneous, which creates the reality that everything is happening “simultaneously.” There is “NO TIME!”

All creation consists of “Supreme Creator inspired,” programmed, White Fire Memory Seed Atoms of a broad range of frequency patterns and frequency sequences of events, which has resulted in a vast number of holographic universes, sub-universes and so on, throughout the cosmos.

We exist in a Cosmic Hologram which contains an immeasurable number and variety of Holograms. It consists of a perfect Divine Blueprint created by the Supreme Creator, which was destined to be repeated at every level and dimension throughout manifested Creation.

A HOLOGRAM could be described as “A sphere or geometric pattern having a Divine Blueprint of Creation of any size, shape or dimension, which is self-contained and all-inclusive within itself. Membranes of Creator Light surround each Hologram, separating each Holographic Blueprint from other individualized Creations.”

OUR BIRTH HOLOGRAM contains our Divine Blueprint for each lifetime. We are also affected by seven generations of ancestral past lives; both positively and negatively. The highlights of all our past lives experiences are stored within Etheric Holograms: Memory Seed Atoms within our DNA.

OUR ADULT HOME and CURRENT FAMILY HOLOGRAM: In marriage or intimate partnerships, we are subject to and

influenced by the other person’s personal holographic environment. Our partner’s holographic environment is also influenced by ours. We are also influenced by the Divine Blueprint and frequency patterns of all the Holograms within this sub-universal Hologram, dependent upon the frequency patterns of our current Soul Song. As we balance and harmonize any negative frequency patterns contained in each Hologram, we gradually move upward into the higher frequencies contained within that particular Hologram, until we reach the highest “Frequency Patterns” therein.

Within our personal Divine Blueprint Hologram for this lifetime, we then move into the next Higher Frequency Hologram to continue our passage throughout the Fourth Dimensional Sub-Planes. Our goal is to ultimately rejoin our Sacred Triad within the entry Sub-Plane level of the Fifth Dimension. This is the TIME we have been waiting for. Angel Blessings, Ronna

<> NOTE FROM RONNA<>

DEAREST FRIENDS and SOUL FAMILY: Beginning in February 1992, every month, except one, I have channeled and sent out a message from Archangel Michael to the general public.

In November, I will complete my 94th year around the sun and begin my 95th, which promises to be a “dozy.” I now have to limit my time on the computer because of my “eyesight,” which is still fairly good. However, I can no longer spend six to eight hours a day on the computer. I still work in my home office five to seven hours a day and will do so as long as I am able to do so.

ALL OF THE MESSAGES IN ARCHANGEL MICHAEL’S BOOKS OF WISDOM TEACHINGS ARE NOW ON YOUTUBE IN BOTH NARRATED FORM, ALONG WITH THE GEMS OF WISDOM VIDEOS BY ME AND RANDY – A TOTAL OF OVER 650 PRESENTATIONS. “OUR GIFT TO THE WORLD!”

I have recently experienced an incredible “Rite of Passage,” and I have been instructed to “take a sabbatical” to prepare for and to integrate the next, higher level of Cosmic Truth. I am now receiving “advanced teachings” for those who are ready to answer a new CLARION CALL to become WORLD SERVERS and teachers of: “HOW TO TRAVERSE THE FINAL SUB-LEVELS OF THE FOURTH DIMENSION AND THE NULL ZONES OF TRANSITION IN PREPARATION TO ACCESS THE ENTRY LEVEL OF THE FIFTH DIMENSION.” WHEN I BEGIN POSTING THE NEXT LEVEL OF TEACHINGS, THE MESSAGES WILL BE FROM ARCHANGEL MICHAEL/LADY FAITH AND THE ASCENDED MASTERS COSMIC COUNCIL OF TWELVE.

NEW NOTICE: ARCHANGEL MICHAEL’S “MONTHLY MESSAGE SUBSCRIPTIONS” BY US POSTAL SERVICE.

Presently, we will continue posting monthly messages for an “UNDETERMINED TIME;” HOWEVER, WE WILL NOT BE ACCEPTING ANY NEW SUBSCRIPTIONS. If and when we discontinue mailing the monthly messages, we will E-mail each of you, who have a plus-balance on your paid MAILED SUBSCRIPTION, the CREDIT AMOUNT due to you. You may either choose to “donate the remainder” to Star Quest; or you may order something on our Website: www.StarQuestMastery.com <> Either an E-Download book or various types of E-Lessons; or if you wish a product that has to be mailed, we request you send us an E-mail and we will give you the cost of the product, plus postage.

ALSO, IF YOU HAVE SIGNED-UP ON PAYPAL FOR “AUTOMATIC RENEWAL, YOU WILL HAVE TO CANCEL THAT OPTION. WE CANNOT DO IT FOR YOU. <> I wish to thank and honor all of my dear friends, my extended Soul family, and my readers, for their support and dedication in “Spreading the Light of Truth” to humanity for so many years. Together we have and will make a difference. Love, angel blessings and big hugs to all. RONNA

RONNA VEZANE / SACRED SCRIBE \\\

ARE YOU READY TO BECOME A “DIVINELY INSPIRED HUMAN BEING?”

EVOLUTION OF THE EARTH <> FIRST THROUGH FOURTH DIMENSIONS

EVOLUTION OF THE SOLAR SYSTEM <> FIFTH AND MID-SIXTH
DIMENSIONS

EVOLUTION OF THE GALAXY <> SIXTH AND MID-SEVENTH DIMENSIONS

Beloved masters, HUMANITY IS COMING OF AGE. Our Father/Mother God’s greatest desire is to see all Facets of their “Beingness” return to Self-mastery so they may enjoy the love, peace, joy, and abundance that is every Soul’s Divine Birthright. There will always be help available from the great Beings of Light, and the angelic realm will always answer calls or pleas for assistance. However, there are immutable Universal Laws that must be adhered to, and it must be each person’s choice as to which path they will follow: the Path of Light or the path of shadows.

You, the StarSeed, who have balanced and harmonized the vibrational patterns of your four lower bodily systems, so that your Soul Song is resonating to the Fourth sub-plane of the Fourth Dimension and higher, are now beginning to access the HIGHER FREQUENCY RAYS OF THE GOLDEN AGE OF THE FUTURE. There is a new Divine Blueprint for this Sub-Universe and for each person who is ready to don a shining cloak of many colors – a refined auric field of Light – signifying a readiness to receive the virtues, qualities, talents, abilities and aspects of the New Age. These wondrous gifts are programmed within the Adamantine Particles of Creator Light, and they are now available to those of you who have attained the required level of Self-Mastery.

Adamantine Particles of Creator Light are complete Facets of Creator Consciousness ready to be activated, programmed and manifested into new, unlimited creative endeavors. At the initiation of each subsequent plan for a new creative project, the Adamantine Particles are encoded with the Divine Blueprint for that plan. These Blueprint Adamantine Particles are then sent forth, in great Rays of unlimited potential by the Father/Mother God who received the command from the Supreme Creator, for the new project that is to be manifested in the

material realms. The Seed thoughts of the Divine Father, which are then radiated forth from the Cosmic Womb of the Divine Mother, are known as ESSENCE GENES.

You have individual holograms within your DNA structure, which contain all your ancestral lineage and experiences within the multi-dimensions you have ever experienced throughout the many Ages. You, the StarSeed, are now in a state of preparation which will condition your current four bodily systems to receive the appropriate, refined Essence Genes, along with your new Divine Mission. The powerful, higher-frequency Rays, which are now bombarding the Earth and humanity, contain the Creator Essence Cells for the Divine Blueprint of the New Golden Age. They are being RAY-diated throughout the Earth and to humanity via the great shining vessels of the Elohim and the Archangelic realm. These vibrational frequencies are appropriately stepped down at every sub-level of every dimension. If this were not so, all material manifestations, including humanity, would burn up from the Electromagnetic power/intensity of the Sacred Fire Energy.

The SACRED WHITE COSMIC FIRE, Adamantine Particles, that you magnetize to you as an awakened Self-master must continually circulate. Only a certain amount – that which is appropriate for each Soul to integrate at their current level of en-Lighten-ment – can be stored within the physical vessel; the balance must be RAY-diated out into the world of form. The Supreme Creator is composed of infinite, indefinable Essence Power, which is so overwhelming that you cannot even imagine ITS magnitude. That wondrous Essence Power has been reduced within every dimensional level of Creation so that you, the Star Seed cocreators, may claim your portion of this magnificent, potential power.

Old regulations, guidelines, as well as many well-established institutions and some religious organizations no longer have the best interests of the people as their main focus; therefore, many are falling by the wayside. Fragmentation of almost all racial, cultural, social and political boundaries within the Third- / Fourth-Dimensional paradigm are crumbling or are being challenged. The consciousness of humanity is on the rise, and nothing can stop the forward momentum. All must follow the flow of expanded awareness or fall into the trap of inertia and chaos. That is why the masses – those who are still stuck in the illusion and the vibrational frequencies of the imbalanced Third- and lower-Fourth Dimensions – are feeling as if they have lost their way. Nothing is working as it did in the past, and there seems to be no hope for the future.

Fortunately, more and more people are awakening to the process of turning inward in order to gain a heightened sense of Self-awareness, which ultimately leads to a desire for higher Soul-consciousness via the energies of Divine discontent. Every cultural group, every race and every country on Earth are seeking direction or a higher philosophical path to follow. This phenomenon is due to the fact that the Seven Rays of God Consciousness for your Earth, which contained the Divine Blueprint for the Piscean Age, have now been completely withdrawn, and have been replaced with the higher frequency, more-refined twelve Rays of galactic consciousness for the Aquarian Age.

In the beginning stages of awakening, before a major Soul merge takes place within a person, there can be no interference from the higher realms due to the Divine gift of free will, which ultimately became a gift with great and burdensome consequences. However, when a person attains an energetic signature that resonates with the higher frequencies of the mid-Fourth Dimension and above, and he or she is ready to affirm: "Thy will be done. I ask for my greatest good and the highest outcome for all." This sincere affirmation aligns the personal will with the Will of the Higher Self and the new Divine Blueprint for the Earth. As a result, a magical path of Light begins to unfold to a reconnection with the Fifth-Dimensional, Sacred Triad via person's personal column of Love/Light/Life.

This Pathway of Light, often called the River of Life, leads to an authentic Essence Consciousness, whereby each person who reaches the required level of consciousness will begin to receive his or her special portion of encoded crystalline Seed Atoms for their new galactic or Sub-Universal Divine Blueprint and Mission. These new Memory Seed Atoms will also contain the advanced wisdom, talents, attributes, and qualities necessary to qualify as a participant in the early-stage, creative process for the new, expanded Golden Galaxy of the future.

The process of evolution is changing – the bodily structure of all humanity will gradually be refined and upgraded. There will be guidance and directions supplied to those who have attuned to their Sacred Heart and Sacred Mind, and who have placed their personal will under the command of Divine Will.

Heretofore, the masses have lived in a world of veiled, illusional awareness, and they are now facing a future that feels much like a ship that has been cast into a stormy sea without a rudder. That is because the Primal Life Force energy that has been available to all humanity over the past age is no longer filled with God Seeds of great potential from within the old Divine Blueprint for this Sub-Universe. The masses will still receive the vibrational patterns they need to maintain the status quo. We assure you that the loving energy of our Father/Mother God and the Beings of Light will always be available to humanity; however, in order to tap into the new Divine Blueprint that is awaiting each Soul, there must be an attunement to at least the mid-Fourth-Dimensional frequencies of Light.

Each human Being contains hundreds of potential personality traits, which have been stored within the genetic structure of his or her four bodily systems (physical, mental, emotional and etheric). It is up to each person to determine which personality traits he or she will develop and present to the outside world. The faster you neutralize or harmonize your negative personality traits, the more quickly your godly potential or master-Self will emerge. Only then will you gain access to your full potential as a cocreative master within the physical planes of existence.

Your planet is now plugged directly into the heart-core of the Great Central Sun within the Milky Way Galaxy. The new cosmic waves of Creator Light are a great gift to the awakened Souls on planet Earth. Even though these refined, higher-frequency Rays are not being beamed down directly into the lower Fourth- and Third Sub-Dimensional levels, the

transforming frequencies of Light will gradually filter into and affect everyone and everything on and within the Earth.

Earth scientists have announced that a hydrogen wall barrier has been discovered at the edge of this solar system. These are the membranes of Light that we have spoken of in the past. Science and spirituality are validating and merging many conceptual teachings and theories of the past as more human Beings tap into the resources of the Sacred Mind.

As a result of its alignment with the Galactic Center and attunement with the Great Central Sun of the Galaxy, the Earth is in the process of raising its frequency patterns – its Soul Song – so it may return to its status as a Sacred Planet. This Sub-Universe is also being upgraded in vibrational frequencies as a result of being bombarded with the Adamantine Particles of Creator Light via our universal Father/Mother God.

The Milky Way Galaxy is also divided into twelve sectors, just as the Universe is divided into Sub-Universal sectors. Each sector within the Galaxy has a governing Council of Twelve and Twenty-four; with many lessor Councils of Light overseeing and assisting the “multi-level frequency, groups of humanity”. Hopefully, you are gaining a better understanding as to the importance of the numbers 12 and 144, for these numbers apply to many Facets of Creation throughout this Sub-Universe.

Your encodings of awareness are constantly being modified by your positive or negative thoughts, intentions and actions. You are being presented with tests of tolerance, benevolence, humility and patience, and your cultural views are being challenged as well. Each and every day the Seed thoughts, which contain the negative frequency patterns of these aspects, will shrivel and disappear when you stop feeding them energy.

We have taught you to become “a living meditation” whereby you are able to function efficiently in your earthly environment while maintaining a balanced Alpha State of consciousness. The next step is to endeavor to live in a constant state of joy, compassion and gratitude, thereby becoming a “living prayer:” a dynamic forcefield of radiating Divine Love/Light. As you become more proficient as cocreators on the earthly plane, you must constantly monitor your energy patterns and seek to upgrade them. You must strive for sustained harmony and refined godly expression. You must liberate the power of the Sacred Fire within, which for most, has lain dormant for many thousands of years.

You should strive to direct and focus your energy into the areas of your life you wish to change. By establishing and constantly upgrading your Creator Wheel of Life, you are planting the Seeds of focused change, and you will be supplied with the Sacred Fire of Creation needed to manifest what you have envisioned. Your major goal must be to gain Self-mastery while in the physical vessel. When your endeavors are directed toward the highest good for all humankind, a special dispensation is given, and a greater measure of Creator Light will be made available to you.

Imagine, dear ones, how it would feel to have access to an unlimited supply of Divine Creator Essence. Envision yourself as a great energy vortex, pulsating with power, sending

out great Rays of luminous color, radiating waves of energy and creating any and everything your Soul Self can envision. Sense how you would feel as the energies you project swirl and solidify, as structure and form become discernible, beautiful, and unique beyond measure — your creations — through the power of your thoughts, love, emotions, and inspired imagination. We are endeavoring to help you understand why you and the Earth are so important during these chaotic times on your planet. In this galactic experience, the Earth is the place to be during this extraordinary period of evolution of the species and expansion of this Sub-Universe.

Build your vision, my brave and faithful Ones. Start within your own Sacred Heart center and reclaim that power and magnificence that is your Divine heritage. Then, begin to radiate that power and perfection into your physical vessel and outwardly into your world: your relationships, your work place, community, country, and world. Allow all that no longer serves you to continue on its path of limitation or to join you in the realm of higher frequencies of unlimited potential via the process of transmutation. The path toward the Light and the path spiraling further into darkness, have now come to a distinct point of separation. You are being forced to face, once and for all, the residual shadows of Self — all the imbalances and restrictions that are holding you back from fully empowered Self-realization.

Being a Self-master is not for the timid or weak of heart, dear ones. Accept my Sword of Light, which is encoded with the DIVINE WILL POWER of our Father God and accept a shining CHALICE OF LOVE/LIGHT from our beloved Mother God, as we go bravely forward into the dawning of the new AGE. I am ever near to guide, direct, inspire and protect you. I AM Archangel Michael. Copyright: 2022 RONNA VEZANE <>STAR*QUEST<>

THE ELOHIM, ARCHANGELS AND DRAGONS©

BEARERS AND CONVEYERS OF THE NEW DIVINE BLUEPRINT SEED ATOMS

ARCHANGEL MICHAEL ** RONNA / SACRED SCRIBE

8 x 11 LAMINATED COLORED ILLUSTRATION **WITH A COMPREHENSIVE EXPLANATION

Within our galaxy, there is a new Divine Blueprint created for each Age. This cocreative process involves our FATHER/MOTHER GOD, THE ELOHIM (Builders of Form), the ARCHANGELS, DRAGONS, the DEVIC and ELEMENTAL KINGDOMS, and HUMANITY. Finally, we have been given a clear picture of the process of cocreation within the material realms of consciousness. Yes, dragons are real, and I have been shown what these great, magnificent Beings truly look like in the higher realms. *STAR*QUEST* ** www.StarQuestMastery.com

WHISPERS OF SPIRIT© **THE GOLDEN RULES OF ASCENSION**

WISDOM TEACHINGS FROM ARCHANGEL MICHAEL

RONNA VEZANE ** SACRED SCRIBE

LISTENING TO THE WHISPERINGS OF YOUR OVERSOUL / HIGHER SELF

Your major goal at this time is to return the frequency patterns of your personal Third- / Fourth-Dimensional reality to the originally designed, harmonious spectrum of Light and shadows. In doing so, your pendulum of consciousness will not swing so radically from positive to negative energy and your mental and emotional natures will become stabilized and centered once more. This is an important step in learning to live centered within your Sacred Heart and Sacred Mind. As you elevate your vibrational patterns, the higher frequencies of Light will gradually dissolve the many membranes of Light that restrict you from accessing your higher consciousness. Once this occurs, you are well on your way to becoming a conscious, Soul-inspired Self-master.
